

Kindergarten Camp

At registration in August, you will sign up your student for Smart Start Kindergarten Camp day for either Sept. 3rd (group 1) Sept. 4th (group 2).

A time will be scheduled for you to meet with your child's teacher on September 5th or September 6th.

On the day of your child's Kindergarten Camp, you are welcome to briefly take pictures, then tour the school, finalize transportation schedules and have questions answered.

Parent/Guardian - Teacher Meetings

One-on-one parent/guardian meetings with teachers on September 5th or 6th will provide families and teachers the opportunity to talk more about your child's individual needs and learning styles.

It will also assist in verifying information provided on the various health, registration, and student questionnaire forms.

What is Smart Start?

Smart Start support students and families in a smooth transition to kindergarten.

Kindergarten students are introduced to their first week of school in a strategic and organized way.

This provides an opportunity to:

- ◆ **Work with students** in smaller groups as they learn to navigate new routines, new expectations, and their new school
- ◆ **Begin assessing** kindergarten academic and readiness skills
- ◆ **Determine classroom assignments** to best meet the educational needs of every child
- ◆ **Meet individually** with families
- ◆ **Provide tours** so everyone in the family will be familiar with school

Bethel is committed to providing a smart start to Kindergarten students and a successful school experience.
