Parent/Teacher Communication

In order for teachers to communicate with parents, it is <u>VITAL</u> for the school to have your correct contact information on file. Our school messaging system (School Status) uses the contacts listed in your student's iNow account. **<u>This means that all messages will be sent to the e-mail address you provided during registration</u>**.

Please make sure that the e-mail address you provided is the one you check regularly. To verify or update your e-mail address and/or preferred phone number, please contact the main office at 228-435-1421.

Weekly ELA Assignment Sheet

Each week parents will receive a <u>DIGITAL</u> Weekly Assignment Sheet from your child's ELA teacher. This weekly update will include an overview of assignments for the coming week, along with the dates of quizzes, tests, and retests.

TIP: Use this weekly communication to hold your student accountable for studying and completing assignments!

Access to Student's Grades

Parents have access to their student's grades at all times through the iNow online grade book. The school guidance counselors will mail this information to parents at the beginning of the school year. In the event you have any questions or issues accessing iNow, please contact the 7th grade guidance counselor, Ms. Rachel Hokamp at rachel.hokamp@biloxischools.net.

TIP: Student's have access to iNow, as well. Students will be given their iNow usernames and passwords from their homeroom teacher at the beginning of the school year.

School Status

We will be using the School Status platform to contact you. This system allows us (teachers) to contact you (parents) through phone, email, and/or text. In order to receive communication from your child's teachers, you will need to make sure that you provided the school with your most up-to-date contact information.

TIP: When a teacher calls from School Status, the number will show up on your caller identification as an out of area phone number. It will not show up as the school phone number.
