PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The local educational agency (LEA) assures it will submit a plan to the Alabama State Department of Education (ALSDE) that contains such information as ALSDE may reasonably require, including all information required by the U.S. Department of Education's (ED) [Interim Final Requirements](#) on ARP ESSER. The LEA will submit the plan by the date established by ALSDE.

The LEA will use ARP ESSER funds for activities allowable under section 2001(e) of the ARP and will reserve at least 20% of its ARP ESSER funds to address learning loss through the implementation of evidence-based interventions.

The LEA will comply with the maintenance of equity provision in section 2004(c) of the ARP.

The LEA assures either:

- (a) It will, within 30 days of receiving ARP ESSER funds, develop and make publicly available on the LEA's website a plan for the safe return of in-person instruction and continuity of services as required in section 2001(i)(1) of the ARP and in ED's [Interim Final Requirements](#), **or**
- (b) It developed and made publicly available on the LEA's website such a plan that meets statutory requirements before the enactment of the ARP that meets ARP requirements. (ARP was enacted March 11, 2021).

The LEA also assures that before making the plan publicly available, the LEA must seek public comment on the plan and take such comments into account when developing the plan.

The LEA will comply with all reporting requirements at such time and in such manner and containing such information as the ALSDE or ED may reasonably require including on matters such as:

- How the LEA is developing strategies and implementing public health protocols including, to the greatest extent practicable, policies and plans in line with the CDC guidance related to addressing COVID-19 in schools;
- Overall plans and policies related to State support for return to in-person instruction and maximizing in-person instruction time, including how funds will support a return to and maximize in-person instruction time, and advance equity and inclusivity in participation in in-person instruction;
- Data on each school's mode of instruction (remote, hybrid, in-person) and conditions;
- LEA uses of funds to meet students' social, emotional, and academic needs, including through summer enrichment programming and other evidence-based interventions, and how they advance equity for underserved students;
- LEA uses of funds to sustain and support access to early childhood education programs;
- Impacts and outcomes (disaggregated by student subgroup) through use of ARP ESSER funding (e.g., quantitative and qualitative results of ARP ESSER funding, including on personnel, student learning, and budgeting at the school and district level);
- Student data (disaggregated by subgroups) related to how the COVID-19 pandemic has affected instruction and learning;
- Requirements under the Federal Financial Accountability Transparency Act (FFATA); and

- Additional reporting requirements as may be necessary to ensure accountability and transparency of ARP ESSER funds.

The LEA assures that records pertaining to the ARP ESSER award under 2 C.F.R. § 200.334 and 34 C.F.R. § 76.730, including financial records related to use of grant funds, will be retained separately from other grant funds, including funds an LEA receives under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act).

The LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) ED and/or its Inspector General; (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority; or (iii) the ALSDE.

The LEA will use ARP ESSER funds for purposes that are reasonable, necessary, and allocable under the ARP.

The LEA will provide services and assistance from ARP ESSER funds to students and staff during the period of funds availability. (March 13, 2020 – September 30, 2024)

OTHER ASSURANCES AND CERTIFICATIONS

The LEA will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders and regulations.

The LEA assures that, with respect to the certification regarding lobbying in Department Form 80-0013, no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making or renewal of Federal grants under this program.

The LEA will include in its local application a description of how the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program.

The LEA will take all necessary steps to allow every student, teacher, and other program beneficiary to participate in the ARP ESSER program. If any barrier arises that impedes equal access to, or participation in the ARP ESSER program, the LEA will quickly address and resolve those issues.

The LEA will comply with all applicable requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (sometimes referred to as the Uniform Guidance, or the Uniform Grant Guidance (UGG)).

The LEA will comply with the provisions of all applicable acts, regulations and assurances; the following provisions of Education Department General Administrative Regulations (EDGAR) 34 CFR parts 76, 77, 81, 82, 84, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and the Uniform Guidance in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474.

GEPA ASSURANCES

The LEA will administer each program covered by the application in accordance with all applicable statutes, regulations, program plans, and applications, including, but not limited to federal education program laws, the General Education Provisions Act, the Education Department General Administrative Regulations, and the Uniform Grant Guidance.

The LEA assures that control of funds provided to the LEA, and title to property acquired with those funds, will be in a public agency and that a public agency will administer those funds and property.

The LEA will use fiscal control and fund accounting procedures that will ensure proper disbursement of, and accounting for, Federal funds.

The LEA will make reports to the ALSDE and to ED as may reasonably be necessary to enable the ALSDE and ED to perform their duties and that LEA will maintain such records, including the records required under [20 U.S.C. 1232f](#), and provide access to those records, as the ALSDE or ED deem necessary to perform their duties.

The LEA will provide reasonable opportunities for the participation by teachers, parents, and other interested agencies, organizations, and individuals in the planning for and operation of ED programs.

The LEA assures that any application, evaluation, periodic program plan or report relating to an ED program will be made readily available to parents and other members of the general public.

The LEA assures that in the case of any project involving construction-

- the project is not inconsistent with overall State plans for the construction of school facilities, and

- In developing plans for construction, due consideration will be given to excellence of architecture and design and to compliance with standards prescribed by the Secretary of Education under section 504 of the Rehabilitation Act of 1973 in order to ensure that facilities constructed with the use of Federal funds are accessible to and usable by individuals with disabilities.

The LEA assures they have adopted effective procedures for acquiring and disseminating to teachers and administrators participating in an ED program significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects.

The LEA assures that none of the funds expended will be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization.

LEA SUPERINTENDENT ASSURANCES

The LEA Superintendent certifies to the best of his/her knowledge and belief that all the information and data in this application are true and correct. The LEA Superintendent acknowledges and agrees that failure to comply with all assurances and certifications in this application, all relevant provisions and requirements of the American Rescue Plan Act of 2021 (ARP Act), Pub. L. No. 117-2 (March 11, 2021), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR Part 180, as adopted and amended as regulations of the Department in 2 CFR Part 3485; and 18 U.S.C. § 1001, as appropriate, and other enforcement actions.

Required Narratives

How does the LEA plan to use funds to implement prevention and mitigation strategies in order to continuously and safely operate schools for in-person learning?

*
Attalla City Schools will use ARP ESSER Funds to implement prevention and mitigation strategies consistent with CDC guidelines. This will include HVAC improvements designed to improve indoor air ventilation at Etowah Middle School, windows for Attalla Elementary School and Etowah High School. Due to younger student's inability to be vaccinated and sitting at shared tables, table dividers will be purchased to help mitigate the spread of germs. The District will continue to invest in additional PPE items designed to create a safer environment within the schools. Finally, the district will purchase additional products aimed at dealing with the COVID-19 virus and ensure the additional products are used by custodial staff in high touch areas within all buildings in the district.

How will the LEA ensure that the evidence-based interventions will address the academic impact of lost instructional time and ensure that those interventions respond to the academic, social, emotional, and mental health needs of all students including underrepresented student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English Learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care) and those who are particularly impacted disproportionately by the COVID-19 pandemic?

*
The Attalla City School District remained open for face-to-face instruction starting in August 2020 and stayed open through May 2021. It is important for our district to recognize that the school closures in March 2020-May 2020 also had a negative impact on student learning through the engagement of synchronous and asynchronous learning online. This past school year, the biggest challenge schools faced was due to absences for students and teachers who were subject to quarantine or isolation. In looking at our data, we have identified the students who are not at grade level in the areas of reading and math specifically through the analysis of school based assessments. The district will bring on a new HS Principal and PK-5 Principal to lead efforts with school staff in the 2021-2022 school year to address the learning loss of students and develop multiple research-based strategies to address the learning loss of our students.

Strategies the district will utilize include providing after-school learning opportunities to address loss of learning for students not meeting current grade-level criteria. Summer Learning Academy programs will continue to be supplemented through ARP ESSER funds to continue to address lost instructional time during the 2020-2021 school year for students not meeting academic expectations for 2021-2022. During the after school learning opportunities and summer learning, students not meeting learning expectations will be engaged with evidence-based programs facilitated by a certified staff members.

Our school district's primary focus for our PK-12 students will focus on research-based interventions. Our plan is to focus on strengthening our Tier 1 program in 2021-2022 and dive further into Tier 2 and Tier 3 interventions that students need. Using data to drive instruction, academic supplements to engage students in practice, after-school tutoring for academic enrichment, and professional development for staff. Our plan will focus our attention on MTSS systematically as we look to grow and strengthen this program and provide our students the necessary time and financial resources to mitigate learning loss due to the COVID-19 pandemic.

How will the LEA comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a)?

The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the ESSER III program.

* The LEA commits to putting in place steps to permit students, teachers and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability and age) that might impede equal access to, or participation in, the program. The Attalla City School District will use funds to implement evidence-based strategies to meet the academic needs of all PK-12 students through the implementation of MTSS in grades K-12 focusing on strengthening our core curriculum, implementing staff development programs, engaging in data collection and review of data, providing intervention and supplemental instruction and programs, tutor days, and preparation for life beyond our school district. We will also provide our student's additional learning time including after-school and summer programming to best meet the needs of our students and their learning loss during the COVID-19 pandemic.

How will the LEA actively monitor their allocations, conduct interim audits to ensure an appropriate application of funds, collect and manage data elements required to be reported, and report this information to the community?

* The CSFO will monitor by reconciling monthly expenditures and ES2 forms, conduct necessary audits of the source fund as it is used, pull student data to ensure equitable appropriation, and give monthly board meeting updates as requested.

How will the LEA meaningfully engage with families and communities throughout the life of the ARP ESSER and other relief funds?

* The Attalla City School District's surveys on strategies to implement a safe return to in-person instruction resulted in a variety of responses with a majority citing basic mitigation strategies such as washing of hands, students and staff staying home when they are sick, prioritizing in-person instruction, sanitizing and disinfecting when possible, and not mandating but highly recommending the use of masks. Surveys with stakeholders showed that many believed an increase in small group or one-on-one instruction, after-school tutoring, enrichment, and increased in-person instruction will help the school district address learning gaps caused by loss of instructional time due to COVID-19. The use of counselors, relationship-building, and clear communication were strategies that a majority of stakeholders believed would help address social emotional learning for students. Most stakeholders believed that the greatest positive impact on the Attalla City School District would be a result of increased in-person instructional time, after-school tutoring, increased instructional resources, and increased staffing. The Attalla City School District will employ a mental health coordinator, an additional ESL paraprofessional, and additional personnel to help mitigate learning loss for all students, but concentrating on our special populations. We also will provide school supplies to all students PK – 12 to help offset the parental burden of purchasing these items. Virtual facilitators will be employed for our high school. Additional CNP and custodial personnel will be employed to help with summer learning.

LEA Reservation to Address Loss of Instructional Time

LEAs must reserve at least 20 percent of funds to address loss of instructional time through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups.

For this reservation of funds, the following interventions are allowable:

1. Summer Learning & Summer Enrichment Programs
2. Extended Day Programs
3. Comprehensive After-School Programs
4. Extended School Year Programs
5. Other – See Intervention box E for more details.

Provide the following information for Intervention A (Summer Learning & Summer Enrichment Programs):

- 1) Brief description and timeline for each service (service must end by 9/30/2024)
- 2) Number of employees and FTE(s) (if applicable)
- 3) Itemized Budget using Function & Object codes (must match Budget Grid)

Example:

ARP ESSER funds will be used to host a Summer Enrichment Camp during the Summer of 2023. The camp will run for two weeks for four days a week. Subjects to be covered are science, technology, engineering, mathematics and reading. We will purchase general supplies such as pencils, notebooks, glue, color pencils, copy paper, etc. to effectively run the program. We will also purchase ELA & Math manipulatives to help improve student achievement. Additionally, we will purchase an online subscription to XYZ Company for the duration of the summer program to assist our participating EL students with the curriculum (See attached job description). ARP ESSER State Reserve Allocation to Address Loss of Instructional Time

The ALSDE is providing a State Reserve allocation to LEAs to address the loss of instructional time through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups.

For the ARP ESSER State Reserve Allocation, the following interventions are allowable:

1. Summer Learning & Summer Enrichment Programs
2. Comprehensive After-School Programs
3. Other – See Intervention box C for more details.

Required Narratives

Provide a description of the evidence-based program(s) (including partnerships with community-based organizations) the LEA has selected to use with the ARP ESSER State Reserve, and how the LEA will address the disproportionate impact of COVID-19 on certain groups of students, including each major racial and ethnic group, children from low-income families, children with disabilities, English Learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care.

* The Attalla City School District remained open for face-to-face instruction starting in August 2020 and stayed open through May 2021. It is important for our district to recognize that the school closures in March 2020-May 2020 also had a negative impact on student learning through the engagement of synchronous and asynchronous learning online. This past school year, the biggest challenge schools faced was due to absences for students and teachers who were subject to quarantine or isolation. In looking at our data, we have identified the students who are not at grade level in the areas of reading and math specifically through the analysis of school based assessments. The district will bring on a new HS Principal and PK-5 Principal to lead efforts with school staff in the 2021-2022 school year to address the learning loss of students and develop multiple research-based strategies to address the learning loss of our students.

Strategies the district will utilize include providing after-school learning opportunities to address loss of learning for students not meeting current grade-level criteria. Summer Learning Academy programs will continue to be supplemented through ARP ESSER funds to continue to address lost instructional time during the 2020-2021 school year for students not meeting academic expectations for 2021-2022. During the after school learning opportunities and summer learning, students not meeting learning expectations will be engaged with evidence-based programs facilitated by a certified staff members.

Our school district's primary focus for our PK-12 students will focus on research-based interventions. Our plan is to focus on strengthening our Tier 1 program in 2021-2022 and dive further into Tier 2 and Tier 3 interventions that students need. Using data to drive instruction, academic supplements to engage students in practice, after-school tutoring for academic enrichment, and professional development for staff. Our plan will focus our attention on MTSS systematically as we look to grow and strengthen this program and provide our students the necessary time and financial resources to mitigate learning loss due to the COVID-19 pandemic.

Indicate the data sources the LEA used to identify the students most in need of the program(s) and the extent to which the LEA will evaluate the impact of the program(s).

* The Attalla City School District's surveys on strategies to implement a safe return to in-person instruction resulted in a variety of responses with a majority citing basic mitigation strategies such as washing of hands, students and staff staying home when they are sick, prioritizing in-person instruction, sanitizing and disinfecting when possible, and not mandating but highly recommending the use of masks. Surveys with stakeholders showed that many believed an increase in small group or one-on-one instruction, after-school tutoring, enrichment, and increased in-person instruction will help the school district address learning gaps caused by loss of instructional time due to COVID-19. The use of counselors, relationship-building, and clear communication were strategies that a majority of stakeholders believed would help address social emotional learning for students. Most stakeholders believed that the greatest positive impact on the Attalla City School District would be a result of increased in-person instructional time, after-school tutoring, increased instructional resources, and increased staffing. The Attalla City School District will employ a mental health coordinator, an additional ESL paraprofessional, and additional personnel to help mitigate learning loss for all students, but concentrating on our special populations. We also will provide school supplies to all students PK – 12 to help offset the parental burden of purchasing these items. Virtual facilitators will be employed for our high school. Additional CNP and custodial personnel will be employed to help with summer learning.

Using the allocation from the ARP ESSER State Reserve, explain how the LEA will identify and engage

- 1) students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years; and
- 2) students who did not consistently participate in remote instruction when offered during school building closures.

*

The LEA will identify through benchmark testing that will be conducted at the beginning of the 2021-2022 school year. Students identify with learning loss due to missed instruction will be engaged and given specialized instruction in order to help close the learning gaps. A variety of learning measures will be utilized including but not limited to: 1:1 instruction, small group instruction, summer school/camps, and other instructional methods.

Budget Amount & Details for Interventions	Amount
<input checked="" type="checkbox"/> Intervention A (Summer Learning & Summer Enrichment Programs)	51,790.00
<input checked="" type="checkbox"/> Intervention B (Comprehensive After-School Programs)	51,790.00
<input checked="" type="checkbox"/> Intervention C (Other) learning loss	241,398.00
Total Cost:	344,978.00

Intervention A (Summer Learning & Summer Enrichment Programs)

Provide the following information for Intervention A (Summer Learning & Summer Enrichment Programs):

- 1) Brief description and timeline for each service (service must end by 9/30/2024)
- 2) Number of employees and FTE(s) (if applicable)
- 3) Itemized Budget using Function & Object codes (must match Budget Grid)

Example:

ARP ESSER funds will be used to host a Summer Enrichment Camp during the Summer of 2023. The camp will run for two weeks for four days a week. Subjects to be covered are science, technology, engineering, mathematics and reading. We will purchase general supplies such as pencils, notebooks, glue, color pencils, copy paper, etc. to effectively run the program. We will also purchase ELA & Math manipulatives to help improve student achievement. Additionally, we will purchase an online subscription to XYZ Company for the duration of the summer program to assist our participating EL students with the curriculum (See attached job description). Total cost: \$109,030.00
