

LEA Plan for Safe Return to In-Person Instruction and Continuity of Service Pursuant to the Federal American Rescue Plan Act, Section 2001(i)

Introduction and Background

As announced in the New Jersey Department of Education (NJDOE)'s [April 28, 2021 broadcast](#), in March 2021 President Biden signed the Federal [American Rescue Plan \(ARP\) Act](#), Public Law 117-2, into law. The ARP Act provides an additional \$122 billion in Elementary and Secondary School Emergency Relief (ARP ESSER) to States and school districts to help safely reopen, sustain the safe operation of schools, and address the impacts of the COVID-19 pandemic on the nation's students. As with the previous ESSER funds available under the Coronavirus Aid, Relief and Economic Security (CARES) Act, and the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA), the purpose of the additional funding is to support local educational agencies (LEAs) in preparing for and responding to the impacts of COVID-19 on educators, students, and families. Additional information on ARP ESSER may be found in the NJDOE's [funding comparison fact sheet](#).

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, no later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools (Safe Return Plan). A Safe Return Plan is required of all fund recipients, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the Safe Return Plan and take those comments into account in finalization of the Safe Return Plan. Under the interim final requirements published in [Volume 86, No. 76 of the Federal Register](#) by the U.S. Department of Education (USDE), an LEA must periodically, but no less frequently than every six months through September 30, 2023, review and, as appropriate, revise its Safe Return Plan. Pursuant to those requirements, **LEAs must submit to the NJDOE and post on their website their Safe Return Plans by June 24, 2021**. The NJDOE intends to make LEA ARP ESSER Fund applications available in EWEG on May 24, 2021 and LEAs will submit their Safe Return Plans to the NJDOE via EWEG. To assist LEAs with the development of their Safe Return Plans, the NJDOE is providing the following template.

This template incorporates the federally-required components of the Safe Return Plan. The questions in the template below will be included in the LEA ARP ESSER Fund application in EWEG. LEAs will submit responses to the questions within the LEA ARP ESSER Fund application in EWEG by June 24, 2021. The NJDOE hopes that this template will allow LEAs to effectively plan for that submission and to easily post the information to their websites as required by the ARP Act.

Note that on May 17, 2021, Governor Murphy [announced](#) that upon the conclusion of the 2020-2021 school year, portions of Executive Order 175 allowing remote learning will be rescinded, meaning that schools will be required to provide full-day, in-person instruction, as they were prior to the

COVID-19 Public Health Emergency. The NJDOE and New Jersey Department of Health will share additional information regarding State requirements or guidance for health and safety protocols for the 2021-2022 school year as it becomes available.

Template: LEA Plan for Safe Return to In-Person Instruction and Continuity of Services

LEA Name: Allendale School district

Date (01/08/2022):

Date Revised (06/15/2022):

1. Maintaining Health and Safety

The plan is for a full return to in person instruction for September 2021 per the most recent guidance released by the Governor. Currently, the District is required to comply with the CDC and NJDOE/NJDOH guidelines. At the present time, this means all students, full day with no cohorts. The Allendale School District is prepared to open under these requirements, but will continue to monitor updated guidance and Executive orders as they are released. Updated guidance will be included in future versions of this plan and released to the public in a timely manner.

For each mitigation strategy listed below (A–H), please describe how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policies, on each of the following safety recommendations established by the CDC.

1. Universal and correct wearing of masks

The District will follow all guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County of Health. In the case of discrepancy, the District will consult local health officials and professionals from the Re-Entry Committee.

- All buildings will have signage/picture displays modeling proper mask wearing.
- Wash your hands or use hand sanitizer before putting on your mask.
- Put the mask over your nose and mouth and secure it under your chin.
- Fit the mask snugly against the sides of your face, slipping the loops over your ears or tying the strings behind your head.
- If you have to continually adjust your mask, it doesn't fit properly, and you might need to find a different mask type or brand.
- Make sure you can breathe easily.

- Extra masks will be available; School Nurses will provide a refresher to all students/staff as needed.
- Updates to this plan may change as new information, mandates, or situations arise.

2. Physical distancing (e.g., including use of cohorts/podding)

The District will follow all guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County of Health. In the case of discrepancy, the District will consult local health officials and professionals from the Re-Entry Committee.

- At this time, the District is providing live instruction for students, based upon the most recent guidance from the Governor's Office, NJDOE and NJDOH.
- Students and staff will maintain physical distances mandated by the NJ Department of Education, NJ Department of Health (NJ CALI Score), and the Bergen County of Health as necessary. In the case of discrepancy, the district will consult local health professionals from the Re-entry Committee. All school classroom educational opportunities have returned to normal.
- Updates to this plan may change as new information, mandates, or situations arise.

3. Handwashing and respiratory etiquette

The District will follow all guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County of Health. In the case of discrepancy, the District will consult local health officials and professionals from the Re-Entry Committee.

- Students and staff will have access to wash hands frequently.
- Hand cleaner/sanitizer stations have been installed in each classroom and in common areas to facilitate hand washing.
- Cleaning will occur via bathrooms, sinks in rooms, and hand sanitizer stations.
- Students and staff will receive instruction from the school nurses on hand washing and respiratory etiquette.
- Updates to this plan may change as new information, mandates, or situations arise.

4. Cleaning and maintaining healthy facilities, including improving ventilation

The District will follow all guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County Health. In the case of discrepancy, the District will consult local health officials and professionals from the Re-Entry Committee.

- Cleaning Schedules: 8:30 AM - 3:30 PM: Wipe down bathroom facilities, high touch points and common areas 3:45PM
- 11:00 PM: Deep cleaning all surface areas/rooms, full cleaning of all bathrooms/common areas.
- Disinfecting Schedule: 3:45PM - 11:00PM: Electrostatic Sprayers, Hydroxyl Generators, UV Lighting
- Sanitizing will take place should a COVID outbreak occur, and will be governed by Federal and State protocols in place at that time.
- The District's HVAC system uses MERV 11 filters. All rooms that house students and staff have operable windows to further facilitate ventilation.
- Updates to this plan may change as new information, mandates or situations arise.

5. Contact tracing in combination with isolation and quarantine, in collaboration with the State, local, territorial, or Tribal health departments

The District will follow guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County Health. In the case of discrepancy, the district will consult local health officials & professionals from the Re-Entry Committee.

- When a student/staff member presents to the health office with infectious disease symptoms(Temp above 100.0, cough, sore throat, shortness of breath, loss of taste or smell, chills, muscle aches,) they will be evaluated/triaged and isolated as needed.
- District nurses will remain in constant communication with the Allendale Health President.
- Internal documents maintain records of contact tracing.
- Nurses and principals trained in best practices for contact tracing; parents updated by school officials, District by the Superintendent.
- Areas of contact will be disinfected by the school nurse/and or custodian before future use.

- Updates to this plan may change as new information, mandates, or situations arise.

6. Diagnostic and screening testing

The District will follow all guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County of Health. In the case of discrepancy, the district will consult local health officials and professionals from the Re-Entry Committee.

- The District will utilize its standardized screening process for all students and staff.
- Diagnostic testing will be completed through referral to outside testing sites, private medical practitioners, and the Bergen County Department of Health.
- Updates to this plan may change as new information, mandates, or situations arise.

7. Efforts to provide vaccinations to educators, other staff, and students, if eligible

The District has and will continue to keep all members of the school community informed. The District had a strong vaccine campaign.

- 97% of staff are vaccinated. Student vaccination rates are strong. Updates sent to parents via the school superintendent and nurses.
- A resident, who is the Director of Pediatric Emergency Medicine for a tri-state area hospital, presented to parents on vaccines, their efficacy, and safety to help inform our school community. He is available at all times for questions and presentations as a liaison to the parent community.

8. Appropriate accommodations for children with disabilities with respect to the health and safety policies

We will follow all common guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County of Health. In the case of discrepancy, the district will consult local health professionals from the Re-entry Committee.

- The Supervisor of Special Services and the Child Study Team continue to meet with any families who have classified children to write and/or amend IEP's based on potential issues that may impact health regulations, academic, social, or emotional needs from the 2021-2022 school year.

SAFE RETURN PLAN UPDATE

9. Describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and students' and staff's social, emotional, mental health, and other needs, which may include student health and food services.

To accelerate students' progress, administrators/educators have identified unfinished learning needs that are being addressed in all subject areas. Accelerated learning will provide resources, tasks, and assignments along with the supports necessary to fill critical gaps in learning. Accelerated learning seeks to help educators utilize classroom time as efficiently as possible.

- A summer program addressing student needs K-8 was developed and was implemented over a 5 week period of time.
- Wellness Committees meet and create opportunities for students to address anxiety and provide students with resources.
- A training/professional development partnership with the American School Counselors Association will continue for the 2022-2023 school year.
- Student engagement activities have been incorporated and will continue as we seek other ways to meet our students' needs.
- Two full-time counselors are imbedded into weekly lessons.

10. Describe how the LEA sought public comment on its plan, and how it took those public comments into account in the development of its plan. Note, the ARP requires that LEAs seek public comment for each 60-day revision to the plan.

A presentation of this plan was made publicly at the District's June 15, 2022 Board of Education meeting. The meeting was held in person at Brookside School. The plan was posted to the District website on June 16, 2022. Public comment was available at the Board of Education meeting or through submission of questions/feedback at the following address mfisher@allendalek8.com or mtirrito@allendaek8.com

11. Describe how the LEA ensured that the plan is in an understandable and uniform format; is to the extent practicable written in a language that parents can understand or, if not practicable to provide written translations to a parent with limited English proficiency, will be orally translated for such a parent; and upon request by a parent who is an individual with a disability as defined by the ADA, will be provided in an alternative format accessible to that parent.

The plan was posted on the District website. In addition, any family who has any questions or needs translation may contact the District for the appropriate service.

12. Briefly describe any guidance professional learning and technical assistance opportunities the LEA will make available to its schools.

The District has and will continue to follow all guidelines and mandates as directed by the NJ Department of Education, NJ Department of Health, and the Bergen County of Health. In the case of discrepancy, the District will consult local health officials and professionals from the Re-Entry Committee.

With two schools, professional learning and technical assistance is coordinated by central office administration, and tailored to specific grade levels. There will be summer opportunities as well as a PD throughout the school year, with an additional day in January to address needs.

13. Provide current link to the District's website where the plan is posted.
