HOST FAMILIES NEEDED!

The States 4-H International Exchange program in New York is in need of host families for our Japanese delegates this summer.

Families can come from anywhere within New York State. If your family stays at home, no problem, if your family likes to take day trips, no problem, sending the kids to camp, no problem!

Our Japanese friends are coming to experience and be immersed in American Family life and to learn from YOU!

Looking for Families
Across New York State!

Requirements to Host:

Host families must have a bed for the delegate (not necessarily their own room) and a sibling of the same gender and within 3 years of age of the delegate you host.
