Mission Statement

We engage and empower each student to achieve excellence as a learner and citizen.

Vision

We aspire to be a leading, innovative, high-performing school district that graduates each student prepared for college or a career.

Core Beliefs

- **Students first:** Our students are our first priority.
- **Character:** We value integrity, diversity and respect for all.
- **High expectations:** We believe all students can learn, and we hold high expectations for ourselves and our students.
- **Teaching & learning:** Effective teaching and a rigorous curriculum are the foundations for high-quality learning.
- **Work ethic:** We work hard and take pride in all that we do.
- **Health and safety:** We all have an obligation to promote a healthy, safe and secure environment.
- **Community:** Student, family and community engagement is critical for our success.

School Calendar/ Parent Information Guide

The school calendar is published annually. If you have questions about the material in this publication or ideas for improvement, please contact the Communications Office at communications@bcs1.org. Information in this document is subject to change. Updates will be posted on the District's website at www.bcs1.org or published in the Focus community newsletter.

Dear Brockport families,

Our 2023-24 calendar is filled with exciting events such as our annual homecoming festivities, numerous concerts and musicals, art shows, fundraisers, meetings, picture days and book fairs. We have countless ways for you and your family to become actively involved, including numerous opportunities to volunteer within our District and with our hardworking PTSA. You can find out more about volunteer opportunities on our website under the Community tab and the PTSA under the Families and Students tab.

The calendar is also a great reference for testing schedules, days off and important deadlines. While we strive to make the printed copy of our calendar as accurate as possible, events are sometimes rescheduled or adjusted as needed. Please regularly check our District calendar located on our www.BCS1.org website for updates. We also post calendar information throughout the year on our District's social media accounts, Twitter and Facebook.

Our updated Parent Guide is a valuable resource with important school information, guidelines, dates and contact numbers. This document can be a resource throughout the year and answers many of the frequently asked questions we receive. If you have additional questions, please reach out to your child's school.

I look forward to the 2023-24 school year being our best year yet!

Sincerely,

Sean Bruno

Superintendent of Schools

Brockport Central School District

Brockport Central School District (BCSD) is one of the oldest centralized districts in the state, covering 72 square miles and bordering the shore of Lake Ontario. Approximately 3,120 students attend BCSD, which includes Ginther Elementary School, Barclay Elementary School, Hill Elementary School, A.D. Oliver Middle School and Brockport High School located on one campus.

Facts and Information

- Total District population: Approximately 27,680
- Number of professional staff: 357
- Number of support staff: 320
- Average academic class size: 18
- Square miles of District: 72
- Bus miles traveled per year: 1.2 million
- Number of District-owned buses: 95
- Number of private/parochial schools for which transportation is provided: 19
- Number of students attending private/parochial schools: 152

BCSD is committed to offering many educational opportunities, in keeping with the diverse nature of its student body. While academics are stressed, the importance of self-concept and individual worth are paramount.

Board Meetings and Minutes

Regular Board meetings are typically held on the first and third Tuesdays of each month at 6 p.m. in the Brockport Central School District Administration Building. Exceptions are marked with an asterisk (*) below. When a special meeting is necessary, public notice is given as soon as possible prior to the meeting.

Board of Education “study sessions” may be scheduled in lieu of regular business meetings. In these sessions, certain reports and topics are considered in greater detail than is possible at regular meetings. No official action is taken at study sessions.

All meetings of the Board are open to the public, except those specifically exempted by law. By law, closed or executive sessions may be called to discuss certain personnel action, student discipline cases, contract negotiations, some property transactions and consultation with attorneys on pending litigation. Meeting agendas and minutes are posted on the District’s website at www.bcs1.org/boe. Please note that meetings are subject to change. For updates, visit the website or call (585) 637-1810.

- April 26 Conference Day (no school for students)
- May 24-27 Memorial Day Recess
- June 19 Juneteenth

*Specific grade levels have no classes.

BCSD recognizes the importance of vacations to families and provides several recesses throughout the school year. Please take time to plan vacations with your child's academic development in mind.

When students are absent from school due to extended family vacations, important instructional time is lost and may be difficult to make up.

School Closings

School closings and other emergency information will be submitted to local media as soon as it is available. Families may also be notified of a closing via the automated notification system. Please make sure your child is aware of any emergency plans you have made for them. In case of early dismissal, parents of elementary children (kindergarten through fifth grade) should have alternate plans in place to have an adult available to receive their children at the scheduled drop-off location.

Code of Conduct

The Code of Conduct is intended to guide students, staff and parents/guardians in fostering appropriate student behavior and discipline in the Brockport Central School District. Each year, the Code of Conduct is reviewed in depth to ensure the District is in compliance with federal, state and local regulations. Additionally, feedback provided by our District families and staff is incorporated.

Students are our most valuable asset and we work hard to ensure that the necessary supports are in place to help them achieve excellence as learners and citizens. If you have questions or feedback about the Code of Conduct, please do not hesitate to contact your child's principal.

A digital version of the Code of Conduct is available on our website at www.bcs1.org under the Families and Students dropdown menu.

Dignity for All Students Act

In 2010, the New York State Legislature passed the "Dignity for All Students Act" (DASA) to address issues related to harassment and discrimination in schools. The goal of DASA is to provide public elementary and secondary school students with a safe and supportive environment free from discrimination, intimidation, taunting, harassment and bullying on school property, on a school bus or at a school function.

In addition to character education programs, BCSD addresses cyberbullying, a difficult problem that affects teens and their families. It is important that students who have access to social networking and electronic communications are taught the proper way to utilize these methods of communication. Schools cannot monitor these communications as much if it happens at home; however, the results of cyberbullying often spill over into the instructional day at school. Parents need to take a proactive stance with their children and their use of social networking and electronic communication. Additional information may be found at www.bcs1.org/DASA

Dignity for All Students Act Coordinators:

Ryan Lanigan, *Assistant Superintendent for Instruction - District-wide*

Jerilee Gulino, *Assistant Superintendent for Human Resources - District-wide (assistant)*

Kelly Keenan, *Assistant Principal - Ginther School*

Attendance

All students ages 6-16 years old are required by State law to attend school every day, unless they have a valid excuse. The following reasons for student absences from school are recognized as valid by the Board of Education:

1. Sickness or death in the family
2. Sickness
3. Religious observance
4. Approved school-sponsored events
5. Quarantine
6. Approved cooperative work programs
7. Remedial health treatment
8. Approved college visits

Any absence other than those listed above is considered unexcused. It is the parent's/guardian's responsibility to notify the attendance office on the morning of the absence. On the day of return from an absence, it is essential that a parent/guardian provide a written excuse. The excuse should be signed by the parent/guardian and contain the reason and date of absence.

Students who have been absent from school because of illness should not attend or participate in after-school social or athletic activities on the day or days of illness.

All work missed because of an absence must be completed to the satisfaction of the teacher. It is the pupil's responsibility to find out what was missed during the absence and make arrangements with the teacher to complete assignments.

Homework Policy

The Board of Education acknowledges the educational value of homework as an adjunct to and extension of the instructional program of the schools. For the purpose of this policy, "homework" shall refer to those assignments to be prepared by the student outside of school or independently while in attendance at school. It provides essential independent practice in needed skills, development of good work habits, contact with other learning resources and growth in responsibility and self discipline and shall be an integral part of the instructional program at every grade level.

Smoke-Free Policy

In accordance with NYS Public Health Law and the Federal Pro Children Act of 1994, the BCSD is a smoke-free environment. While the school buildings have long prohibited smoking in public areas, the policy further prohibits smoking by any party on any school property. This includes the smoking of all tobacco products, as well as electronic cigarettes. School grounds, as defined by the policy, include any building or structure or surrounding outdoor grounds, contained within the District's legally defined property boundaries and any vehicle used to transport children or school personnel.

Take Your Child to Work Day

The District makes a clear statement regarding "Take Your Child to Work Day" so employees and parents understand the District's position.

- The District believes that with a limited number of instructional days (183 in the school year), students need to be at school. The school calendar affords numerous opportunities for young people to engage in career exploration without missing school.
- The District will not permit employees to bring students to work on "Take Your Child to Work Day."

Working Papers

The District cooperates with the NYS Labor Department by issuing working papers required by law for students under the age of 18 who seek employment. High school students residing in the District who need working papers may obtain them from the Brockport High School main office, and Oliver Middle School students may obtain working papers from the counseling office.

To secure working papers, a student must:

- Complete an application
- Have a copy of a doctor's physical given within one year, or a completed Physical Fitness Certificate.

Newspaper deliverers must have working papers; however, these children can be as young as 12 years of age and still comply with the regulations by using a document furnished to them by the newspaper.

It is not necessary to have employment before applying for working papers. The Physical Fitness Certificate may be completed by a family physician or by the school nurse (if the student has a physical on file with the school).

Anthony Smith
Technology Director/Data
Privacy Officer
(585) 637-1890

For technical assistance, students must complete a work order through our help-desk/inventory tool called Incident IQ:
<https://brockport.incidentiq.com/>

Technology Consent

As part of any classroom, your student will be using a variety of online applications as a support for their BCSD educational experience. When used as a supplement by teachers, online applications enhance student learning. For students to use these tools, certain personal information must be provided. Under the Children's Online Privacy Protection Act (COPPA), these applications must provide notification and obtain consent before collecting personal information from children under the age of 13.

This serves as notice that our staff can provide consent to allow an account to be created for your child, and information about your child may be shared with certain software, application or online providers. All websites and tools have been, and will continue to be, thoroughly examined by experienced educators. Many are commonly used in education today, but new applications are created every day. Common online application tools your child may encounter and use include, but are not limited to: networks, blogs, podcasts, videos and social bookmarking.

Student Information

- Students are responsible for good behavior/ character online just as in our school buildings.
- Students are not permitted to use obscene, profane, threatening or disrespectful language.
- Students should notify the teacher of anything inappropriate. Bullying will not be tolerated.
- Copyright infringement occurs when an individual reproduces a work that is protected by a copyright without permission from the creator. If the user is unsure whether they can use the material, they should request permission from the copyright owner.
- Online applications must be in used accordance with the District's Acceptable Use Policy.

Parent Information

These are the laws and policies that help to protect our students online:

Children's Internet Protection Act (CIPA):

The school is required to have technology measures and policies in place that protect students from harmful, obscene or pornographic materials. Harmful content contained within inappropriate sites will be blocked.

Children's Online Privacy Protection Act (COPPA):

COPPA applies to commercial companies and limits their ability to collect personal information from children under 13 years of age. No personal student information is collected for commercial purposes.

Family Educational Rights and Privacy Act (FERPA):

FERPA protects the privacy of student education records and gives parents the right to review records. Under FERPA, schools may disclose directory information in certain circumstances.

New York State Education Law 2-d: This law is focused on the privacy and security of personally identifiable information (PII) of students, classroom teachers and principals. The regulations reiterate that education agencies must publish a parent's bill of rights for data privacy and security, as required by the current Education Law 2-d. In addition, the parent's bill of rights must be included with every contract with a third-party contractor that receives PII.

Objection Procedure

If you do not consent to your child's use of web application tools, please notify the principal of the school in writing by September 1, 2023, or within 10 days of enrollment. If you consent, no further action is required.

Acceptable Use Policy

One of our District goals is to educate students about their responsible use of the internet and online programs. The District's Acceptable Use Policy ensures that students, parents and personnel are aware of the rules regarding the use of these resources.

While the District uses filtering software and careful supervision as a means of restricting and monitoring student use of the internet, no system is perfect. By working together we can educate our young people on the responsible use of this invaluable resource.

As part of the 1:1 computing initiative, all K-12 students will be issued a District-owned device. Use of the device must be consistent with District policies and the Code of Conduct. While devices are utilized in the home or other locations off school property, parents/guardians are responsible for proper supervision of the student's use of the device.

An Acceptable Use Policy and Device User Agreement form must be completed annually in order for your child to have access to district technology resources. Forms can be completed online through FamilyId.

Accidental Damage Protection Plan

The Device Protection Plan from the District will cover repair and/or replacement costs in the event a device is damaged, destroyed or stolen. The Accidental Damage Protection Plan will insure the device for that specific school year. The District will cover the cost of the Accidental Damage Protection Plan for the 2023-24 school year. This plan covers costs for repair and/or replacement of a device due to accidental damage or theft after the payment of the appropriate deductible. If the device is accidentally damaged, the student or parent must pay a deductible, and the District will pay any further repair/replacement cost. There is a deductible for accessories (chargers, stylus, etc). The protection plan does not cover loss of the device or accessories. In the event of loss of the device or accessories, students and parents will be responsible for the full replacement value of the lost item(s).

Christian Hansen
 Director of
 Buildings
 and Grounds
(585) 637-1887

Allergies

The District takes all reasonable steps to limit the exposure of students and staff to products that can cause severe allergic reactions. Some classrooms may be designated “peanut free” to accommodate those with nut allergies. Latex is another common allergy. Please be considerate of others when bringing items to school to help your child celebrate a special occasion or other important events. Since the powder inside latex balloons, for example, can be hazardous to those with latex allergies, please use mylar or foil balloons rather than latex balloons. If you or your child suffers from latex or other allergies, please let your child’s school know so the proper precautions can be taken.

Asbestos Program

The 1986 Asbestos Hazardous Emergency Response Act requires schools to identify any building materials containing asbestos and to maintain a written asbestos management plan. The asbestos management plans for BCSD are available for review at the maintenance office.

Pesticide Policy

In accordance with the “Child Safe Playing Fields Act,” BCSD periodically applies pesticides on the grounds of the school campus.

Product Name	EPA Registration No.
Roundup Pro	524-475
Round Up Poison Ivy	71996-37
Tri-mec Classic (2-4-D)	2217-543

Application of the above pesticides occur only when there is at least a 72-hour period in which students will not be in attendance. Application made in accordance with the 72-hour rule does not require notification. Application that occurs when there is less than the 72 hours of non-occupancy requires prior notification to parents who wish to be notified. If you wish to be notified, we will include you on our “prior notification” list. In accordance with the regulation you will be notified at least 48 hours prior to our application schedule. Please contact Buildings and Grounds for further information.

Safety Tipline:
1-800-453-0006

Video Cameras

For the safety of students, staff and visitors, the District employs video surveillance equipment. Equipment is installed inside and outside school buildings and on school buses. This equipment may be monitored at any time. In addition, some cameras are equipped with audio recording capability only to be used in appropriate situations with approval by the superintendent or designee.

Video cameras are utilized only in public areas where there is no “reasonable expectation of privacy.” Public areas include school buses, building entrances, hallways, parking lots, front offices (where students, employees and parents come and go), cafeterias and supply rooms. However, it is not possible for surveillance equipment to cover all public areas of District buildings or all District activities. District video cameras are not installed in “private” areas such as restrooms, locker rooms, changing areas, private offices or classrooms.

Visiting BCSD

The safety and security of students and staff is a priority at BCSD. All visitors who enter any school on campus during school hours are required to show a valid, government issued photo identification (ie: driver’s license) upon entry. Our computerized system scans the ID to ensure nothing indicates they should not be allowed into the building, including clearance by the national sex offender registry. The ID will not need to be re-scanned during subsequent visits because it is saved in the system. A customized visitor pass will then be printed for each guest to wear for the duration of their stay in the building.

Our Visitor Management System thoroughly screens visitors and strengthens our ability to track who is in the building throughout the day.

Automated Notification System

An automated messaging service may be utilized in the event of an emergency on campus (i.e., school closing, evacuation or lockdown) to contact families quickly via phone and email. The system is also utilized to notify families of important information or a change to an event. To help us maintain accurate records, please contact the Registrar’s Office at (585) 637-1857 or registrar@bcs1.org any time your contact information changes.

In the event of an emergency, please do not rush to campus as it creates traffic problems, hinders the evacuation process and impedes access for emergency vehicles. Timely updates and directions will be provided as needed, depending on the situation. Please listen to the complete message and follow any prompts.

Public Access Defibrillators

Brockport Central School District participates in the PADS program (Public Access Defibrillators) or AEDs. District AEDs are located in each school and security car. A list of locations is available on the District website, at www.bcs1.org/AED. In the event of an emergency requiring an AED, call 911 and notify security for assistance.

Safety Tipline

School safety and security is the responsibility of everyone. It is important to be aware of your surroundings and report anything you feel is out of place or suspicious, so it can be investigated. If you are aware of any activity that could potentially put students, staff or our school property at risk, please call the confidential Safety Tipline or complete an online report at www.bcs1.org/safety-tipline. If you have other safety questions or concerns, contact our Security Office. If there is an immediate need for emergency response, please dial 911.

School Tax Payment Information

Full Payment

- **Sept. 1 - Oct. 1:** Pay full amount to tax receiver named on the front of your bill, no interest due.
- **Oct. 2-31:** Pay full amount plus interest to the tax receiver named on the front of your bill.
- **Nov. 1-18:** Payment must be made directly to the county where the property is located, as stated on your bill.

Installment Payments

Once again, the Board of Education authorized the installment payment of school taxes. Unfortunately, a quirk in the law makes installment payments available only for Monroe County properties. All installment payments include a service charge in the installment total.

If the first installment is not paid by September 20, the installment plan is no longer available, and the full payment option must be used.

- **First Installment:** Pay first installment total to the tax receiver on the front of your bill by Sept. 15.
 - **Sept. 16-20:** Pay first installment total plus interest to the tax receiver named on the front of your bill.
 - **Second and Third Installments:** Payments must be paid or sent directly to county treasurer as stated on your bill.
- * *If due date falls on a weekend or holiday, payment is due the next business day.*

Facility Usage

BCSD buildings may be used for various meetings and community activities. Arrangements may be made by contacting Buildings and Grounds at (585) 637-1887 or facilities.use@bcs1.org. The facilities usage form may be found at www.bcs1.org/facilities.

Virtual Backpack

In an effort to keep families informed of community programs and events while minimizing paper being sent home via backpacks, the District posts flyers online. You may view Virtual Backpack flyers online at www.bcs1.org/virtual-backpack. The District will continue to use an automated message system for urgent and important news and send non-urgent school flyers home via backpack. Please remember to contact the Registrar's Office whenever your contact information changes at (585) 637-1857 or registrar@bcs1.org.

REGISTRATION INFORMATION

Registration Procedures

All new residents to the Brockport Central School District must register with the Office of Registration. Registration packets are available on the District website or in the lobby of District Office. The following documentation is required, in addition to the registration packet, in order to complete the registration paperwork:

- Birth Certificate (copy acceptable)
- Proof of residency (copy of lease or mortgage statement, current utility bill, or two pieces of mail with the postmark within 30 days)
- Parent/Guardian photo identification
- Current physical/immunization record
- Custody paperwork (if applicable)

The Registration Office is located on Campus behind the tennis courts. The office is open daily from 8 am – 3 pm, Monday thru Friday, and **you are required to have an appointment in order to register your child.**

Any questions regarding the registration process, or to make an appointment, please contact the Registrar at (585) 637-1857 or Registrar@bcs1.org

Contact or Family Information Changes

Please contact the Office of Registration if there are any changes in your student's family information (i.e., address, phone number, doctor or emergency contact). All changes (with the exception of address change) can be requested through the Parent Portal. An address change is not permitted through the portal as you are required to have new residency verification (copy of lease/mortgage, utility bill, or two pieces of mail with the date stamp within the last 30 days). You may send your documentation one of the following ways:

- Fax to (585) 637-1899
- Scan/send photo by email to registrar@bcs1.org
- Mail to the Office of Registration, 40 Allen St, Bldg #100, Brockport, NY 14420
- Leave in the drop box in the lobby of District Office (behind tennis courts)

Please contact the Office of Registration if you have any children under the age of 5. This will ensure your student is in the student database and you will receive all mailings when they are age appropriate for school.

Rights of Parents

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Brockport Central School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, BCSD may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow BCSD to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs
- Sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want BCSD to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing. BCSD has designated the following information as directory information: [Note: an LEA may, but does not have to, include all the information listed below.]

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth

- Major field of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors and awards received
- The most recent educational agency or institution attended
- Student ID number, user ID or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)

Access to Student Records

BCSD complies with the provisions of the Family Educational Rights and Privacy Act of 1974 ("FERPA"). Pursuant to FERPA, parents/guardians and noncustodial parents of a student under eighteen (18), whose rights are not limited by court order or other legal agreement, have the right to inspect and review any and all official records, files and data. This includes all material that is incorporated into each student's cumulative record folder and intended for school use or to be available to parties outside the school or school system. These materials specifically include, but are not necessarily limited to, identifying data; academic work completed; level of achievement (grades, standardized achievement test scores); attendance data; scores on standardized intelligence, aptitude and psychological tests; interest inventory results; health data; family background information; teacher or counselor ratings and observations; and verified reports of serious or recurrent behavior patterns.

The process to review student records is as follows:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal, or the registrar, a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal or the registrar, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure of student records without consent, is disclosure of student records to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. Parents and students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Special Education Notice

Section 4401 of the Education Law defines a “student with a disability” as a person between the ages of 3 and 21 who has not received a high school diploma and who, because of mental, physical or emotional reasons, can receive appropriate educational opportunities only from a program of special education. Such term does not include a child whose educational needs are due primarily to unfamiliarity with the English language, environmental, cultural or economic factors. If you suspect your preschool or school age child has a disability, please contact the Office of Inclusive Education at (585) 637-1856 for further information.

Title IX, Americans with Disabilities Act and Section 504

It is the policy of the District that each student attending its public schools shall have equal educational opportunities and will not be excluded or prevented from participating in or being admitted to the educational courses, programs or activities; school services; and extracurricular events on the basis of race, color, creed, religion, national origin, political affiliation, sex, sexual orientation, gender identity, age, marital status, military status, disability or use of a recognized guide dog, hearing dog or service dog. The District is in compliance with Title IX of the Educational Amendments of 1972, the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973. The Board’s policy of non-discrimination applies to all aspects of the educational program including, but not limited to, the recruitment and appointment of employees, employee pay and benefits, counseling services for students, access by students to educational programs, course offerings and student activities.

The Title IX and Civil Rights Compliance Officer is Jerilee Gulino, Assistant Superintendent for Human Resources, (585) 637-1814. Lynn Carragher, Assistant Superintendent for Inclusive Education and Instruction, is the District’s 504 Compliance Officer, (585) 637-1856.

The compliance officer is responsible for coordinating efforts to comply with and carry out the District’s responsibilities under the applicable federal regulations. The compliance officer will provide information and district policies on complaint procedures to any student, employee or person who feels that his or her rights have been violated by the District or its officials. The District has adopted applicable procedures and a Section 504 Due Process Compliance Policy. The compliance officer will provide for the prompt and equitable resolution of complaints of disability discrimination. The Section 504 compliance officer shall ensure compliance with matters pertaining to the identification, evaluations and placement of students with disabilities.

For more information, contact your child's school nurse.

Medication

The school nurse may not dispense any medication to students without written authorization from parents and the attending physician (every year a new note is required). This applies to both prescriptions and non-prescription drugs. If students are taking medication, try to have it administered at home. If it must be taken during school hours, the following requirements must be met for each specific case of treatment:

1. There must be, from the family physician, a written request indicating frequency and dosage of the medication.
2. There must be a written request from the parent to administer the medication as specified by the physician. Medication should be in the original prescription bottle with the student's name and name of the medication.
3. Direct personal delivery of the medication must be made by the parent or designated adult. No medication can be sent on the bus.

Lead Screening (UPK students only)

Public Health Law requires that public schools, day care providers and nursery schools "obtain evidence" of lead screening for all children under six years of age. If the parent is unable to provide such evidence, the District will give the parent information on lead poisoning and prevention and refer the parent to their health care provider or the county health department for a lead blood screening.

Physical Examination (Required)

If your child is new to the District, entering grades Pre-K or K, 1, 3, 5, 7, 9 or 11 grade, or trying out for an interscholastic sport, students are required by law to have a physical examination by either their physician or the school physician. The physical examination for the Pre-K student must be submitted before the student can be entered in the UPK lottery. Your child has the best assurance of proper attention to health needs when examined by one's own physician - we encourage this practice. If you would like a school physical done by the school physician, please contact your building's school nurse.

A sports physical is required each year. Online registration at www.FamilyID.com is required for each season the athlete participates.

NOTE: It is especially important to emphasize that athletes with a history of heart disease, high blood pressure, fainting or dizziness with exertion, diabetes, asthma and orthopedic problems, or a family history of sudden unexplained death or heart attack before age 55, should have a medical evaluation from their personal physician or specialist.

COLLEGE-BOUND STUDENTS

planning to attend colleges in New York State are required to show proof of immunity against measles, mumps and rubella, as well as two doses of measles vaccine.

School Bus Safety Guidelines

Safety Skills	Safety Reasons
<ul style="list-style-type: none"> Walk safely to your bus stop. Be on time – five minutes before your scheduled pick-up time. Wait quietly away from the road. Bus Expectations

- All students must wear their seatbelts when on school buses (grades K-12).
- Students ride to and from school on assigned buses.
- Shoving, pushing and using profane or obscene language and gestures is prohibited on the bus.
- Do not deface or damage the bus.
- When seats are assigned to students by the driver, the students must get the driver's permission to move.
- Students shall pass through the aisle to and from their seat without disturbing or crowding other pupils.
- Sit facing forward and keep aisles clear at all times.
- Smoking and the use of liquor and drugs is prohibited on school buses.
- Cell phones are distracting to the driver and others but are allowed to be used on the bus in vibrate mode; cameras cannot be used.
- Dangerous and large objects are prohibited on buses (glass jars, bottles, fishing poles, guns, knives, hockey sticks, etc.).
- Students must stay in their seats while the bus is in motion.
- Nothing is to be thrown from bus windows.
- Safety equipment is to be used during emergencies and drills only.
- Eating on the bus is not allowed without prior permission. Water bottles are permitted.

Busing Guidelines

- Students may not take the bus to a friend's house.
- Students may board a late bus from school only with a properly signed pass.
- The bus number and approximate pick-up time will be mailed before the end of August.

In the Event of an Accident

- If a minor bus accident occurs during school hours, children will be sent to the school nurse. Transportation will notify the parents.
- If an accident occurs after school hours, children will be seen by a nurse the following day. The Transportation Department will notify parents.
- The Transportation Department is required to follow the above procedures even if there is just minor damage and no injuries reported. In the event of a serious accident, 911 will be notified and families will be contacted.

Babysitter/Child Care Transportation Requests

In an effort to accommodate families whose children are in child care before or after school, the following policy has been established:

- All requests for transportation to and from child care must be submitted in writing to the Transportation Department no later than April 1, preceding the next school year, or within 30 days of moving into the District.
- All bus route change requests require a minimum of **five** days advance written notice to the Transportation Department.
- Same day or single day requests will not be accommodated.
- The District encourages that child care arrangements be on the basis of five days per week at the same location for the duration of the school year.
- Forms are available on the District's website at www.bcs1.org/transportation in each elementary school office and at the Transportation Department.

- Elementary schools between 8:45 a.m. and 9:30 a.m.

Break the Fast

A daily breakfast is vital to the health and well-being of growing children. It helps them feel better, study better and be more alert through a long morning. Studies have shown that children who eat breakfast score higher on tests and have better attendance records. Yet, four out of five American families do not eat a good breakfast; perhaps because of busy mornings, working parents, a long bus ride or a tight family food budget. The breakfast program provides healthy morning meals to children in school. It is state mandated from kindergarten through sixth grade. Here at Brockport Central, we have a monthly menu and serve breakfast every day to students in kindergarten through grade 12.

Elementary Student Breakfast \$2.10
Secondary Student Breakfast \$2.10

Free/Reduced Price Meals

Families who meet federal income eligibility criteria may apply for breakfasts and lunches at reduced or free status at no cost. Applications are available in each school office, from the Food Service Department and on the website at www.bcs1.org under Departments & Services/ Food Services/Free and Reduced Meals.

Lunch is Served:

- High school between 10:03 a.m. and 1:01 p.m.
- Middle school between 10:35 a.m. and 1:05 p.m.
- Elementary schools between 10:45 a.m. and 1:50 p.m.

Let's do Lunch!

Eating right starts at an early age and good nutrition plays an important part in helping students become healthy adults. The Brockport Central School Lunch Program is an integral part of this District's educational system. We provide students at all grade levels with a varied selection of nutritious, popular menu items each school day. We use a menu planning option that will help meet the dietary guidelines and the recommendations of My Plate. We plan breakfast and lunch menus that are nutritionally analyzed by computer to meet nutrition standards for students that are age/grade appropriate for calories, fat, saturated fat, protein, calcium, iron, Vitamin A and Vitamin C. These menus also must average 30 percent (or less) calories from fat and less than 10 percent of calories from saturated fat over a five day period.

Brockport has always maintained a healthy meal program. We offer fresh fruits and vegetables daily and a wide variety of other nutritional food choices. Portions served meet and, in most cases, exceed the minimums and maximums required. Variations in students' appetites are accommodated through the practice of offer vs. serve. Students need to take only a minimum of three of the five serving choices offered daily to receive a reimbursable lunch. One of the choices must be a fruit or vegetable.

Elementary Student Lunch \$3.20
Secondary Student Lunch \$3.20

Online Payment

Brockport Food Service Department is excited to provide families a convenient, easy and secure online prepayment service to deposit money into their child's school meal account at any time. This service also provides parents the ability to view their child's account balance and view breakfast and lunch purchases.

Visit www.MySchoolBucks.com to register. You may continue to make advance payments via check, made payable to Brockport School Lunch. Please call our office with questions.

Special Diets

Federal regulations require schools and institutions to serve meals at no extra charge to those children whose disability restricts their diet in such a way that they cannot fully participate in the food service program without some modification to the foods offered on the scheduled menu. You must request the special meals from the school and provide the school with medical certification from a medical doctor. This medical certification must contain the following:

1. Verification that special meals are needed due to the student's disability, and
2. Recommendation/prescription for alternate foods and forms of food needed to meet the student's special dietary needs.

Allergies: Though the School Meals Department is not required to offer supplemental foods or monitor students' diets, we would like to make every effort to ensure the safety and well-being of your child. If your child has a severe food allergy, please send the following information to the Building Nurse's Office, 40 Allen Street, Brockport, New York 14420:

1. Parent letter requesting special meals with certification from a medical authority stating the foods that are potentially dangerous or life threatening.
2. Prescription from a registered dietician or medical authority stating alternate foods that meet your child's special dietary needs.

*Lactose Intolerance: If your child is lactose intolerant, a signed medical note from your physician is a State requirement and must be on file in order for an alternative drink choice to be offered in place of milk (such as Lactaid). Juice cannot be substituted.

Direct Certification Matching Process

If you currently receive SNAP Benefits (formerly known as Food Stamps) or certain types of Medicaid, all members of the household that are school age will be directly certified through a data matching process from a database supplied to us through the State Education Child Nutrition Office and will receive free meals (breakfast & lunch) for the 2023-24 school year.

You may also receive a letter from one of the participating agencies which will qualify the school age students in your household for free meals. The original letter will need to be mailed or dropped off to the Food Service Office for processing. If you do not return this letter or lose it, you will need to submit a Free or Reduced Price Meal Application for review.

In either of these cases, you will then receive a letter from our office confirming your eligibility status for free or reduced price meals for the school year.

Why should I join the PTSA?

PTSA membership supports YOUR child by:

- Funding essential educational and curriculum needs
- Funding special activities, such as: family nights, Kindergarten lunch/bus duty, Read Across America, holiday events, book fairs, school vacation games and so much more
- Advocating on behalf of our children and educators
- Building an inclusive community for all families

Save money as a PTSA member!

Whether you're buying school supplies for the kids or renting a car for your next family vacation, PTSA members can save money on everyday purchases thanks to National PTA member offers.

BEST Foundation

The Mission of the BEST Foundation is to support BCSD students by providing financial resources to enhance existing programs and activities and create new educational opportunities.

Our logo embodies the spirit of collaboration and teamwork that we wish to convey to students, faculty, and staff. Consider joining or supporting BEST with your time, talents, and/or resources.

Funding is provided to BCSD staff through a grant application found on our website, BrockportBEST.org. Support has been provided for such projects as books for Ginther students, a Brick Lab field trip, the summer Bookmobile, AP exam fees, the BHS food shelf, Strong Museum fees and the OMS Washington, D.C. trip.

Funds have been raised through "Farm to Table to Excellence" dinners at Kirby's Farm Market, payroll deductions from committed employees of the District and generous donations from community members and local businesses. Donations are appreciated and can be made through our website via PayPal or mailed to: Brockport BEST Foundation, P.O. Box 265, Brockport, NY 14420.

Purchasing a membership online is easy!

We hope to see you there

Bring the kids too!

Brockport Alumni Association

The mission of the Alumni Association is to serve and engage the Brockport community by fostering lifelong relationships between BCSD and its alumni. Building upon shared values, bravery, honor and service, the Association leads programs that support current students and alumni through networking. Additional Alumni Association information and dates can be found at www.brockportalumni.com.
