

Incoming 6th Grade Reading Assignment 2023

Did you know that kids who don't read during the summer lose two to three months of their reading achievement? Did you also know that middle school students who read five to six books over the summer don't suffer from reading loss? These two reasons alone show how important it is for you to read during the summer months.

This summer, **choose at least one book that looks interesting to you that you haven't read before.** If you need help deciding on a book, click [HERE](#) for a suggested reading list. This is just a suggested reading list as you may choose any appropriate, grade-level book to read this summer. Your tasks while reading this summer:

1. **Please bring your book to school with you in September!**
2. While notes are optional, they are **highly recommended.** Suggestions on what to take notes on: characters, conflict, plot, theme, and setting. Click [HERE](#) for a digital notes sheet; you can make a copy to type on it OR print it out.
3. Be prepared to share and write ideas about your book in September. This means you need to really know your book and be able to talk about it.
4. Enjoy the book! Please don't come to school in September and say you hated the book. It is okay to abandon a book you don't enjoy. Summer is all about picking a book you will love and want to share with others. 😊
