

2023-2024 BOE Goals

GOAL I

Staff will be supported with time and resources to implement self-driven data applications to measure student progress, building upon the modeled data driven instruction received through ACE¹ meetings.

GOAL II

Implement a professional development model utilizing the District's instructional coach position and educational rounds to closely examine best classroom practices in grades 5-8, replicating the successful education rounds and Learning Walks in grades pre-kindergarten through 3.

GOAL III

Nurses, physical education teachers, and counselors will collaborate with administration and staff to enhance curriculum and develop innovative spaces, recognizing that physical fitness and mental health are not mutually exclusive.

GOAL IV

Create opportunities that support and increase active participation and use of student voice for students in grades kindergarten through 5.

Goal V

Research, explore, and implement new strategies to improve hiring and recruitment practices.
