POLICY

Oregon Revised Statutes Section 294.135 and 294.052 generally requires a local government to have its investment policy reviewed by the Oregon Short Term Fund Board (“OSTFB”) before the local government adopts the policy and makes investments that are longer than 18 months from their purchase date. The District may wish to invest its bond proceeds longer than 18 months to match investment maturity dates to the expected schedule for payment of construction costs. The OSTFB has made this short-form policy available to local governments that desire to invest only bond proceeds or bond related funds described in ORS 294.052 for more than 18 months, and that desire expedited review by the OSTFB before the investment policy is adopted. This short-form policy contains very substantial limitations and does not provide the District with the controls or flexibility that a comprehensive investment policy should provide.

SCOPE

This investment policy applies only to the investment of bond proceeds or bond related funds described in ORS 294.052. All other funds of the District that are subject to ORS 294.135 will be invested under 18 months.

OBJECTIVE

The primary objectives, in order of priority, for the District’s investment under this policy are as follows:

1. Legality: The investments will be in compliance with all statutes governing the investment of public funds in the State of Oregon.
2. Liquidity: The investments will be made in a manner that generates sufficient cash flow to meet the expected project cost schedule. A liquidity component of at least 10% of the current bond proceed balance will be maintained in cash and/or the LGIP, assuming that this amount is within ORS 294.810 restrictions.
3. Safety: Investments are limited to U.S. Treasury, non-callable fixed rate Government Sponsored Enterprise and Agency securities, and Senior unsecured debt obligations guaranteed by the Federal Deposit Insurance Corporation under the Temporary Liquidity Guarantee Program (TLGP) described in Section 8.0, below.
4. Yield: The yield will be dependent on the timing of the investments.

DELAGATION OF AUTHORITY

The Investment Officer is responsible for all investment decisions.

ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that may conflict with the proper execution of the investment program, or may impair their ability to make impartial investment decisions.
