Open for Business!

Using proper safety protocols, students and staff return to in-person learning.

On Monday, March 22, Alvord High School reopened for in-person instruction using a hybrid model.

The reopening of school came as a result of Riverside County moving to the Red Tier based on the number of COVID cases and an approved safety plan implemented by the district.

Safety measures include temperature checks of all persons coming on campus, plexiglass shields around desks and at lunch tables, air filters in every classroom, hand sanitizing stations throughout campus, required face masks, and more.

Everyone received a mask with the school name and logo.

The students are divided into cohorts which limits the number of people on campus at one time. Some students have selected to remain in distance learning.

THIS MONTH'S
TOP STORIES

Never Too Old for Read Across America

Alvord High School's ASB and advisor Mrs. Blanford organized a celebration of Dr. Seuss's birthday and Read Across America with a series of activities to promote reading and to encourage students during these difficult times.

In addition to an online research scavenger hunt and STAR points for reading to any children in their homes, students also received a Seuss-themed postcard from a staff member.

Free Water Refills for All

At the end of February, the school district installed two water refill stations on the ACHS campus. The water refill stations were requested by staff and students last year in hopes to minimize the number of single-use plastic water bottles.

Each station also has two drinking fountains currently unavailable for use due to COVID restrictions.

The ability to refill a water bottle will hopefully encourage students to bring in their own reusable water bottles and encourage hydration.

Students Celebrated for Hard Work During February's Awards Assembly

Each month ACHS hosts an awards assembly to honor student achievements. In February, along with ten students who earned 11 or more credits, the Top Credit Earner Award was given out to **Alan Duarte** with 35 credits earned.

Each teacher personally gave out their **Student of the Month Award**.
