

## Multiplication Rectangles

What is  $7 \times 6$ ? Draw a rectangle.

First, partition the rectangle into parts.

Label one part 5 and the other part 2 because  $5 + 2 = 7$ .

Now multiply:  
 $5 \times 6$ . What did you get? \_\_\_\_

Now multiply:  
 $2 \times 6$ . What did you get? \_\_\_\_

Finally, add the two products together.

+ \_\_\_\_ So  $7 \times 6 =$  \_\_\_\_
