Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name Norte Vista High School County-District-School (CDS) Code 33-66977-3334299 Schoolsite Council (SSC) Approval Date

Local Board Approval Date

## **Purpose and Description**

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Comprehensive Support and Improvement

Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Norte Vista High School's school wide goals are aligned with the Alvord Unified School District's LCAP Goals and WASC recommendations.

## **Comprehensive Needs Assessment Components**

### **Data Analysis**

Please refer to the School and Student Performance Data section where an analysis is provided.

### **Surveys**

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

For students: PLUS Forum Survey, Thought Exchange Survey, Graduation Survey (completed in May)

For parents: Education for the future high school parent survey, EL Needs Assessment For teachers: Education for the future staff survey, Thought Exchange Survey, Leadership Meetings

### Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The administration conducts formal and informal classroom observations throughout the school year, in order to gauge classroom instruction in relation to school-wide LCAP, SPSA, and WASC goals. Findings show that school-wide goals of increasing writing across the curriculum is taking place, however, there needs to be greater focus within all departments, to support writing, assess writing, and collect data on writing. Data will then be used to drive schools' model of continuous school improvement (plan, implement, evaluate and improve). School-wide writing initiative will include increasing opportunities for complex output, including utilizing strategies to build vocabulary for all student groups.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965. In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- · Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

### Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA) Norte Vista administration and staff regularly review data generated to plan, implement, analyze and improve instructional practices that will increase student achievement. Low scores in reading and mathematics have prompted a concerted school-wide effort to improve student achievement. especially in those areas. Core departments use Unit Planning Organizers that were developed from the district ILT members. Intervention programs in Math such as the targeted Math Acceleration sections, Winter and Spring Intervention Courses, and Saturday Academy are offered throughout the school year as a means to increase achievement. The faculty uses differentiated instruction in classrooms in an effort to improve the test scores of our students. Step Up To Writing components, together with a focus on the site Writing Expectations has been used across the curriculum to improve writing skills., provide a common foundational rubric for writing campus-wide, and give departments flexibility to utilize the writing expectations as a means to support contentspecific writing. This increased focus on writing will also support the effort to focus on literacy at NVHS. Teacher training is also addressed through early release days for staff development. department on-site pull-out days, conferences, and specific off-campus workshops/training that are highly relevant to school-wide goals (data analysis, writing expectations, vocabulary development, online supplemental tools/programs, continuous cycle of improvement focus, designated/integrated EL instruction).

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction Norte Vista administration and staff regularly review data generated to plan, implement, analyze and improve instructional practices that will increase student achievement. Low scores in reading and mathematics have prompted a concerted school-wide effort to improve student achievement, especially in those areas. Core departments use state standards-based curriculum, pacing guides, common rubrics, and common formative assessments to adjust instruction and gauge student mastery. Intervention programs such as after-school targeted tutoring, Winter and Spring Intervention Program, targeted summer extended learning opportunity, and Saturday Academy are offered over the school year to increase Student Achievement. Step Up To Writing has been used across the curriculum to improve writing skills. Teacher training is also addressed through a weekly minimum day for staff development, PLC meetings, on-site department pull-out days, conferences, and workshops. Step-up to Writing elements and the NVHS School-wide writing expectations are utilized to increase sites focus on writing and literacy. Categorical funding is used to support the goals established in this plan.

## **Staffing and Professional Development**

Status of meeting requirements for highly qualified staff (ESEA)

Every teacher has met the requirements for highly qualified staff, according to ESSA guidelines.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials)

Every teacher if fully credentialed and no teachers are mis-assigned.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development days and workshops are aligned with the district's strategic plan and focus on literacy and equity; Common Core State Standards, ELA/ELD framework, and Next Generation Science Standards; benchmark and interim assessments and analysis of student achievement on these assessments.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches)

The Instructional Coach works closely with the departments to support teachers in lesson planning with content standards, lesson delivery, supporting writing across the curriculum, and continue classroom instructional assistance throughout the entire year for each of their departments.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve)

All of the Norte Vista teaching staff are highly qualified as defined by The Every Student Succeeds Act (ESSA). Since a large part of the population is identified as English learners, only teachers with appropriate certification to work with English learners, or who are in the process of receiving that certification, have been hired at Norte Vista. The School Site Council has concentrated on teacher training as a way to reach pupils supported through categorical funds. A large part of the conferences, institutes, and training have spotlighted differentiation of instruction for English learner populations. Teacher Induction support providers are assigned to newly hired teachers to assist with instruction and answer questions in lesson delivery. Department Chairpersons work with their departments to provide curriculum support and assessment information. The district has maintained site instructional coaches, who work with their respective content-area teachers to support instruction. Finally, the Instructional Coach works with district staff (e.g. ELA and English learner coaches) and teachers to facilitate the differentiation of instruction to meet the needs of English learners in ELD and regular content classrooms.

The special education department adheres to Federal and State Laws governing students with Individual Education Plans (IEPs). The program offers a continuum of services ranging from indirect services including but not limited to a push-in as well as a variety of collaboration and consultation, to direct services including but not limited to pull-out and special day classes. The department also supports students through the implementation of accommodations and modifications. The special education department consists of 7 resource specialists, 2 special day class teachers, 1 speech/language pathologist, 1 shared adaptive physical education teacher, 1 school psychologist, 10 paraprofessionals, including two 1:1 aides, as well as other services providers like mobility teachers, occupational therapists, Deaf and Hard of Hearing, and vision itinerant teachers. There are 208 special education students of whom approximately 80 participate in direct services and 60 take part in the collaboration. The resource students have had success in general education classes; students have transitioned and mainstreamed into the general education program.

## **Teaching and Learning**

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Norte Vista uses district Unit Planning Organizers to align their curriculum, instruction, and content to California Common Core State standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) n/a

Lesson pacing schedule (K-8) and master schedule flexibility for sufficient numbers of intervention courses

Master schedule has flexibility for sufficient numbers of intervention courses in ELA and Math. Odysseyware and the Guidance Department are the main intervention courses Norte Vista offers for any student needing intervention. A Flex Program is also offered to provide an intervention step prior to students going to alternative schooling options; this program can modify a students program, for the purpose of building success through increased academic focus, mentoring and increased access to counselors and administration.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All instructional materials are California Common Core Standards based and the books have been California and district adopted.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses

The curriculum at Norte Vista is standards-based and is taught through the use of state-approved, district-adopted standards-based textbooks. The faculty has been trained in standards-based instruction. Teachers are also provided with student specific data (SARC report, EADMS information, assessment data) to monitor student progress toward mastery of content standards. Teachers are responsible for posting the content/Core Standard(s) addressed for each lesson. The core area department teachers are assigned to an individual administrator who provides leadership, direction and data for instruction and performance for the alignment of the essential standards to the curriculum. Norte Vista implements the instructional strategies supported by Direct Instruction and instructional strategies that emphasize collaboration and student interaction to assure student achievement and mastery of the content standards (CCSS, ELD Standards, and NGSS).

Norte Vista has only purchased core materials that are standards-based and aligned. Adoptions include core textbooks in Language Arts, mathematics, English Language Development, science and social studies as well as other subject areas and numerous supplemental resources. Each adoption form requests information regarding the alignment of the prospective materials to the standards. All supplemental materials must support the overall, standards-based program and be adopted through the same procedure as core materials. In addition, purchases of all library resources have been specifically selected to support standards-aligned curricula.

## **Opportunity and Equal Educational Access**

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Norte Vista provides a wide variety of services for all students to meet standards. Services such as ELD, sheltered core courses, collaboration core classes (a Special Education push-in model), Odyssey ware, Expanded Learning by individual teachers, and the Flex Program.

Evidence-based educational practices to raise student achievement

Norte Vista leadership and staff use data analysis to quide individual and group instruction needed to remediate and/or address areas of weakness. Based on this information, students scoring below proficient in reading or mathematics are identified and recommended for Expanded Learning tutoring. Teachers have received training in Explicit Direct Instruction, and strategies for working with our demographic subgroups, collaboration, and interaction in the classroom; in addition, core teachers received extensive staff development in developing standards-based lessons and instructional strategies. Expanded Learning is offered either within the individual classroom or through one of the many tutoring opportunities, as wells as through Saturday Academy. Some of these include after school tutoring as Expanded Learning, structured math tutoring after school, tutoring for language learners during and after school, tutoring in individual classrooms provided before school, at lunch, and after school. Materials have been purchased for use within the language arts and mathematics programs which specifically instruct standards in those courses and practice test-taking skills. In addition, Norte Vista's core teachers are making a focused effort to differentiate instruction in order to ensure equal access to the curriculum for all student groups. A large part of the conferences, institutes, and training have spotlighted differentiation of instruction for Special Education and English learners. These supplemental conferences and additional materials are provided by categorical funds which enable underperforming students to meet the standards.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Aeries online grade book allows parents of all students to access the grades of their children on a daily basis. This will assist any parent of an under-achieving student to know when to initiate contact with the teachers, counselors, and school to build a plan to assist their student. Library hours are extended once a week for students to access additional resources or time. In addition, achievement data is shared with parent groups such as ELAC, ATP, Padres Unidos, and School Site Council, and a Parent Compact was developed to address what parents can do to assist students in regards to their academic achievement.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Norte Vista staff and administration are diligently working to improve parental involvement through several means including Novi Parents, Padres Unidos, School Site Council (SSC), Advancement Via Individual Development (AVID), IB, English Learner Advisory Council (ELAC), access to districtprovided parent workshops, a wide assortment of Booster Clubs, as well as many opportunities given by individual staff members for classroom involvement. In the 2019-2020 Academic Year, the ATP is an "action arm" of the School Site Council and is charged with developing plans and implementing activities for parent and family engagement that will promote student academic success. The Band Booster raises funds to provide for a variety of instrument repairs and needs. Some of the community agencies that regularly support our students in academic, career, and personal/social issues include RCC, UCR, McKinnley Services, Arlanza Family Health Center, Carol Wylie Center, McKinnley Center, Upward Bound, RCOE, Dollars for Scholars, Alvord Education Foundation, Altura Credit Union and Parent Volunteers. Norte Vista has a very active Hispanic community as evidenced through the membership of ELAC and Padres Unidos. There are one-onone parent conferences held in the fall and spring (as part of the Family Showcase) which are attended by over 30% of the student's parents. Categorical funds are available to allow parents to attend training sessions such as CABE conferences. Norte Vista's goal is to improve parent involvement throughout the school.

Norte Vista is working to improve the focus on parent and community involvement that fosters student achievement. Students are involved as capable leaders that interact with peers and community members to explain their learning. In Fall 2021, a push to increase student participation in civic engagement was initiated and will be tracked utilizing Innerview. In the 2018-2019 school year, the Action Team for Partnership was formed and undertook the revision of a needs assessment to understand how to better serve students and the community. The team participated in a grant proposal to support the spring Family Showcase and Norte Vista's literacy and writing focus.

### Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funds provides support for sub groups, to provide academic acceleration and interventions, including in Math Acceleration, additional AVID Tutors in targeted ELA/Math sections, and the FLEX Program.

### Fiscal support

Categorical & general budgets support all of our intervention services on campus.

## **Educational Partner Involvement**

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Norte Vista High School consulted with School Site Council, ELAC, ATP, and teachers/staff as part of their planning process for SPSA Annual Review and Update. The SPSA was shared at staff and leadership meetings, monthly School Site Council, ELAC, and ATP meetings.

## **Resource Inequities**

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Based on WASC Accreditation Recommendations, NVHS staff must increase ELD instruction (designated/intergrated) in class to address needs of our EL population.

- 17.76% of students who took the ELPAC Exam scored a 4 which was a lower percentage over the past 3 years, 34.81% of students scored a 3, 29.13% a 2, and 18.29% a 1 out of 563 students who were tested.
- 2. Referencing WASC recommendations, NVHS must embedded instruction that addresses needs of its EL population, especially with school wide focus on writing, which is expanding to include reading and writing connections for the 2022-2023 school year.
- 3. NVHS must use data to drive instruction across the curriculum, in all subject areas in order to address needs of EL students. A decrease of students who scored a level 4 on the ELPAC exam, necessitates a need for curriculum and materials that address ELD standards throughout all content areas.

### **Student Population**

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

### **Overall Performance**

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the Dashboard Communications Toolkit.

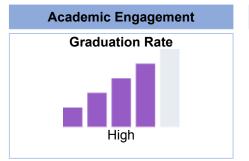

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

### 2022 Fall Dashboard Overall Performance for All Students

### Conclusions based on this data:

- NVHS graduation rate has held steady over past 3 years.
- 2. NVHS must collect ground level data that informs staff on success or failures of programs/pathways that prepare student for college/career readiness.
- Suspension rate has also held steady, but NVHS staff must look at school wide practices that address most common ed code violations.

- 1. Of the EL population, 55% are at level 4 and 3.
- 2. 34.1% of EL population are making progress of atleast 1 level.
- 3. 30.3% of EL population maintained at levels 1, 2, or 3, in alignment with our WASC goal focusing on increasing reading and writing connections.

## Academic Performance College/Career Report

College/Career data provides information on whether high school students are prepared for success after graduation based on measures like graduation rate, performance on state tests, and college credit courses. College/Career data was not reported in 2022.

- 1. NVHS has used data over past 3 years to restructure CTE pathways.
- 2. NVHS has used data over past 3 years to increase access to AP prep courses, on and off campus.
- 3. NVHS will continue to investigate best practices through formation of CCI sub group.

## **Academic Engagement Chronic Absenteeism**

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the <u>Dashboard Communications Toolkit</u>.

- Overall Suspension rate increased for the 2019 school year, for a total of 3.9 percent.
- NVHS will look at more specific data, in terms of behavior, to determine needed supports on campus that address and possibly prevent suspension in most common areas. Norte Vista also developed a PBIS team.
- NVHS will look at data to determine why certain sub groups suspension rates increased, and who to address those concerns.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

### **LEA/LCAP Goal**

Conditions of Learning: Students will be enrolled in a comprehensive course of study taught by highly qualified staff in schools that are clean and in good repair.

## Goal(s)

Goals: All students will reach high standards, at a minimum attaining proficiency in ELA, Math, History, and Science. In their departments and/or PLCs, teachers develop common assessments that will identify student progress, including significant subgroups, EL and SWD, toward mastery of learning objectives that will become a major component of the school's cycle of continuous improvement.

### 1.ELA

1a: Increase the number of students in the Standard Exceeded or Standard Met level on the overall CAASSP SBAC ELA from 48% to 50%.

1b. Increase on average at least one grade level on the iReady reading diagnostic by 10%. 1c.20% or more of students will maintain on grade level or above grade level status on the iReady reading diagnostic.

1d: 15% of students will increase their English language proficiency from Level 3 to Level 4 on the ELPAC.

### 2. Math

2a: Increase the percentage of students in the Standard Met and Standard Exceeded level on CAASPP SBAC Math from 9.8% to 15.0%

2b: Increase the number of end-of-year iReady Math diagnostic scores at On Level/Above Level from approximately 8% to 16%.

2c: Increase the number of SWD in the Standard Met category of the CAASSP SBAC Math.

### 3. History/Social Science

3a: Students will complete 5 Document Based Questions (DBQ) over two semesters in Social Studies courses.

3b: Students will engage in technology-based learning at least 15% of the time in all History/Social Science courses.

3c: Students in semester courses will complete 4 major performance tasks including course-based projects, DBQs, and research.

### 4: Science:

4a.Students in core science courses take NGSS common assessments will demonstrate 70% proficiency or higher.

4b.SWD in core science courses take NGSS common assessments will demonstrate 60% proficiency or higher.

4c EL in core science courses take NGSS common assessments will demonstrate 65% proficiency or higher.

5: ELD: Develop comprehensive ELD instruction for all English Learners to help students make annual progress and meet basic skills in English to achieve reclassification.

5a: Increase the percentage of English learners who make annual progress of at least one level on the ELPAC from 26.7% to 30.0%

5b: Increase the percentage of ELs achieving reclassification by 10%.

5c. Increase the percentage of ELs at grade level on the iReady reading diagnostic by 10%.

## Identified Need(s)

School wide increased team approach on writing, specifically writing across the curriculum; within all departments. To help achieve this the school site is in need of a full time instructional coach.

### **Annual Measurable Outcomes**

2019 CASSP scores were used to create these goals.	Last year's results show a decrease in both the listening and research/inquiry areas of the CASSP. Specifically, there has been an overall decline in students at the above standard level as well as in at or near standard level. Additionally, students have decreased in the at or near the standard level for listening.	Norte Vista will use CAASP scores from previous years for comparison.	
All students enrolled at Norte Vista High School will score a 70% or higher on NGSS common assessments.	Common Formative and Summative assessments developed by NVHS Science Department	Student will achieve at or above the 70% mark on NGSS common assessments.

## **Annual Review**

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

### **ANALYSIS**

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Following WASC recommendations, NVHS Staff will use a model of continuous improvement to move towards a focus on school wide writing goal. NVHS will focus on common assessments, common rubrics, increased writing opportunity within all departments, focused PD for departments, ELD embedded lesson strategies, best practices that focus on providing equal access to the curriculum, and best practices that address the needs of our demographic sub groups.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The budget will focus on supporting the goals of the school, the needs of the students, staff and parents, as well as using data to adjust budgeted expenses.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Any changes that affect conditions of learning will be based on new school, department, formative level data, that identifies new or on-going needs.

NVHS will use student, staff, parent PLUS Forum Survey data to build more targeted strategies that address the cultural needs of NVHS.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

This will be our second year using PLUS Forum surveys with these three groups, therefore adjustments will be made to this section once all data has been collected and analyzed.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Changes will be made after all surveys have been administered and data has been collected.

### Goal Subject

#### LEA/LCAP Goal

Conditions of Learning: Students will be enrolled in a comprehensive course of study taught by highly qualified staff in schools that are clean and in good repair.

## Goal(s)

School administration, the counseling team, the English Learner Facilitator, and teachers ensure that all English Learners are provided with English Language Development Instruction targeted to their English proficiency level and appropriate academic instruction in order to Reclassify in the shortest amount of time possible.

## Identified Need(s)

NVHS has a significant EL subgroup composed of a majority of long term English Learners and newcomer ELs, who need to reclassify in the shortest time possible by demonstrating proficiency in state and district criteria.

#### **Annual Measurable Outcomes**

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
iReady Reading Diagnostic	Fall 2021 baseline data shows that 15% of students tested score at the Above/At grade level.	Increase the percentage of ELs at grade level on the iReady reading diagnostic by 10%.
Reclassification Rate	2021/2022 data demonstrates an average of 10% annual reclassification rate.	Increase the percentage of ELs achieving reclassification by 10%.
Annual ELPAC data	English learners who make annual progress of at least one level on the ELPAC is 26.7%	Increase the percentage of English learners who make annual progress of at least one level on the ELPAC from 26.7% to 30.0%

## Goal(s)

In order for the school community to be engaged in a cycle of continuous improvement, the school leadership and the teachers develop and implement a long-range action plan based around WASC criteria that includes:

- a) Not more than three prioritized school-wide areas for academic improvement, including growth targets
- b) Strategies to improve the achievement of significant subgroups (i.e., Hispanic, Students with Disabilities, and English Learners) in ELA and math
- c) To ensure implementation of the action plan, identify the following:
- d) How the action plan will be monitored
- e) How progress will be demonstrated (multiple measures of data)
- f) Person(s) responsible
- g) Resources
- H) Timeline

## **School Site Council Membership**

Name of Mambara

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

Jason Marquez School Principal

4 Classroom Teachers

Karla Sanchez Other School Staff

- 2 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Justin Martzke	Classroom Teacher
Sarah Galvan	Classroom Teacher
Justin Lomeda	Classroom Teacher
Zoraida Atilano	Parent or Community Member
Maricruz Zamora	Parent or Community Member
Mendy Dang	Secondary Student
Vivian Shepard	Secondary Student
Jorge Sanchez	
Christina Rackleff	Classroom Teacher
Karla Sanchez	Other School Staff

Dala

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

## **Recommendations and Assurances**

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

**Signature** 

**Committee or Advisory Group Name** 

**English Learner Advisory Committee** 

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/18/2022.

Attested:

Principal, Jason Marquez on 5/18/2022

SSC Chairperson, Sarah Galvan on 5/18/2022

## Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at <a href="https://doi.org/10.1007/j.jcp.nc.2007/">TITLEI@cde.ca.gov</a>.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

## **Purpose and Description**

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

## **Purpose**

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

## **Description**

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## **Educational Partner Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

## **Resource Inequities**

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEAand school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

## Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

### **Identified Need**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

## **Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

## Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

## Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

## **Budget Summary**

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

## **Budget Summary**

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of
  the proposed expenditures from all sources of funds associated with the strategies/activities
  reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are
  listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.
 [NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

## **Appendix A: Plan Requirements**

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    - 1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

## Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
  - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will-
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
  - Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  - 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  - 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

# Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

### **Comprehensive Support and Improvement**

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

#### The CSI plan shall:

- Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
- Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <a href="https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf">https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf</a>);
- 3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

## **Targeted Support and Improvement**

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

### The TSI plan shall:

- Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <a href="https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf">https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf</a>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

### **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

### Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

## **Parent Involvement Policy (Title I Schools)**

Each Title I school is required to develop a written parent and family engagement policy. This policy describes how the school will support and increase parent and family engagement. The parent involvement policy must be developed with parents/community and include participation from all appropriate advisory committees and be approved by the School Site Council. The written parent involvement policy at Title I schools must include how parents will be informed of the school's Title I program requirements.

Schools who are allocated Title I/ funds must develop a written parent and family engagement policy with the participation of parents, families, and community members that describes how the school will:

- a. engage parents and family members in their children's education
- b. inform parents and family members that they can directly effect the success of their children's learning
- c. build consistent and effective communication between home/school
- d. train teachers and administrators to communicate effectively with parents and families
- e. integrate parent and family members programs with the SPSA (EC 11504)

## **School-Parent Compact (Title I Schools)**

Section 1116(a) of ESSA advocates shared responsibilities for high student achievement. The school-parent compact is a component of the Parent and Family Engagement Policy. Each Title I school shall jointly develop with parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student achievement.
