PRIORITY I

Our Priority

<p>What will we prioritize to extend success in 2022-23?</p>	<p>Provide enhanced K-12 social emotional learning (SEL) opportunities & resources to our school communities.</p>
<p>Why is this a priority? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the District’s vision, values and aspirations?</i> • <i>Why did this emerge as something to prioritize?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the district’s long-term plans?</i> • <i>For Districts with identified schools:</i> <ul style="list-style-type: none"> ○ <i>In what ways is this influenced by the “How Learning Happens” document? The Equity Self-Reflection? Student Interviews?</i> ○ <i>In what ways does this support the SCEP commitments of your identified school(s)?</i> 	<ul style="list-style-type: none"> ➤ While SEL programs are in place in Babylon schools, this priority will focus on reviewing the effectiveness of our programs, identifying necessary enhancements and ensuring that all schools implement SEL components with fidelity and consistently across buildings. ➤ Build the emotional vocabulary of our students respective to their appropriate developmental level. According to Marc Brackett’s Permission to Feel students with higher EQ’s (emotional intelligence) are more likely to meet with success. ➤ Explicit teaching of social emotional skills and competencies supports stronger academic performance, improved attitudes and behaviors towards learning and school, and reduced emotional distress. ➤ Schools that include coordinated SEL afford students and staff more opportunities to build stronger relationships. ➤ According to NYSED’s Social Emotional Learning: A Guide to Systemic Whole School Implementation, SEL in combination with culturally response and sustaining practices within a school community provides “a multiplier effect for richer and deeper” learning experiences that help address disproportionalities in achievement and promotes the “enjoyment of instruction for both students and adults” (pp. 12-13).
