CALL TO ORDER

Chair Cunningham called the October 24, 2022 Work Session to order at 5:35 p.m.

ACTION ON MINUTES

Chair Cunningham presented the Minutes from the October 10, 2022 Board Meeting and asked for additions or corrections. Hearing none, the Board approved the Minutes as submitted.

Director Farr arrived at approximately 5:43 p.m.

STRATEGIC PLANNING: KRISTEN MILES, OSBA

Superintendent Sproles updated the Board on the District's strategic planning process and introduced OSBA Board Development Specialist Kristen Miles. Ms. Miles reviewed the work the Board did during the September 12th Work Session and provided the Board with a summary of their work she compiled in a document titled *Strategic Planning Group Work Summaries 9/12/22*.

Superintendent Sproles and Ms. Miles reviewed Bethel's equity decision making framework.

Student Success Administrator Erika Case shared the District's strategic planning timeline and reported that the District is currently assembling a team representative of Bethel's constituents to analyze data collected from surveys, focus groups, and perspective interviews. The Board discussed groups the District would like to engage with for feedback and barriers to hearing additional perspectives.

Chair Cunningham called a recess at 6:52 p.m.

Chair Cunningham reconvened the meeting at 6:57 p.m.

Director Nelson left at approximately 6:55 p.m.

Superintendent Sproles postponed Board perspective interview training which was initially planned for tonight's Work Session.

Administrator for Strategic Initiatives Carmen Adler provided an overview of the ongoing focus groups taking place throughout the District to gather feedback from staff. Ms. Adler shared questions asked during the focus group guided discussions and the staff focus group summary of results from Cascade's focus group which took place earlier this month. The staff focus group summaries include word frequency, themes, and anecdotal data, and will be used as one data set in the District's strategic planning process. They will also be provided as feedback to each building/department.

POLICY

The Board recognizes the integral role interscholastic activities¹ play in the character development and general enhancement of the education of its students. Accordingly, administrators, coaches, advisors, student participants, and others associated with the District's high school activities programs and events shall conduct themselves in a manner that is consistent with the letter and spirit of policies, rules, and regulations of the District and any associated voluntary organization². Each will be held accountable for their actions.

The District and its schools may only be members of and pay fees, if any, to a voluntary organization that administers interscholastic activities or that facilitates the scheduling and programming of interscholastic activities if the organization:

1. Implements and adheres to equity focused policies that:

- a. Address the use of derogatory or inappropriate names, insults, verbal assaults, profanity, or ridicule that occurs at an interscholastic activity, including by spectators of the interscholastic activity;
- b. Prohibit discrimination:
- c. Permit a student to wear religious clothing in accordance with the student's sincerely held religious belief and consistent with any safety and health requirements; and
- d. Balance the health, safety, and reasonable accommodation needs of participants on an activity-by-activity basis;

2. Maintains a transparent complaint process that:

- a. Has a reporting system to allow participants of interscholastic activities or members of the public to make complaints about student, coach, or spectator behavior;
- b. Responds to a complaint made within 48 hours of the complaint being received; and
- c. Resolves a complaint within 30 days of the complaint being received unless the organization determines that there is good cause to extend the timeline for resolving the complaint;

¹ Interscholastic activities includes: for students any grade from kindergarten through grade 12, athletics, music, speech and other similar or related activities; for students in any grade from kindergarten through grade eight, activities that are offered only before or after regular school hours and that may, but are not required to, involve interaction among other schools.

² Includes a voluntary organization that administers interscholastic activities or that facilitates the scheduling and programming of interscholastic activities.

- 3. Develops and implements a system of sanctions against schools, students, coaches, and spectators if a complaint is verified; and
- 4. Performs an annual survey of students and their parents to understand and respond to potential violations of equity focused policies or other discrimination.

The District shall allow homeschooled students that reside in the district, students eligible to attend school and enrolled in a high school equivalency program³ that reside in the district, and students attending a public charter school that does not provide interscholastic activities that reside in the District, the opportunity to participate in available interscholastic activities when the requirements found in Oregon law are met.

Interscholastic activities when provided by the District will comply with Title IX and other nondiscrimination laws.

District employees, students, parents, alumni, and activity volunteers are prohibited from inducing or attempting to induce a student to attend a District school for interscholastic activity eligibility or participation. The principal, activities director, advisors and coaches are each responsible for ensuring student participants meet all District eligibility requirements of participation and those of the associated voluntary organization. The principal or designee is responsible for ensuring accurate certification regarding the eligibility of participating students and for verifying that athletic directors, coaches of sports, and activity advisors have all required certifications prior to assuming their duties. The principal or designee shall ensure that a program is in place to effectively evaluate the performance of all coaches and activity advisors under their supervision.

Volunteers may be approved to assist with District activities with prior approval from the principal.

The principal shall investigate all allegations of District student ineligibility, staff recruitment violations or other student or staff conduct that may violate Board policies, administrative regulations, and/or the rules and regulations of the associated voluntary organization. The principal shall notify the Superintendent or designee of conduct that violates the terms of this policy and report to the associated voluntary organization if required.

An employee determined to have violated Board policies and/or rules and regulations of the associated voluntary organization may be subject to discipline, up to and including, dismissal. A student in violation of Board policies and/or the rules and regulations of the associated voluntary organization will be subject to discipline, up to and including, dismissal from an interscholastic activity or program, suspension and/or expulsion from school. Volunteers in violation of Board policies and/or the rules and regulations of the associated voluntary organization shall be subject to discipline, up to and including, removal from District programs and activities and such other sanctions as may be deemed appropriate by the District.

Employees, volunteers, or students in violation of such policies, rules and/or regulations may be required to remunerate the District in the event fines are assessed as a result of their actions.

³ "High school equivalency program" means a program provided to assist a student in earning a certificate for passing an approved high school equivalency test such as the General Educational Development (GED) test.

The Superintendent will develop procedures, as necessary, to implement this policy, including a process to ensure that all District rules governing the conduct of students, staff, and volunteers engaged in District activities are regularly reviewed and updated.

The District will annually review interscholastic activities and participation to determine whether the current offerings reflect the students the District serves.

²For a high school diploma awarded on or after January 1, 2018.

The district will allow ELL students to demonstrate proficiency in Essential Skills other than Apply Mathematics, in a variety of settings, in the student's language of origin for those ELL students who by the end of high school:

- 1. Are on track to meet all other graduation requirements;
- 2. Are unable to demonstrate proficiency in the Essential Skills in English;
- 3. Have been enrolled in a U.S. school for five years or less; and
- 4. Receives at least a level 3 (Intermediate) on the English Language Proficiency Assessment (ELPA)³.

The district will develop procedures to provide assessment options as described in the *Test Administration Manual*, in the ELL student's language of origin for those ELL students who meet the criteria above, and will develop procedures to ensure that locally scored assessment options administered in an ELL student's language of origin are scored by a qualified rater.

The district may not deny a student, who has the documented history of an inability to maintain grade level achievement due to significant learning and instructional barriers, or of a medical condition that creates a barrier to achievements, the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or the extended diploma is awarded. A student who is emancipated or has reached the age of 18 at the time the modified diploma or the extended diploma is awarded may sign the consent.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in either four years after starting the ninth grade, or until the student reaches the age of 21, if the student is entitled to a public education until the age of 21 under state or federal law.

A student may satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years but not less than three years. In order to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years, the student's parent or guardian or a student who is emancipated or has reached the age of 18 must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21. A copy of the consent will be forwarded to the district superintendent who will annually report to the Superintendent of Public Instruction the number of such consents.

Beginning in grade five when a student is taking an alternative assessment or after a documented history to qualify for a modified diploma, extended diploma or an alternative certificate has been established, the district will annually provide to the parents or guardians of the student, information about the availability and requirements of a modified diploma, an extended diploma and an alternative certificate.

A student who qualifies to receive or receives a modified diploma, an extended diploma, or an alternative certificate shall have the option of participating in a high school graduation ceremony with the student's class.

A student who receives an extended diploma or an alternative certificate shall have access to individually designed instructional hours, hours of transition services and hours of other services that equals at least the total number of instructional hours that is required to be provided to students who are attending a public high school, as determined by the individualized education program (IEP) team.

³This criteria does not apply to students seeking a diploma in 2017-2018.

A student who has received a modified diploma shall continue to have access to individually designed instructional hours, hours of transition services, and hours of other services that are designed to meet the uniquenceds of the student.⁴

The district will award to students with disabilities a document certifying successful completion of program-requirements. No document issued to students with disabilities educated in full or in part in a special education-program shall indicate that the document is issued by such a program. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternative certificate or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, an extended diploma or an alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

Students and their parents will be notified by grade five of graduation and diploma requirements.

The district may not deny a diploma to a student who has opted out of the statewide assessments if the student is able to satisfy all other requirements for the diploma. Students who opt out will need to meet the Essential Skills graduation requirement using another approved assessment option.

The district will issue a high school diploma, upon request, and pursuant to Oregon law (ORS 332.114) to a person who served in the Armed Forces⁵, and the person was discharged or released under honorable conditions.

The district shall establish conduct and discipline consequences for student-initiated test impropriety. "Student-initiated test impropriety" means student conduct that is inconsistent with the *Test Administration Manual* or accompanying guidance; or results in a score that is invalid.

The Board establishes graduation requirements for awarding of a high school diploma, a modified diploma, an extended diploma and an alternative certificate which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The District will award a diploma to a student fulfilling graduation requirements in less than four years if consent is given by the student's parent or guardian or by the student if the student is 18 years of age or older or emancipated.

- b. World War II:

⁴A student who received a modified diploma prior to July 1, 2018 shall continue to have access to instructional hours, hours of transition services and hours of other services that are designed to meet the unique needs of the student.

⁵The policy applies to any person who:-

^{1.} Served in the Armed Forces of the U.S. at any time during:

a. World War I;

e. Operation Enduring Freedom (Afghanistan); or

f. Operation Iraqi Freedom (Iraq);

^{3.} Served in the Armed Forces of the U.S. in an area designated as a combat zone by the President of the U.S.

If the District requires diploma requirements beyond the state requirements, the district shall grant a waiver for those requirements to any student who, at any time from grade 9 to 12, was:

- 1. A foster child⁶;
- 2. Homeless;
- 3. A runaway;
- 4. A child in a military family covered by the Interstate Compact on Educational Opportunity for Military Children;
- 5. A child of a migrant worker; or
- 6. Enrolled in the Youth Corrections Education Program or the Juvenile Detention Education Program.

For any student identified above, the district shall accept any credits earned by the student in an educational program⁷ in this state, applying those credits toward the state requirements for a diploma if the credits satisfied those requirements in that educational program in this state.

Diploma

A high school diploma will be awarded to students in grades 9 through 12 who complete a minimum of 24 credits which include at least:

- 1. Three credits in mathematics (must be Algebra I and above);
- 2. Four credits in language arts (shall include the equivalent of one unit in written composition);
- 3. Three credits in science:
- 4. Three credits in social sciences (including history, civics⁸, geography and economics (including personal finance));

_

⁶ As defined in ORS 30.297.

⁷ "Educational program in this state" means an educational program that is provided by a school district, a public charter school, the Youth Corrections Education Program or the Juvenile Detention Program, or funded as provided by ORS 343.243 for students in a long term care or treatment facility described in ORS 343.962 or a hospital identified in ORS 343.261.

⁸ Civics becomes a half-credit requirement beginning on January 1, 2026 ORS 329.451.

⁹ "World language" includes sign language, heritage language and languages other than a student's primary language.

The District shall offer students credit options provided the method for obtaining such credits is described in the student's personal education plan and the credit is earned by meeting requirements described in Oregon Administrative Rule (OAR) 581-022-2025.

To receive a diploma, in addition to credit requirements outlined in OAR 581-022-2000, a student must ¹⁰:

- 1. Develop an education plan and build an education profile;
- 2. Demonstrate extended application through a collection of evidence; and
- 3. Participate in career-related learning experiences.

Modified Diploma

A modified diploma will be awarded only to students who have demonstrated the inability to meet the full set of academic standards adopted by the State Board of Education for a diploma while receiving reasonable modifications and accommodations. A modified diploma may only be awarded to a student who meets the eligibility criteria below and other criteria, if applicable, outlined in OAR 581-022-2010(3):

- 1. Has a documented history of an inability to maintain grade level achievement due to significant learning and instructional barriers; or
- 2. Has a documented history of a medical condition that creates a barrier to achievement.

Having met the above eligibility criteria, a modified diploma will be awarded to students who, while in grade nine through completion of high school, complete 24 credits which shall include:

- 1. Three credits in language arts;
- 2. Two credits in mathematics;
- 3. Two credits in science;

4. Two credits in social sciences (which may include history, civics, geography and economics (including personal finance));

- 7. One credit in career technical education, the arts or world languages (units may be earned in any one or a combination).

Students may earn additional credits to earn a modified diploma pursuant to OAR 581-022-2010.

¹⁰ The proficiency in Essential Skills requirement has been waived and is not a condition of receiving a high school diploma during the 2021-2022, 2022-2023 or 2023-2024 school year (Senate Bill 744, 2021).

In addition to credit requirements as outlined in OAR 581-022-2010, a student must:

- Develop an education plan and build an education profile; and
- 2. Demonstrate extended application through a collection of evidence.

Districts may make modifications to the assessment for students who seek a modified diploma when the following conditions are met:

- For a student on an individualized education program (IEP) or Section 504 plan, any modifications to work samples must be consistent with the requirements established in the IEP or 504 plan. Modifications include practices and procedures that compromise the intent of the assessment through a change in learning expectations, construct, or content that is to be measured, grade level standard, or measured outcome of the assessment. This means that IEP or 504 school teams responsible for approving modifications for a student's assessment may adjust the administration of the assessment and/or the assessment's achievement standard:
- For a student not on an IEP or 504 plan, any modifications to work samples must have been provided to the student during their instruction in the content area to be assessed and in the year in which the student is being assessed, and modifications must be approved by the school team that is responsible for monitoring the student's progress toward the modified diploma.

Students not on an IEP or a Section 504 Plan may not receive a modified Smarter Balanced assessment.

A student's school team shall decide that a student should work toward a modified diploma no earlier than the end of grade six and no later than two years before the student's anticipated exit from high school.

A student's school team may decide to revise a modified diploma decision.

A student's school team may decide that a student who was not previously working toward a modified diploma should work toward one when the student is less than two years from anticipated exit from high school if the documented history has changed.

Beginning in grade five or beginning after a documented history to qualify for a modified diploma, the district shall annually provide to the parents or guardians of the student, information about the availability and requirements of a modified diploma.

Extended Diploma

An extended diploma will be awarded only to students who have demonstrated the inability to meet the full set of academic content standards adopted by the State Board of Education for a diploma while receiving modifications and accommodations. To be eligible for an extended diploma, a student must:

- While in grade nine through completion of high school, complete 12 credits, which may not include more than six credits in a self-contained special education classroom and will include:
 - Two credits in mathematics; a.
 - Two credits in language arts; b.

- c. Two credits in science;
- d. Three credits in history, geography, economics or civics;
- e. One credit in health;
- f. One credit in physical education; and
- g. One credit in the arts or a world language.

2. Have a documented history of:

- a. An inability to maintain grade level achievement due to significant learning and instructional barriers;
- b. A medical condition that creates a barrier to achievement; or
- c. A change in the student's ability to participate in grade level activities as a result of a serious illness or injury that occurred after grade eight.

Beginning in grade five or beginning after a documented history to qualify for an extended diploma, the district shall annually provide to the parents or guardians of the student, information about the availability and requirements of an extended diploma.

Alternative Certificates

Alternative certificates will be awarded to students who do not satisfy the requirements for a diploma, a modified diploma, or an extended diploma if the students meet minimum requirements established by the district.

Beginning in grade five or beginning after a documented history to qualify for an alternative certificate, the district shall annually provide to the parents or guardians of the student, information about the availability and requirements of an alternative certificate.

Other District Responsibilities

The district will ensure that students have onsite access to the appropriate resources to achieve a diploma, a modified diploma, an extended diploma, or an alternative certificate at each high school. The district will provide age-appropriate and developmentally appropriate literacy instruction to all students until graduation.

The district may not deny a student the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history listed under the above modified diploma or extended diploma requirements.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of a student who is emancipated or who has reached the age of 18 at the time the modified or extended diploma is awarded, or the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or the extended diploma is awarded.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in the later of 4 years after starting the ninth grade, or until the student reaches the age of 21 if the student is entitled to a public education until the age of 21 under state or federal law.

A student may satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years but not less than three years. To satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than four years, the student's parent or guardian or a student who is emancipated or has reached the age of 18 must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21. A copy of the consent will be forwarded to the district superintendent who will annually report to the Superintendent of Public Instruction the number of such consents.

A student who qualifies to receive or receives a modified diploma, an extended diploma, or an alternative certificate shall have the option of participating in a high school graduation ceremony with the student's class.

A student who receives a modified diploma, an extended diploma, or an alternative certificate shall have access to instructional hours, hours of transition services and hours of other services that are designed to meet the unique needs of the student and when added together provide a total number of hours of instruction and services that equals at least the total number of instructional hours that are required to be provided to students who are attending a public high school.

The District will award to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a free appropriate public education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternative certificate or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, extended diploma or alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

Students and their parents will be notified of graduation and diploma requirements.

The district may not deny a diploma to a student who has opted out of statewide assessments if the student is able to satisfy all other requirements for the diploma. Students may opt-out of the Smarter Balanced or alternate Oregon Extended Assessment by completing the Oregon Department of Education's Opt-out Form¹¹ and submitting the form to the district.

The district will issue a high school diploma pursuant to Oregon law (ORS 332.114) to a veteran if the veteran resides within the boundaries of the district or is an Oregon resident and attended a high school of the district, or to a deceased veteran, upon request from a representative of the veteran, if the deceased veteran resided within the boundaries of the district at the time of death or was an Oregon resident at the time of death and attended a high school of the district.

The act of student-initiated test impropriety is prohibited. A student that participates in an act of student-initiated test impropriety will be subject to discipline. "Student-initiated test impropriety"

POLICY

The Board desires to maintain open channels of communication between itself and the District staff. The basic line of communication will be through the Superintendent.

Staff Communications to the Board

All formal communications or reports to the Board, or any Board committee, from staff members will be submitted through the Superintendent. If Board members are contacted directly, the Board members will redirect any communication or requests to the Superintendent. This procedure will not be construed as denying the right of any employee to address the Board about issues that are neither part of an active administrative procedure, nor disruptive to the operation of the District. In addition, this procedure does not restrict protected labor relations communications of bargaining unit members. Staff members are invited to Board meetings, which provide an opportunity to observe the Board's deliberations on matters of District operation.

Board Communications to Staff

All official Board communications, policies and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will provide appropriate communication to keep staff fully informed of the Board's policies, priorities and actions.

Visits to Schools

Visits to address specific concerns from staff members will be considered official visits. Official visits by Board members will be carried out only under Board authorization and with the full knowledge of staff, including the Superintendent, principals and other supervisors. Unofficial school visits by Board members will be regarded as informal expressions of interest in school affairs and are encouraged. These visits are not "inspections" or visits for supervisory or administrative purposes.

GBN/JBA-AR2 <u>FEDERAL LAW (TITLE IX) SEXUAL HARASSMENT COMPLAINT</u> PROCEDURE

Adopted: 12/2022

Additional Definitions

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the district's Title IX Coordinator or any official of the district who has authority to institute corrective measures on behalf of the district, or to any employee of an elementary or secondary school.¹

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent² and requesting that the district investigate the allegation of sexual harassment.³

"Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures.

Formal Complaint Procedures

Upon receipt of a formal complaint, the district will provide the parties⁵ written notice of the following:

- 1. Notice of the district's grievance process, including any informal resolution process.
- 2. Notice of the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details⁶ known at the time and with sufficient time to prepare a response before any initial interview.
- 3. That the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility be made at the conclusion of the grievance process.

¹ This standard is not met when the only official with knowledge is the respondent.

² "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

³ A complainant must be participating in or attempting to participate in the education program or activity of the district with which the formal complaint is filed.

⁴ Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

⁵ Parties include the complainant and the respondent, if known.

⁶ Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known.

- 4. That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney.
- 5. The parties may inspect and review evidence.
- 6. A reference to any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

The Title IX Coordinator will contact the complainant and the respondent to discuss supportive measures. If necessary, the Title IX Coordinator will arrange for an individualized safety and risk analysis. If necessary, a student or non-student employee may be removed or placed on leave.

Investigation

The Title IX Coordinator will coordinate the district's investigation. The investigation must:

- 1. Include objective evaluation of all relevant evidence, including inculpatory and exculpatory evidence.
- 2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties.⁷
- 3. Provide an equal opportunity for the parties to present witnesses, and other inculpatory and exculpatory evidence.
- 4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.
- 5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.
- 6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.
- 7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint. Prior to completion of the investigative report, the district must send to each party and party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the

⁷ The district cannot access, consider, disclose, or otherwise use a party's records that are made of maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's capacity, and which are maintained in connection with the provision of treatment to the party, unless the district obtains the party's (or eligible student's parent's) voluntary, written consent to do so.

⁸ In addition to an advisor, complainants and respondents may also be entitled to other accompaniment as required by law or as necessary for conducting of grievance procedures, including but not limited to translators, services for students with disabilities and parents of minor students.

⁹ This includes the evidence upon which the district does not intent to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the investigation. The district must make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report;

8. Create an investigative report that fairly summarizes relevant evidence and is sent to each party and party's advisor in electronic format or hard copy at least 10 days prior to any hearing (if required or provided) or other time of determination of responsibility. The party and advisor will be allowed to review and provide a written response.

After the district has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision maker(s) must afford each party the opportunity to submit written, relevant questions ¹⁰ that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Credibility determinations are not based on the person's status as a complainant, respondent or witness.

No person designated as a Title IX Coordinator, investigator, decision-maker, or any person designated by the district to facilitate an informal resolution process may have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the notice previously provided, the district must provide notice of the additional allegations to the parties whose identities are known.

At no point in the process will the district, or anyone participating on behalf of the district, require, allow, rely upon, or otherwise use questions or evidence that constitutes, or seeks disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

Determination of Responsibility

The respondent must be deemed to be not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

The standard to be used for formal complaints in determining whether a violation has occurred is the preponderance of the evidence¹¹ standard.

The person deciding the question of responsibility (the "decision-maker") must be someone other than the Title IX Coordinator or the investigator(s). The decision-maker must issue a written determination which must include:

1. Identification of the allegations potentially constituting sexual harassment;

¹⁰ Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the question and evidence concern specific incidents of the complainants prior sexual behavior with respect to the respondent and are offered to prove consent.

A preponderance of the evidence standard is understood to mean concluding that a fact is more likely than not to be true. U.S. Department of Education, Title IX Regulations commentary, p. 1268, FN 1409.

Administrative Rule GBN/JBA-AR2

- 2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearings held;
- 3. Findings of fact supporting the determination;
- 4. Conclusions regarding the application of the district's code of conduct to the facts;
- 5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions the district imposes on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- 6. The district's procedures and permissible bases for the complainant and respondent to appeal.

The district must provide the written determination to the parties simultaneously.

The determination regarding responsibility becomes final either on the date that the recipient provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Remedies

The Title IX Coordinator is responsible for effective implementation of any remedies.

The disciplinary sanctions 12 may include:

- 1. Discipline up to and including suspension and expulsion;
- 2. Removal from various activities, committees, extra-curricular, positions, etc.
- 3. Disqualification for awards and honors;
- 4. Discipline up to and including termination, in accordance with laws, agreements, contracts, handbooks, etc. 13

Other remedies may include:

1. Educational programming.

Dismissal of a Formal Complaint

The district must dismiss a formal complaint with regard to Title IX sexual harassment if the alleged conduct:

1. Would not constitute sexual harassment, even if proved;

¹² Districts should review any other disciplinary procedures and requirements prior to imposing any discipline, and should contact legal counsel with questions.

¹³ It is important to keep supportive measures separate from disciplinary sanctions. Supportive measures must be "non-disciplinary" and "non-punitive."

- 2. Did not occur in the district's education program or activity¹⁴; or
- 3. Did not occur against a person in the United States.

- 2. The respondent is no longer enrolled or employed by the district; or
- 3. Specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal of a formal complaint, the district must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude the district from continuing any investigation and taking action under a different process. The district may have an obligation to continue an investigation and process under a different process.

Consolidation of Complaints

The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by one or more complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Informal Resolution

If the district receives a formal complaint, at any time prior to reaching a determination regarding responsibility, the district may offer an optional informal resolution process, provided that the district:

- 1. Provides written notice to the parties disclosing:
 - a. The allegations;
 - b. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
 - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
- 2. Obtains the parties' voluntary written consent to the informal resolution process; and
- 3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

¹⁴ Includes locations, events, or circumstances over which the district exercised substantial control over both the respondent the respondent and the context in which the sexual harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by a postsecondary institution. (Title 34 C.F.R. §106.44(a))

Appeals

Either party may file an appeal from a determination regarding responsibility or from a dismissal of a formal complaint, within 15 days of the decision, on the following bases:

- 1. Procedural irregularity that affected the outcome of the matter;
- 2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- 3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- 4. Additional bases may be allowed, if made available equally to both parties.

When an appeal is filed, the district must:

- 1. Notify the other party in writing;
- 2. Implement appeal procedures equally for both parties;
- 3. Ensure the decision-makers(s) for the appeal is not the same person as the decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
- 4. Ensure the decision-maker for the appeal is free from conflicts of interest and bias;
- 5. Give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging the outcome;
- 6. Issue a written decision describing the result of the appeal and the rationale for the result; and
- 7. Provide the written decision simultaneously to both parties.

Timelines

The district will complete the following portions of the grievance process within the specified timelines:

- 1. General grievance process (from receipt of formal complaint to determination of responsibility: 90 days;
- 2. Appeals (from receipt of appeal): 60 days;
- 3. Informal resolution process: 60 days.

Temporary delays of the grievance process, or limited extensions of time will be allowed for good cause¹⁵ with written notice to the parties.

Records will be created and maintained in accordance with the requirements in Title 34 C.F.R. §106.45(a)(10). ¹⁶

Training

The training must also include avoiding prejudgment of the facts at issue, conflicts of interest and bias.

Decision-makers must receive training on any technology to be used at a live hearing and on issues of relevance of questions and evident, including when questions about evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Most records (including training) must be retained for at least seven years.

¹⁶ This includes creating a record for each investigation. This record must include:

[•] Basis for the conclusion that the district's response was not deliberatively indifferent; and

 - (1) Before special education and related services are provided to a student;
 - (2) At the beginning of each school year for each student with a disability for whom the District is responsible; and
 - (3) Before the District implements all the special education and related services, including program modifications, supports and/or supplementary aids and services, as identified on the IEP.

b. The District uses:

- (1) The Oregon standard IEP; or
- (2) An IEP form that has been approved by the Oregon Department of Education.
- c. The District develops and implements all provisions of the IEP as soon as possible following the IEP meeting.
- d. The IEP will be accessible to each of the student's general education teacher(s), the student's special education teacher(s) and the student's related services provider(s) and other service provider(s).
- e. The District takes steps to ensure that guardian(s) are present at each IEP meeting or have the opportunity to participate through other means.
- f. The District ensures that each teacher and service provider is informed of:
 - (1) Their specific responsibilities for implementing the IEP specific accommodations, modifications and/or supports that must be provided for, or on behalf of the student; and
 - (2) Their responsibility to fully implement the IEP, including any amendments the District and guardians agreed to make between annual reviews.

g. The District provides a copy of the IEP to the guardians at no cost.

2. IEP Meetings

- a. The District conducts IEP meetings within 30 calendar days of the determination that the student is eligible for special education and related services.
- b. The District convenes IEP meetings for each eligible student periodically, but not less than once per year.
- c. At IEP meetings, the team reviews and revises the IEP to address any lack of expected progress toward annual goals and in the general curriculum, new evaluation data or new information from the guardian(s), the student's anticipated needs, or the need to address other matters.
- d. Between annual IEP meetings, the District and the guardian(s) may amend or modify the student's current IEP without convening an IEP team meeting, using the procedures in the Agreement to Amend or Modify IEP subsection.

- e. When the guardian(s) requests a meeting, the District will either schedule a meeting within a reasonable time or provide timely written prior notice of the District's refusal to hold a meeting.
- f. If an agency other than the District fails to provide agreed upon transition services contained in the IEP, the District convenes an IEP meeting to plan alternative strategies to meet the transition objectives and, if necessary, to revise the IEP.

Any member of the IEP team, including parents and eligible students, may request that the IEP team meet to review the need for Individualized COVID-19 Recovery Services at any time.

a. IEP teams are not required to meet more than once annually to consider the need for

¹ The requirements of this section are in effect until July 1, 2023 unless extended by the State Board of Education.

Individualized COVID-19 Recovery Services unless updated information indicates the eligible student's circumstances have changed or there is reason to suspect that the eligible student may need any additions or modifications to their Individualized COVID-19 Recovery Services.

b. IEP teams that considered the need for Individualized COVID-19 Recovery Services at an initial IEP or annual review meeting on or after June 24, 2021 shall review the need for Individualized COVID-19 Recovery Services at the next annual review, but are not required to do so before then unless the eligible student's circumstances have changed or there is reason to suspect that the eligible student may need any additions or modifications to their Individualized COVID-19 Recovery Services.

When Individualized COVID-19 Recovery Services are recommended, the eligible student's IEP must be updated to reflect the recommendation.

- e. To promote self-determination and independence, the District shall provide the student and the student's guardians with information and training resources regarding supported decision-making as a less restrictive alternative to guardianship, and with information and resources regarding strategies to remain engaged in the student's secondary education and post-school outcomes. The District shall provide this information at each IEP meeting that includes discussion of post-secondary education goals and transition services.

- c. The District does not limit consideration of ESY services to particular categories of disability or unilaterally limit the type, amount or duration of service.
- d. The District provides ESY services to maintain the student's skills or behavior, but not to teach new skills or behaviors.
- e. The District's criteria for determining the need for extended school year services include:
 - (1) Regression (a significant loss of skills or behaviors) and recoupment time based on documented evidence; or
 - (2) If no documented evidence, on predictions according to the professional judgment of the team.
- f. "Regression" means significant loss of skills or behaviors in any area specified on the IEP as a result of an interruption in education services.
- g. "Recoupment" means the recovery of skills or behaviors specified on the IEP to a level demonstrated before the interruption of education services.

11. Assistive Technology

- a. The District ensures that assistive technology devices or assistive technology services, or both, are made available if they are identified as part of the student's IEP. These services and/or devices may be part of the student's special education, related services or supplementary aids and services.
- b. On a case-by-case basis, the District permits the use of District-purchased assistive technology devices in the student's home or in other settings if the student's IEP team determines that the student needs access to those devices to receive a free appropriate public education. In these situations, District policy will govern liability and transfer of the device when the student ceases to attend the District.

12. Transfer Students

a. In state:

If a student with a disability (who had an IEP that was in effect in a previous district in Oregon) transfers into the District and enrolls in a District school within the same school year, the District (in consultation with the student's guardians) provides a free appropriate public education to the student (including services comparable to those described in the student's IEP from the previous district), until the District either:

- (1) Adopts the student's IEP from the previous district; or
- (2) Develops, adopts and implements a new IEP for the student in accordance with all of the IEP provisions.

b. Out of state:

If a student transfers into the District with a current IEP from a district in another state, the District, in consultation with the student's guardians, will provide a free appropriate public education to the student, including services comparable to those described in the student's IEP from the previous district, until the District:

- (1) Conducts an initial evaluation (if determined necessary by the District to determine Oregon eligibility) with guardian consent and determines whether the student meets eligibility criteria described in Oregon Administrative Rules.
- (2) If the student is eligible under Oregon criteria, the District develops, adopts and implements a new IEP for the student using the Oregon Standard IEP or an approved alternate IEP.
- (3) If the student does not meet Oregon eligibility criteria, the District provides prior written notice to the guardians explaining that the student does not meet Oregon eligibility criteria and specifying the date when special education services will be terminated.
