The Arizona Department of Education recently released its Guidance for Families and Educators for the Re-opening of Schools. Please see the site for the most up-to-date guidance and other resources for Arizona's public district and charter schools as they navigate COVID-19 response.

Cities and Towns

While many schools begin the academic year in distance-learning environments, here are some things schools can do to support students and families:
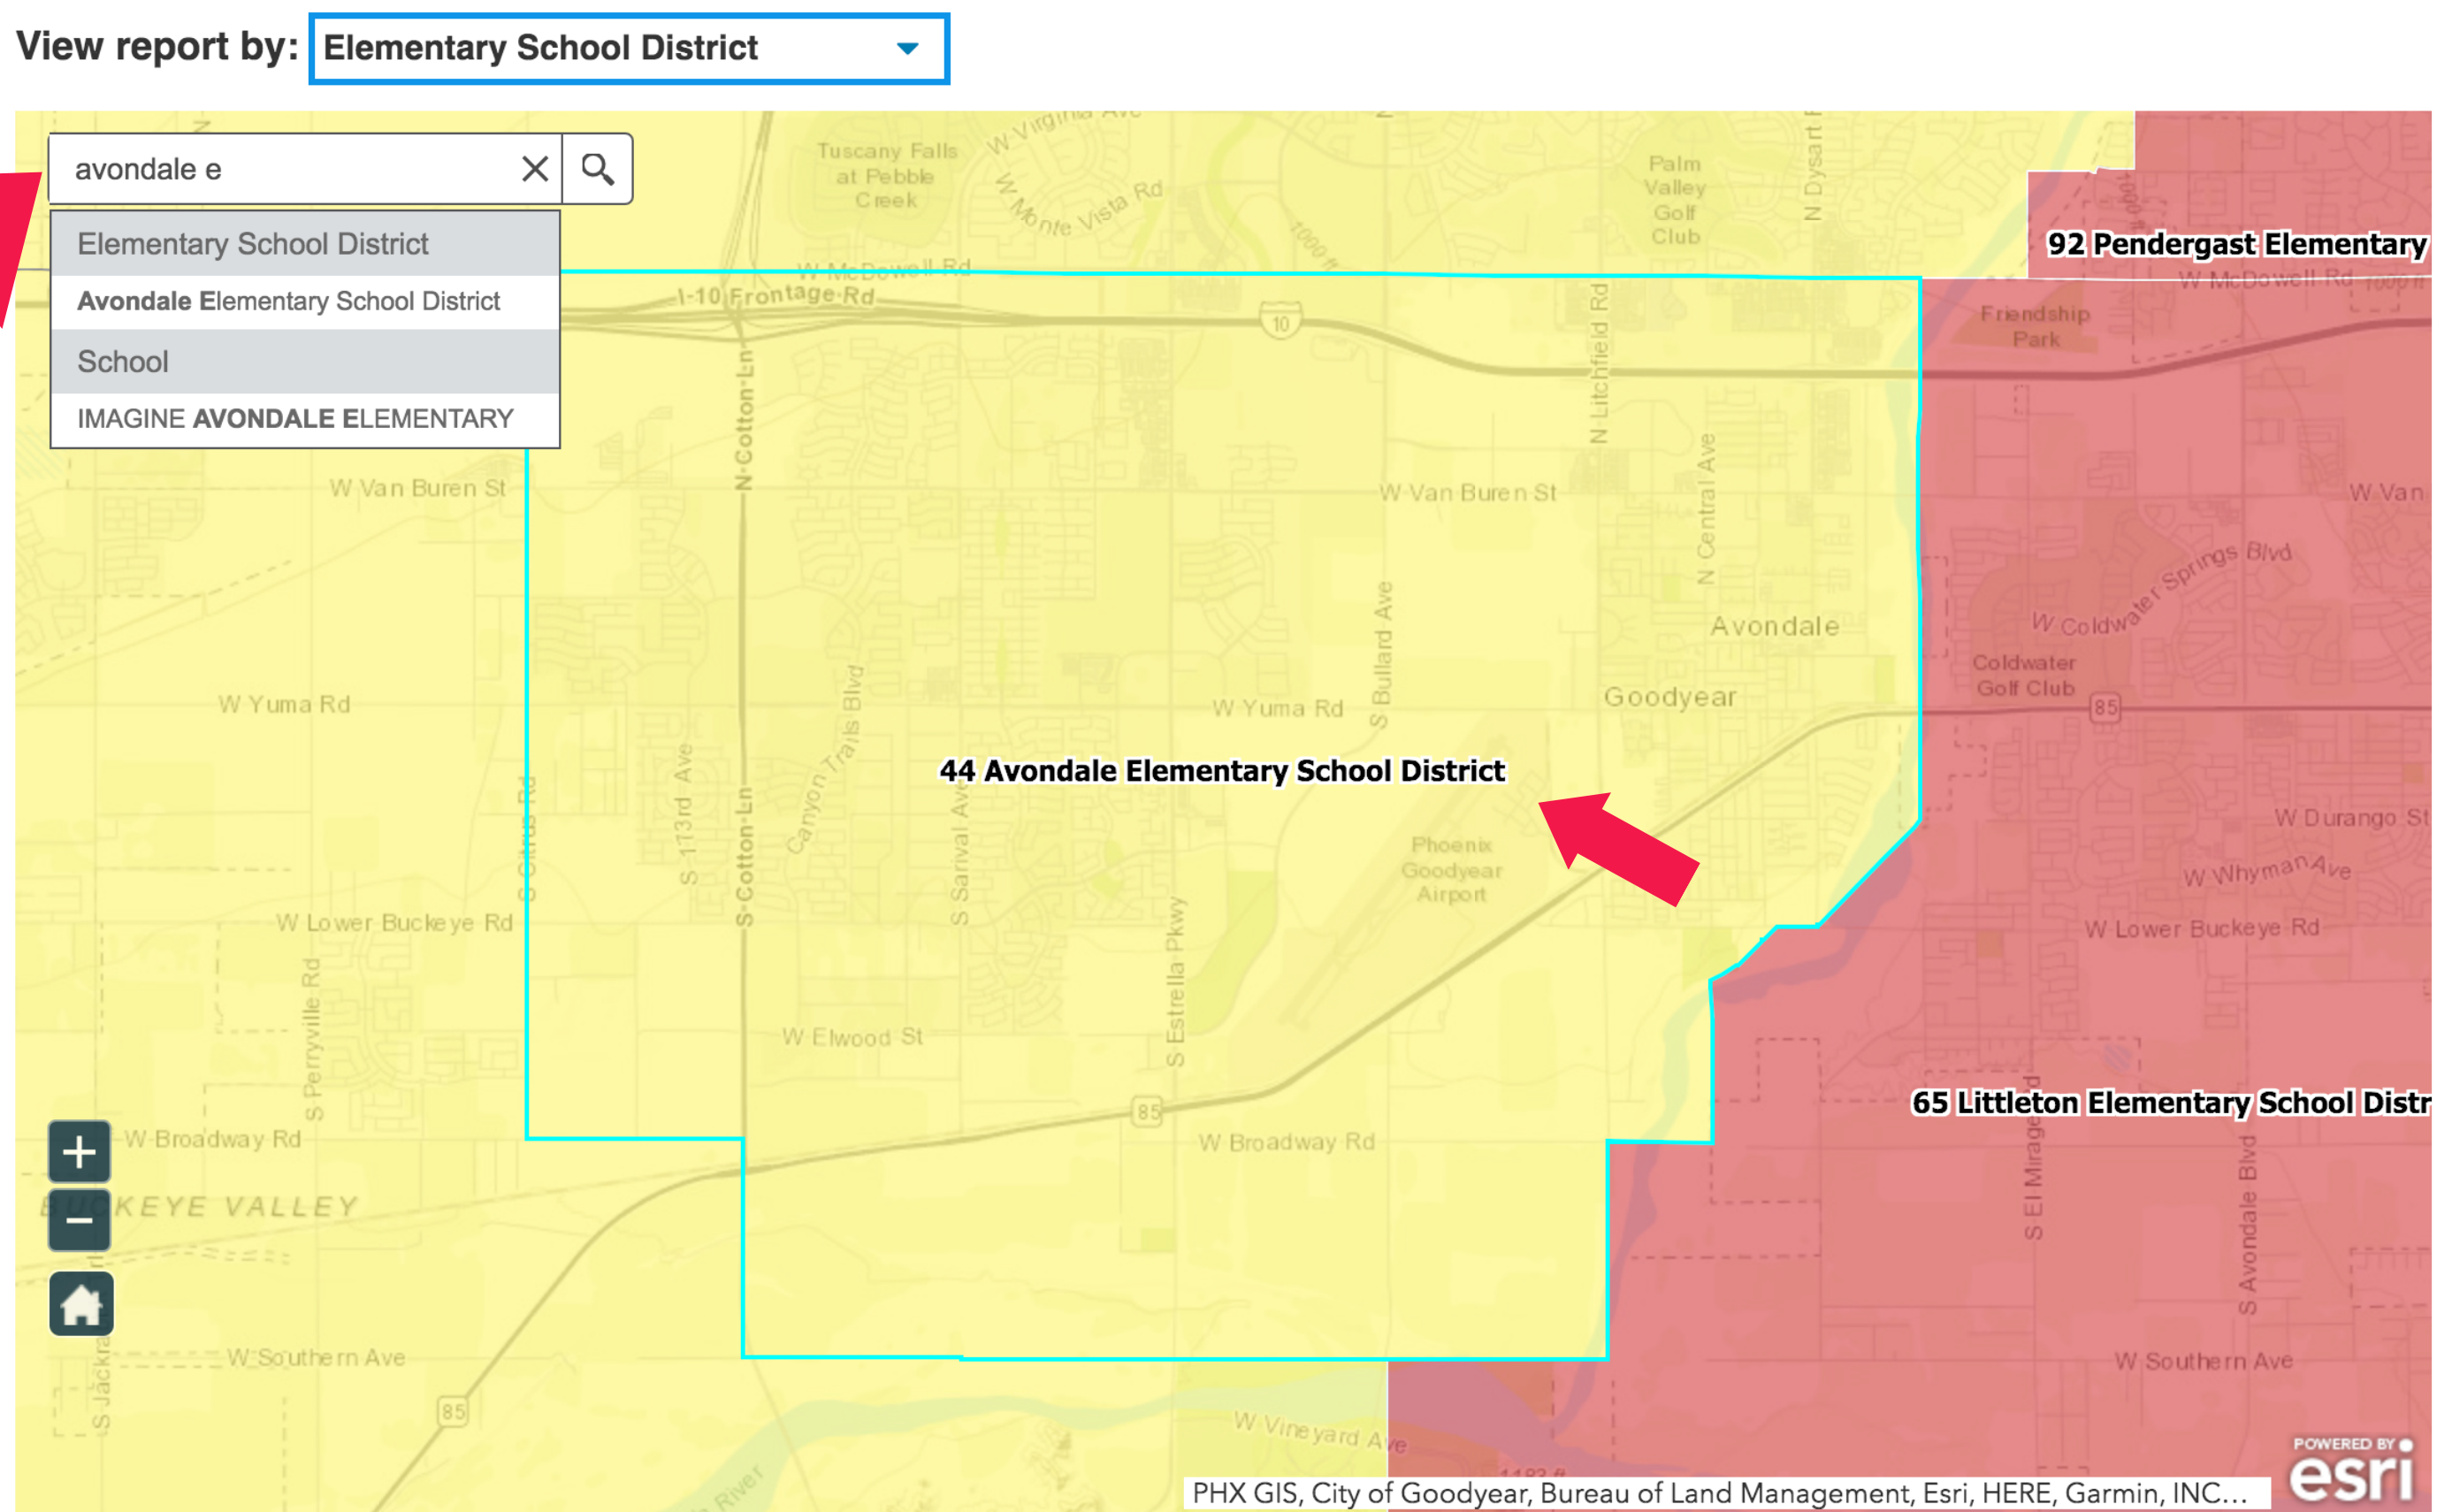

- Ensure parents/guardians have a plan to designate a caregiver for a sick child(ren) if parents/guardians can't stay home.
- Share resources to address food insecurity for families who rely on schools for breakfast and/or lunch.
