

Application Process

All of the Commodore Options programs require an application for enrollment. We are a public school of choice in the Bainbridge Island S.D. serving the students of Bainbridge Island.

If you are an out-of-district student, there are additional forms to complete.

Application due dates will be posted in January for the following school year. Please visit our website to see upcoming information nights and opportunities to learn more about our programs.

We believe that...
every student can learn,
just not on the same day
or in the same way.

- G. Marsh

Who are we and what do we offer?

Commodore Options K-12 is a public school in the Bainbridge Island S.D. supported by student application for enrollment and family choice. The core tenets of all programs are student voice, choice, parental involvement, multi-age classrooms, developing the self-directed learner, and a commitment to student growth.

Our Programs

ODYSSEY K-8

Odyssey is a multi-age learning community focusing on developing the self-directed learner in a supportive learning environment. Parent-volunteers are in the classroom daily and students are able to grow in confidence and skills at their own pace with small or large group core instruction and weekly enrichment opportunities. The beauty of Odyssey is the small, personalized learning environment for students over many years with the same group of students, teachers and families. Enrollment is based on an application and lottery system each spring.

MOSAIC HOME EDUCATION PARTNERSHIP K-8

Mosaic provides educational support to both independent home-schooling students and Alternative Learning Experience (ALE) students and their families. It provides support to students,

parents, and staff who value individualized education and celebrating the individual's creativity, learning style, and strengths. Students participate in weekly enrichment classes and monthly meetings with their advisor.

EAGLE HARBOR HIGH SCHOOL 9-12

EHHS is a small, options high school offering a personalized learning environment where the individual student has voice and choice. Students enroll in a combination of seat-based classes, independent studies, and community mentorships to navigate high school and experience personal challenge and growth. EHHS focuses on developing relationships, creating a supportive learning community, and the self-directed learner.
