| <ul style="list-style-type: none"> New Safety Plan was submitted to the state and circulated to the Fire Dept. and Police department as required We are on target for all fire drills, etc. Our lockout drill was a success, as was our evacuation drill. Plan to work to get Police in here for Supt conference day next year to do an official training with staff for lockout'/active shooter- need to update the safety team for our building district plan- it includes all those who have radios in an emergency, as indicated on the emergency pairings sheet – all are aware, but would be good to regroup with this team at least quarterly. Still working on getting secondary students to wear badges, but it is much improved Update on Panic Buttons on phones Update on lighted crosswalk Consideration of asking people to identify themselves before getting in to the second door – if person on duty does not know the person, should they identify themselves, and who they are here to see prior to being let in Improved dismissal by having parents remain in their cars- working nicely |
