February 2020

The Long Island Family & Consumer Sciences Professionals (LIFACS) organization is proud to announce that we will be offering a \$250.00 scholarship to a graduating senior who has excelled in Family & Consumer Sciences education.

LIFACS is a local organization that supports the growth and development of Family and Consumer Sciences educators across the Long Island. We work cooperatively with the New York State Education Department and the New York State Association of Family and Consumer Science Educators in an effort to support teachers and school districts in expanding Family & Consumer Sciences programs in our public schools.

The deadline for applications will be April 8th and students can apply directly on our website at www.lifacsprofessionals.org.

We look forward to receiving your students' applications.

Sincerely,

Joan Chieffo
