Continuation of regular board meeting held July 11, 2005

High School End-of-Year Report	Principal Jim DePue concluded his remarks begun at the goal-setting workshop June 17. Changing the culture of high schools to increase student achievement has become a statewide issue. Discussion ensued.
Reading Recovery and Title I Reading Report	Principal Carole Reindl presented the Reading Recovery and Title I reports. A high success rate this year for students in Reading Recovery was noted. The longitudinal study of Reading Recovery students served in first grade that are now in fifth grade also shows a high degree of success. Two special education teachers were trained in Reading Recovery this year because the techniques are so beneficial to struggling readers; ADM is one of only two school districts in Iowa to begin training special education teachers in Reading Recovery to help students. In addition, nearly half of the Title I reading students were able to discontinue services because of achievement gains this year. Principal Reindl remarked that the excellent teachers in the ADM elementary schools are using strategies that are helping students become good readers.
Continue Discussion on District Goals	Superintendent recommended dropping two of the short-range goals that have been accomplished and updating the language of two others. The list of goals submitted by the teachers on the Instructional Leadership Team and administrators was reviewed. District goals will be finalized at the August Board meeting.
Administrative Reports	<p>Superintendent announced approval of an open enrollment request for Philip Hlas from Waukee to ADM for 2005-06.</p> <p>The 2004-05 district student attendance report showing a 96.15% rate was presented.</p> <p>The AEA Profile of Services was available for review.</p> <p>Board consensus favored renting some space to the AEA at the Minburn Elementary for a short-term period if requested.</p> <p>Superintendent announced the successful negotiation of a \$23,000 rebate from MidAmerican Energy for the new direct digital control system for energy management for the new 8-9 building and high school.</p>
Adjournment	<p>It was moved by James, seconded by Roby, to adjourn. The motion carried unanimously and the meeting was adjourned by President Weems at 9:05 p.m.</p> <p>Minutes approved as <u>presented</u></p> <p><u>08/08/05</u></p> <p>Dated</p>
