COVID-19 testing is free. Please bring your health insurance card if you have insurance. Lane County Public Health will follow-up with anyone who tests positive.

QUESTIONS?

Contact Lane County Public Health Communicable Disease at 541-682-4041

Why Get Tested?

PREVENT THE SPREAD

Testing will help Lane County Public Health understand what COVID-19 looks like in our community and help prevent further outbreaks

KNOW FOR CERTAIN

COVID-19 symptoms can look different for different people. Some people may not have any symptoms at all. The only way to know for certain is to do a test.

PROTECT THOSE AROUND YOU

COVID-19 spreads between people in close contact. One way to help protect yourself and those around you is to test to know if you have the virus.

To prevent contracting COVID, continue to practice good handwashing, social distancing and wear a mask.

PUBLIC HEALTH
Prevent. Promote. Protect.
