### Burton School District Triennial Assessment Completed June 16, 2023

In accordance with the <u>2016 Final Rule</u>, schools must complete an assessment of their district wellness policy every three years, at minimum. The assessment must include several components:

- 1. Comparison of the district's School Wellness Policy to a model policy;
- 2. Measurement of the extent to which the district is in compliance with the policy;
- 3. Description of the district's progress toward achieving the goals described in the policy. Burton School District used the WellSAT Triennial Assessment tools and worksheets to fulfill the requirements of the Triennial Assessment. The results are detailed below.

Congratulations! You have completed the WellSAT. Check out your scorecard below. It contains details of how you scored on each item and section of the assessment. It also provides resources that will help you improve your district's school wellness policy.

Items with a rating of "0" (item not addressed in the policy) or "1" (general or weak statement addressing the Item) can be improved by referring to the resource links next to the items. Multiple resources addressing school wellness policy topics are available online. To avoid duplicative information, we have included a small selection, rather than a comprehensive listing.

#### PART 3: Description of the district's progress toward achieving goals described in the policy

• See completed WellSAT Worksheet 4 (attached).

#### WORKSHEET 4: SUMMARY OF FINDINGS

This worksheet can be used to create narrative descriptions to post alongside sections from Worksheet 3: Identifying Connections between Policy and Practice. The purpose of these narratives is to describe the district's progress toward meeting their wellness goals. Not all districts will have information to share in all four sections.

#### **SECTION 1: STRONG POLICIES AND ALIGNED PRACTICES**

## If applicable, write a narrative below to describe your district's areas of success in meeting its wellness goals.

Our current wellness policy is generic and does not capture the district's areas of success. A new policy must be implemented. Our wellness committee will consider these issues and get together to write a new wellness policy

## SECTION 2: CREATE PRACTICE IMPLEMENTATION PLAN

#### If applicable, write a narrative below to describe how your district will create practice implementation plans to ensure full compliance with all elements of the LSWP.

We identified through our assessment that our policy of integrating nutrition education with the school food environment is being implemented in some schools, but not others. To remedy this, we have developed an implementation plan. We will hold a workshop during a professional development day for all district nutrition educators and food service managers to learn about the activities that have been successfully implemented in some of our schools. We will also create a section of our website to highlight these practices and invite additional ideas from both teaching and food service staff.

If applicable, write a narrative below to describe how the district will update its policy to include all federally required items. You may also add plans for additional policy updates if desired.

We identified through our assessment that there are some areas where we are fully implementing wellness practices in our school that are either (a) not mentioned in our wellness policy or (b) are only vaguely mentioned in our policy. Three of these items are federal requirements. To remedy this or wellness committee will work during the 2023-2024 school year to update our wellness policy. We will draft new language in July and August, and present it before the Board of Education at their September meeting for a vote.

## SECTION 4: OPPORTUNITIES FOR GROWTH

If applicable, write a narrative below to describe how your district will update its policy and practices to include all federally required items. You may also add plans for additional wellness goals if desired.

Overall, our LSWP needs to be updated. The current policy is generic and does not capture all the practices the district has in place.

#### **USDA Nondiscrimination Statement**

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: How to File a Complaint, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:
