Nutrition Services

Nutrition Services

Our goal is to serve attractive nutritious meals, prepared under sanitary conditions to the greatest number of students.

Applications for Free/Reduced Price Meals

During the 2022-23 school year, all students will be offered breakfast and lunch at no charge during their school day through California's new Universal meal Program.

To help continue providing students with the maximum amount of resources we ask that each family fill out the survey link below www.burtonschools.org/lunch

Breakfast in the Classroom

Studies show that good nutrition leads to improved classroom performance, higher test scores, and better behavior. Breakfast is an important part of good nutrition and helps to set students up for success. Each morning, breakfast is delivered to the classroom and available for students to eat in the classroom before instruction begins.

Lunches at Burton

During lunch the students are served:

- an entrée of lean meats and whole-grains
- a fruit or a vegetable
- a visit to our salad bar to choose from a variety of fresh produce.

"I love what I do. I am thankful for the opportunity to serve students, it is truly a privilege. The Nutrition Services staff is always eager to answer any questions from parents, please give us a call at (559) 782-5948."

Linnett Cazares

Director of Nutrition Services

SCA Admission Requirements

Admission Requirements

The Burton School District reserves the right to establish the maximum number of students enrolled in the charter school. The only admission requirements are:

- *the student resides in California*
- *the student and parent/guardian sign and maintain their commitment to the “Student/Parent/School Compact”.*

Admissions applications may also be rejected if the student has been expelled or is facing a pending expulsion from another district or the Burton School District or has severe discipline/behavioral issues at their current school.

Parent Hours

Each family is recommended to contribute at least 30 hours of work to support the school. Opportunities include field trip or classroom support, donations of supplies or equipment, and campus work projects.

Continued Enrollment with SCA

Continued enrollment at the school may be contingent upon fully honoring the terms of the School Compact. Family members who violate the terms of the Compact may lose their child(s) attendance privileges.

Students will be allowed to continue their attendance at the school in the following year if all terms of the School Compact have been substantially met by March 15th of the current year, as determined by the Board of Directors.

Reasons for Denying Continued Enrollment

The Board may deny automatic continued enrollment for these reasons:

- *There is documentation that the student has not maintained his/her responsibilities for academic performance, behavior, or attendance.*
- *The parent/guardians have not completed a majority of their service hours by March 15th, or have not met the full 30 hours by the end of the school year.*
- *The Board of Directors reserves the right to deny continued enrollment for reasons not listed here.*

***All disagreements will be heard by the Board of Trustees.*

One School Under Four Roofs

Summit Charter Academy is one school under four roofs:

1. *Summit Charter Academy Mathew*
2. *Summit Charter Academy Lombardi*
3. *Summit Charter Intermediate Academy*
4. *Summit Charter Collegiate Academy*

If enrollment is denied at one site, students may not enroll at another site unless decided differently by the Board of Directors due to extenuating circumstances.

If granted the ability reapply for admission, the procedures for new applicants would need to be followed. The Board will attempt to open enrollment for the following year by January 15th. If, during enrollment signups for the following school year, more students apply than can be admitted, the normal admission process will be followed.

Continued attendance at the school will be contingent upon fully honoring the terms of the compact. In order to attain a racially, economically, and geographically diverse population, the admissions process will be designed to reach out to all families in the greater Porterville community and to enable the school to have a diverse student body. If more students than can be admitted apply, the following admission processes will be followed:

SCA Admission Process

Admission Process Priorities

- First priority will be given to students who currently attend the school and wish to continue attendance
- Siblings of currently enrolled students will be admitted if space is available and other Charter Policies have been met.
- Students in grades 1-12 will then be permitted based on space availability. Enrollment deadline for the following year is March 1st. At that time, all students will be placed into classes if space is available.
- If student cap is exceeded at any grade level, a lottery will be held to determine enrollment (excluding siblings, unless there are more siblings than space permits).
- If grades are not full, students will continue to be admitted after March 1st, on a first come first serve basis.

Kindergarten

Kindergarten students will be admitted as follows:

Based on:

- Program Requirements
- Siblings
- Attendance of Kindergarten Open Enrollment Day (if numbers exceed that of space, an initial lottery will be held based on programs and space available. Students not admitted into the program requested will be given the option to enroll in alternative program if space is available).

Additional Information

Note: Children of founders, district employees and charter teachers are exempt from the lottery by federal law-up to the 10% threshold.

Movement between the K-6 sites will be based on availability and program requirements. If there is a waiting list, they will be added accordingly.

The Summit Charter Academy will be non-sectarian in its programs, admissions, policies, employment practices and all other operations. The school shall not charge tuition and shall not discriminate on the basis of race, ethnicity, national origin, gender, or disability.

Further, the school will ensure that a free and appropriate education is provided to all children with exceptional needs.

HOT WEATHER GUIDELINES FOR P.E.

According to the American Academy of Pediatrics, most healthy children and adolescents can safely participate in outdoor physical activities in warm to hot weather conditions, as long as appropriate preparation, modifications, and monitoring are provided.

Students are encouraged to wear light-weight clothing, bring a water bottle, and may bring a towel to sit on during exercises and stretching.

In accordance with BP 6142.7 modifications will be made when temperatures reach 90 degrees or more. Modifications include:

- Increasing the frequency of breaks for water and resting
- Reducing the duration and/or intensity of activity
- Select appropriate level of intensity for physical activity as defined in Administrative Regulation 6142.7
- Limit physical activity of students who were recently ill
- Closely monitor students for signs of developing heat illness
- Review signs, symptoms, and prevention of heat related illness with students

Physical Education Activity Guidelines

90 to 95 degrees: All outdoor activities are acceptable. The teacher will ensure the modifications above are being implemented.

96 to 99 degrees: All outdoor activities are acceptable, but the temperatures can rise and should be monitored every 30 minutes. The teacher will ensure the modifications above are being implemented. Additional considerations should be made in regards to the environment of the activity (i.e. blacktop vs field).

100 to 104 degrees: Outside activities are not suggested. The teacher will re-check the temperature every 30 minutes when students are outdoors and ensure the modifications above are being implemented. Indoor activities are highly recommended.

105 degrees or more: All outdoor activities are to be stopped, activities can continue indoors.
