INTER-District Transfer Required Documentation 2022 - 2023

Inter-District Attendance Permits to *leave* the district of residence may be granted for the following reasons when conditions described are met:

- a. **Senior Student** – The district may permit those pupils who are in the highest grade of elementary, middle or senior high school permission to graduate from the school, which they have attended just prior to their move to another district.
- b. **Specialized High School Program** – Availability of a **specialized high school program** in the district of desired attendance was not available in the district of residence. If the district of residence has a similar program at **any school** within the district, the student does not qualify under this category. Note: One or two classes does not constitute a "program". **Acceptance into the program must be included.**
- c. **Planned Change of Residence** – **Specific and written evidence must be given** that a residence in the district of desired attendance is being obtained. Such permit should not be issued for longer than *three* months.
- d. **School District Employment** – Parent/legal guardian is a permanent employee of the school district of desired attendance. **Verification must be provided in the form of a recent paystub.**
- e. **Child Care** – These are to be initially granted only to kindergarten through eighth grade school age students, when it is impossible to arrange adequate childcare or supervision in the district of residence. **Verification must be provided.**
- f. **Bullying** – **Student has been determined by personnel of either the district of residence or the proposed district of attendance** to have been the victim of a “severe or pervasive” act of bullying by a student of the district of residence, as defined in Education Code 48900(r) **and attempts by the district have not led to resolution of the problem.**
