Challenge Day Discussion: This will be implemented in the Bridgehampton School District, waiting on the company to provide dates of availability.

It is the mission of the Bridgehampton School to inspire lifelong intellectual curiosity and respectful individual expression by reaching beyond our school community and teaching all students the essential skills to actively participate in the global community and to flourish in the 21st Century.

The movie "Screenagers" will be viewed in grades 6th-12th grade and a parent viewing will also be available that night. The approximate date will be in March, we will invite other BOE members from the south fork. We are hoping to provide babysitting for parents as well.

Social/Emotional: Discussion of potentially adding another K-12 school counselor to the district to provide in class training for services to be proactive in handling the social and emotional aspect of our students.

National Bike or National Walk to School Day- We would like to continue to discuss and look into the feasibility of how other districts complete this even though they reside on a busy street/intersection.
