

The District's Annual Professional Performance Review (APPR) generates annual scores for teachers and principals. While the scores of individual staff members are not open to the general public, pursuant to Education Law 3012-c, the District will, upon request, release the final quality ratings and composite effectiveness scores to parents or guardians for each of their child's current teachers and principal who are subject to 3012-c.

To request this information, please contact Dr. Allison Rioux, Assistant Superintendent for Curriculum and Instruction, at 242-5200, ext 5501 to schedule a meeting. This information will not be shared over the phone, via email, or by any other means.

The Assistant Superintendent will document all requests and meetings regarding scores in the student's file with name of the person(s) to whom scores were released and the date of the release. The Assistant Superintendent will also communicate to the child's teacher/s and/or principal that the request was made and the meeting held.
