

For ALL Incoming 6th Grade Math Students:

Starting August 1st, you will need to complete the following math assignment. Please go to www.castlelearning.com:

- Use the same user ID that you have been using in 5th grade.
- Your password has been reset, so when you type in your user ID, do not enter a password. Click *Sign in*. You will be prompted to enter a password. You may use the same password as last year.
- (If you have difficulty getting on, please contact Mr. Winkelstein (bwinkelstein@allendalek8.com)).

You will have 3 assignments from Mrs. LoCascio:

"Test 1: Summer Assignment for Incoming 6th Graders"

"Test 2: Summer Assignment for Incoming 6th Graders"

"Test 3: Summer Assignment for Incoming 6th Graders"

You **MUST** take Test 1.

If you want to get more practice or try for a higher grade, you can take Test 2 and then Test 3. If you choose to take Test 2 and Test 3, the higher score of the three tests will be recorded as your first math grade of the year. All students must take Test 1, but Test 2 and Test 3 are optional.

FYI:

If you get the question correct on the 2nd try, you will receive full credit for that question.

You have until the *first day* of school to complete this summer assignment.
