February 3-7, we join schools nationwide in celebrating National School Counselor Week, a time to recognize the vital contributions school counselors make to our students, staff, and community. The 2025 celebration theme is “School Counseling: Helping Students Thrive”.

School counselors play a critical role in fostering academic success, emotional well-being, and social growth for all students. From guiding career and college readiness to providing support through challenges, school counselors are the heart of a well-rounded educational experience, ensuring every student feels seen, supported, and empowered to reach their potential.

We are incredibly fortunate to have two outstanding school counselors in our district, whose combined 62 years of experience exemplify their dedication and excellence. Their invaluable expertise has been instrumental in creating a positive, supportive environment where students thrive academically and emotionally.

Please join me in thanking and celebrating Sharyl Kay and Rhonda Scallon for their tireless efforts and the extraordinary impact they have on our district and community.

2025-2026 Full-Time Open Enrollment Regular Application Period for Wisconsin Public Schools

INFORMATION FOR PARENTS

YOU MAY APPLY FOR OPEN ENROLLMENT FROM FEBRUARY 3 – APRIL 30, 2025.

What is Public School Open Enrollment?

Wisconsin's public school open enrollment program allows parents to apply for their children to attend a school district other than the one in which they live. Applications may be submitted to up to three nonresident school districts if the pupil wishes to attend a brick and mortar school. There are no limitations to the number of open enrollment applications that can be submitted to a virtual charter school.

How and when may parents apply?

The open enrollment regular application period for the 2025-26 school year is from February 3-April 30, 2025. The application period closes at 4:00pm on April 30, 2025. Late applications will not be accepted for any reason.

Parents may apply online at <https://dpi.wi.gov/oe>.

Can I apply to a virtual charter school under open enrollment?

A pupil may only open enroll to an online/virtual school if: (1) the school has been created as a virtual charter school that meets the requirements of the charter school law [Wis. Stats. 118.40 (8)] or (2) the pupil is required to physically attend school on a regular basis in a school located in the nonresident school district on the days that school is in session. Other important things to know about applying to virtual charter schools:

- A virtual charter school is not homeschooling. Pupils attending virtual charter schools are public school pupils.
- You must know the nonresident school district in which the virtual charter school is located.
- You must know your resident school district to apply.
- A list of virtual charter schools may be found at <https://dpi.wi.gov/parental-education-options/charter-schools/virtual-charter-schools>.

Parents whose applications are denied may appeal to the DPI within 30 days of the denial. State law requires the DPI to uphold the school district's decision unless DPI finds that the decision was arbitrary or unreasonable. The DPI's decision may be appealed to circuit court.

Who may participate in open enrollment?

Pupils in kindergarten to grade 12 may apply to participate in open enrollment.

Open enrollment for prekindergarten, four-year-old kindergarten and early childhood education is limited. Parents should call their resident school districts to find out if their preschool-aged children qualify for open enrollment.

Can an application be rejected?

Nonresident school districts may deny an application if regular or special education space is not available for the pupil; special education or related services are not available; or if the pupil has been referred for a special education evaluation but has not yet been evaluated. Nonresident school districts may also deny an application if the pupil has been expelled during the current or preceding two years for certain violent conduct or if the pupil was habitually truant from the nonresident school district during any semester in the current or previous school year.

If there are more applications than spaces, pupils must be selected randomly, after giving preference to pupils already attending school in the nonresident school district and siblings of currently-attending pupils.

Some school districts establish waiting lists to fill unused spaces, but others do not.

Can a resident district prevent a pupil from leaving?

A resident district can deny a pupil's application for an invalid application (early or late application or missing information), ineligibility due to age (too young or too old), or if the resident district does not offer the same type of prekindergarten, four-year-old kindergarten, or early childhood program as the nonresident district or the pupil is not eligible for the program in the resident district. These are also reasons that a nonresident district can deny an application.

Can parents appeal if an application is denied?

Must pupils reapply every year?

Once a pupil is accepted into a nonresident school district, the pupil may continue to attend that district without reapplication except that:

- The nonresident district may require a pupil to reapply one time—at the beginning of middle school, junior high or high school.
- A pupil may be returned to the resident school district if the special education required in a new or revised IEP is not available in the nonresident district or there is no space.
- A pupil who has become habitually truant in the nonresident district may be returned to the resident district.

(continued on next page)

Is there a cost for parents to participate in the open enrollment program?

There is no tuition cost to parents for participation in open enrollment. Parents of open enrolled pupils may be charged the same fees as resident pupils.

Who is responsible for transportation?

Parents are responsible for transporting their children to and from school.

If transportation is required in the IEP for a child with a disability, it must be provided by the nonresident district. School districts may provide transportation to open enrollment pupils if they wish. Usually, if transportation is provided, parents must transport the pupil to a location in the nonresident district.

Low-income parents may apply to the DPI at the end of the school year for partial reimbursement of their transportation costs.

Can a parent select a specific school in the pupil's nonresident school district?

Yes. A parent may request a specific school or program in the nonresident district. However, assignment to the requested school or program is not guaranteed and your pupil may be assigned to a different school other than the one requested. It is up to each nonresident district to determine a pupil's school assignment.

Can an open enrolled pupil participate in sports and other extra-curricular activities in the nonresident school district?

Open enrolled pupils have the same rights and responsibilities as resident pupils.

Inter-scholastic athletics are governed by the Wisconsin Interscholastic Athletic Association (WIAA), which has rules concerning transfer pupils. Parents should check with the school district's athletic director about eligibility.

IMPORTANT OPEN ENROLLMENT DATES

February 3 – April 30, 2025

Parents must submit applications online or directly to the nonresident school district.

June 6, 2025

Nonresident school districts must send notices of approval or denial via US mail or email. If the application is approved, the school district must notify the parents of the specific school or program to which the pupil is assigned. If the application is denied, parents have 30 days to file an appeal.

June 13, 2025

Resident districts must notify applicants if the application is denied. If the application is denied, parents have 30 days to file an appeal.

June 27, 2025

Parents of accepted applicants must notify the nonresident district if the pupil will attend the nonresident district in the 2025-26 school year. If the parent fails to make this notification, the nonresident district may refuse to allow the pupil to attend the district.

School Resource Officer Appreciation Day!

Let's celebrate our school resource
officers today!

Thank you to both:

Officer Katelyn Schaefer and

Officer Cody McCollough

Boscobel Police Department and

Boscobel Area Schools.

Thanks,

We appreciate you!

#BOSCOBEL PRIDE

ONGOING VIRTUAL SUPPORT GROUPS

Dates and times of groups are subject to change. Check the calendar of events on the Wisconsin Family Connections Center website for the most accurate schedule for each group.

ADULT ADOPTEEES

This group is open to adult adoptees. Topics alternate between open discussion and structured facilitated discussion. This group meets on the second Wednesday of each month at 7:00 PM.

BIRTH PARENT SUPPORT

Open to any birth parents who have had a child placed for adoption, no matter what type of adoption or agency involved. This group meets on the second Tuesday of odd months at 6:30 PM.

LUNCH AND LEARN

A structured support group with regular topics open to Wisconsin adoptive, foster, reunified, kinship, pre-adoptive, and/or guardianship parents. This group meets on the third Thursday of the month at noon.

REUNIFIED PARENTS

Designed for parents who have recently reunified, or are in the process of reunifying (transitioning to reunification within the next month). This group meets monthly on the first Wednesday at 6:30 PM.

OPEN MIC TEEN SUPPORT

Designed for teens in foster, adoptive, reunified, kinship, and/or guardianship families to socially connect and discuss topics related to family dynamics. This group meets on the second Tuesday of the month at 7:00 PM.

TRAUMA INFORMED PARENTING

Designed for Wisconsin foster, adoptive, reunified, kinship, and guardianship caregivers with a high level of need due to complex trauma histories. This group meets on the third Monday of each month at noon.

KINNECT RELATIVE CAREGIVERS OF CHILDREN

Designed for grandparents, uncles/aunts, siblings, or other relatives acting as the primary caregiver for children. This group meets on the last Thursday of every month at 11:00 AM.

REGISTER TODAY!

Registration is required to attend any group. Scan the QR code to visit our Eventbrite Collection of Virtual Support Groups and register today!

GREETINGS!

We would like to introduce you to a program of the WI Department of Children & Families - the Wisconsin Family Connections Center (WiFCC). Started in 2023, the WiFCC offers FREE activities and supportive services to families impacted by **adoption, foster care, guardianship, kinship care, or reunification**. Services include support groups, trainings, family fun events, case management for struggling families (see GIFTS info enclosed), and a comprehensive website with useful resources for these families and the professionals who support them.

We hope you can make use of the enclosed desk calendar and will think of us as a resource when working with any child or family impacted by adoption or out-of-home care. We are also including additional program information and invite you to request more items as needed for the families you know who may benefit from these free services. Your regional support specialist and their contact information can be found at our website at the link (or QR code) below.

www.wifamilyconnectionscenter.org

Thank you for supporting Wisconsin's families and children!

- **EXTRACTIONS**
- **SEALANTS**
- **CHILD CLEANINGS**

Due to time & room constraints, we may have to limit the number of services per patient.

 **Call (608) 326-6886 to schedule**
Accepting appointments on/after **February 3rd!**

ILLNESS We are asking for your continued cooperation in assisting us to control the spread of contagious illness. Our goal is to make our school a healthy and safe place for students and staff. If your child becomes ill during school hours, we need to be able to reach you. You are expected to arrange for your child to be picked up as quickly as possible. If family or emergency contact information has changed, please notify the school promptly.

Please do not send your child to school if any of the following symptoms are present.

FEVER-defined as having a temperature of 100-100.4 or higher taken orally (students should stay home until fever-free for 24 hours, without the use of fever-reducing medication)

VOMITING

DIARRHEA-runny, watery or bloody stools

BODY RASH-if suspicious or accompanied by a fever

SORE THROAT-with a fever

COUGH-with fever, or if cough is disruptive or causes difficulty breathing or vomiting

SHORTNESS OF BREATH OR TROUBLE BREATHING-that is not resolved with treatment

EYE DISCHARGE-thick mucus or pus draining from the eye or pink eyes

YELLOWISH SKIN/EYES

CHICKEN POX-until the lesions are all scabbed over (about 7 days after onset of rash)

HEAD LICE-until after the treatment is completed and no live bugs remain

To reduce the risk of [Norovirus](#), follow these suggestions.

1. Use good hand hygiene. Note that hand sanitizer is not effective against norovirus - soap and water are essential!
2. Increase surface disinfection. Clothing that has been contaminated by vomit or diarrhea should be washed in hot water and machine dried. (Watch this [video](#) for guidance.)
3. Individuals who are ill with vomiting or diarrhea should stay home for 48 hours after their symptoms subside.
4. Temporarily avoid sending home-prepared foods to school for classroom sharing.
5. Handle and prepare food safely.

To reduce the risk of respiratory illness, follow these suggestions.

1. Stay up to date with immunizations
2. Practice good hand hygiene.
3. Stay home when you are ill.
4. Cover coughs and sneezes.

NATIONAL CHILDREN'S DENTAL HEALTH MONTH: February is National Children's Dental Health Month. The school nurse meets with our 1st graders each year to talk about healthy smiles, daily brushing, flossing, and healthy eating habits. You can help your child enjoy a lifetime of healthy smiles by encouraging good dental health habits and scheduling regular dental exams. Below are some "healthy teeth rules."

- Brush your teeth twice daily using a toothbrush with soft bristles and a pea-size amount of toothpaste
- Floss (with an adult's assistance if necessary) once daily
- Drink fluoridated water and/or participate in some sort of fluoride application/supplement
- Eat a nutritious, balanced diet with plenty of healthy fluids and limit sugar and starch snacks
- Receive regular dental checkups

DENTAL CARE AT SCHOOL: *Teeth-For-Life* offers preventative dental care at school for all students in early childhood through 12th grade. A dental provider comes to the school to provide the program at no charge to you. All procedures will follow recommendations from the American Dental Association and Center for Disease Control and Prevention's recommendations for school-based dental sealant programs. This program provides our school with a visiting registered dental hygienist. Her name is Devan Toberman.

Professional dental services provided at school include:

- Dental health assessment
- Sealants (if appropriate)
- Fluoride varnish application

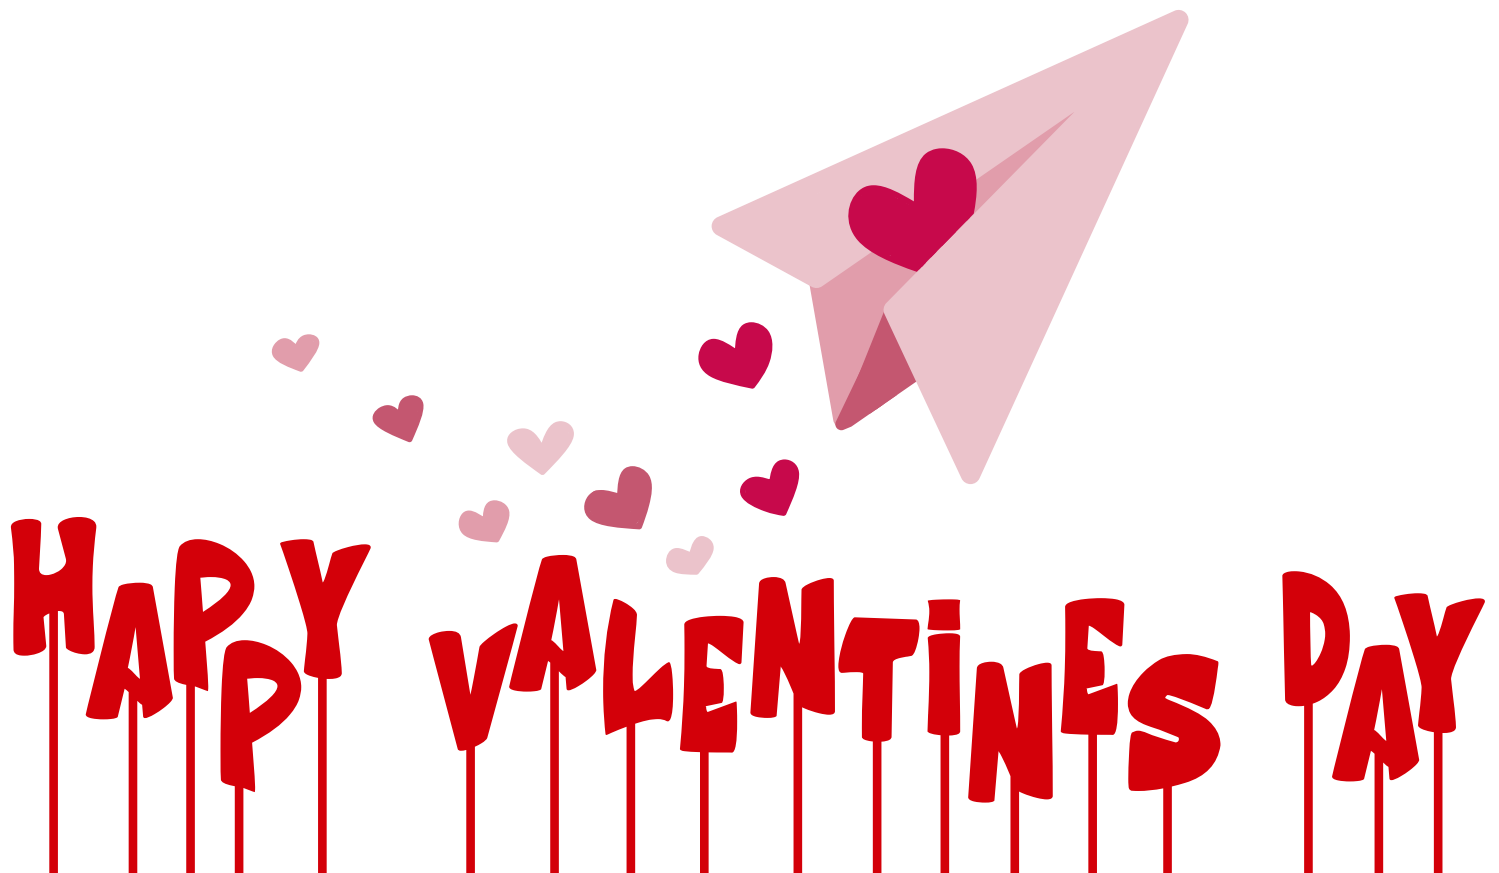

- Oral Health Education (with new toothbrush)
- Referral Assistance

Services do NOT include a dental exam or dental x-rays, therefore a visit to a dentist at least once a year is recommended. You will need to sign a permission form if you want your child to see the hygienist at school. If you would like a form, please contact the school nurse.

HUMAN GROWTH & DEVELOPMENT: During the month of March, PE instructors and Mrs. Brinkman will be instructing the 5th & 6th grade students regarding Human Growth & Development. If you are a parent/guardian of a 5th or 6th grade student, refer to the informational letter that will be sent to you in the mail. Mrs. Brinkman will be presenting to 4th grade girls in February. Parents/guardians of 4th grade girls should also receive an informational letter regarding this instruction. Please call Mrs. Brinkman if you have any questions that are not answered from your letters.

IMMUNIZATION REQUIREMENTS: Wisconsin requires that children attending school receive a series of vaccinations to protect against vaccine-preventable diseases. Parents or guardians may submit waivers in place of vaccinations. You can find current information about immunization requirements at <https://www.dhs.wisconsin.gov/immunization/reqs.htm>.

These five individuals represented Boscobel at the 75th Annual Dorian Choral Festival. The event was held at Luther College, in Decorah, IA, on January 12-13th. The festival ended with a Grand Concert where these students collaborated with many talented students from all over the Midwest.

Pictured: Front: Carlee Chappell, Ella Belz
Jonah Knowles, Paul O'Neill, and Israel Koumouganh.

On January 25th the SWAL Honors Choir took place in Iowa Grant. These individuals represented the Boscobel Music Department.

HS: Back Row L to R: Paul O, Jonah K, Ayla J, Israel K, Gunner W

Front Row L to R: Ella B, Brooklynn F, Carlee C, Zoe R

MS: Back Row L to R: Alexis Y, Savannah R, Addyson H, Allison O, Morgen W, Walker

W, Jason K, Korbyn L. Front Row L to R: Grayson A, Kayden R, Eli N, Corey C, Easton H, Jerron R

Twenty-one band students in grades 7-12 attended the SWAL Conference Honors Band at Mineral Point! Two days of rehearsing is a long time for them, but a very short time to put together a full concert. They represented Boscobel well and put on a terrific performance, growing much in the few hours of work. There's a lot of talent in the music program at Boscobel!

ACT High School Assessments

2024-25 Information for Families

What are the ACT High School Assessments?

ACT, Inc. has provided testing services for more than 50 years. Their assessments have evolved to reflect the nation's view of education to embrace lifelong learning and prepare students to be college and career ready after high school graduation. The Wisconsin Department of Public Instruction (DPI) contracted with ACT, Inc. starting with

the 2014-15 fiscal year to comprehensively assess Wisconsin high school students:

- 9th and 10th grade students will take the **PreACT Secure** assessment in the spring.
- 11th grade students will take **The ACT®** with writing in the spring.

The PreACT Secure

PreACT Secure is multiple-choice and assesses student readiness in English, Mathematics, Reading and Science.

The ACT® with writing

The ACT with writing consists of four multiple-choice tests: English, Mathematics, Reading, and Science; and a 40-minute essay test that measures student writing skills.

How are the test results used?

All students in grades 9-11 will be given these assessments except for approximately 1% of students with significant cognitive disabilities who will be tested with an alternate assessment. This system of assessments will allow teachers to measure a student's growth throughout high school.

DPI will also use The ACT® with writing for the high school accountability measure in order to determine the extent to which schools and districts across the state meet proficiency standards.

What type of scores will be provided?

PreACT Secure scores are reported on a two-digit scale, 1 to 35. These scores will predict future ACT scores.

The ACT® with writing scores range from 1 to 36 for each of the subtests and one overall score called a composite. Students will also receive a writing score ranging from 2 to 12. Scores can be used by students for college admission, scholarships, course placement,

and NCAA eligibility. Students have the option to send their scores to up to four colleges free of charge, complete a voluntary pre-test survey, and opt-in to having ACT provide their information to colleges, universities, financial aid and scholarship agencies, and organizations that provide educational programs.

Each ACT and PreACT Secure score will fall in one of four Wisconsin performance levels

which defines the student's understanding and ability to apply grade-level knowledge and skills. For more information on Wisconsin performance levels, visit:

- The PreACT Secure Data and Results webpage - <https://dpi.wi.gov/assessment/PreACT/data>
- The ACT Data and Results webpage - <https://dpi.wi.gov/assessment/act/data>

What learning standards do the ACT High School Assessments measure?

ACT and DPI work together to ensure that the ACT assessments measure what students have learned through the Wisconsin Academic Standards. Students taught to the Wisconsin Academic Standards should be well prepared to be successful with the ACT assessments.

The Wisconsin Academic Standards define the knowledge and skills students should take away from their K-12 schooling to be successfully prepared for postsecondary and

career opportunities. The Wisconsin Academic Standards are available at <http://dpi.wi.gov/standards>.

Where can I find sample or practice test questions?

Practice tests and sample test questions are available from ACT. Actual test questions are not released.

- **PreACT Secure:**
<https://dpi.wi.gov/assessment/PreACT/practice-test>
- **The ACT®** with writing practice tests and sample writing prompts:
<https://dpi.wi.gov/assessment/act/practice-test>

For more information about PreACT Secure visit <https://dpi.wi.gov/assessment/PreACT>.

For more information about The ACT visit <https://dpi.wi.gov/assessment/act>.

Questions may be directed to the Office of Educational Accountability at osamail@dpi.wi.gov.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at:

http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-8410
 fax: (202) 696-7442; or
 email: program.intake@usda.gov.
