### Military Recruiters and College Directory Information

Recently enacted federal laws require school districts to provide military recruiters and colleges access to school district directory information in three categories – name, address, telephone listing – unless parents have advised the school district that they do not want their child’s information disclosed without their prior written consent.

If you do not wish the district to disclose directory information from your child’s education records to military recruiters, without your consent, you must notify the district in writing by completing and returning the form below to the Guidance Office (located in the main school building) by October 31.

## Directorio de Información para Reclutadores Militares y Universidades

Las leyes federales recientemente promulgadas requieren que los distritos escolares provean a los reclutadores militares y a las universidades un directorio de información en tres categorías – nombre, dirección, teléfono – a menos que los padres de familia hayan pedido al distrito escolar que no quieren que la información de su hijo(a) sea revelada, sin antes obtener su consentimiento (de los padres) por escrito.

Si usted no desea que el distrito escolar revele la información de directorio del expediente educacional de su hijo(a) a los reclutadores militares, sin su consentimiento, usted debe de notificar al distrito por escrito llenando y devolviendo la forma en la parte posterior a la Oficina de Orientación (localizada en el edificio principal) no mas tarde de 31 del Octubre.
