

INTO THE WOODS JR.

Congratulations to all who auditioned for Into the Woods, Jr. You impressed us with your talent, your commitment, and your effort. We applaud your courage to try something so difficult. If you were not cast this time around, be sure to look out for other opportunities such as Drama Club, Show Choir, chorus, etc.

We had to really stretch our imaginations to create a cast list that could accommodate an ensemble that's as large as the character list. We want to be clear that some of these roles will be very small. Some will be trees, guards, various animals, etc. They will all add to the humor, movement, and spectacle of this show. You and your family may want to consider if your participation is what you really want. We know that you may have other choices or opportunities that could be a better use of your family's time. We completely understand.

Please consider carefully if you want to accept your role, and **let us know by email** what your decision will be.

*****First rehearsal is now TUESDAY, SEPTEMBER 20. Be sure to bring your signed Performance Agreement.**
