Along with the Yom Kippur holiday, this past Wednesday was also World Teachers Day, which was created by UNESCO in 1994 to celebrate the indelible role educators have on the world. In keeping with this year's theme, "[The transformation of education begins with teachers,](#)" I hope you have an extremely fulfilling day during Monday's professional development sessions. Thank you for your dedication to our students, our profession, and our making our world a better place. Have a wonderful weekend.

Sincerely,
