

Odell Elementary Week of: September 12th

BRIDGES/SILVERS TEAM

Important Notes from the teachers:

We have had another excellent week in fourth grade! We are wrapping up iReady diagnostic testing and will share data with you when it is complete.

Curriculum Night is THURSDAY! We will have 2 sessions for you to attend; 6:15-6:45 and 6:55-7:25. Doors will open at 6pm. Both classes will join together in Mrs. Bridges room (D109). Mrs. Silvers will share about the Math and Science curriculum and Mrs. Bridges will share the Reading, Writing, and Social Studies curriculum. We will also share important 4th grade and school information. We hope to see you there!

If you haven't yet, please send in required paperwork from Open House. Payments can be made here: <https://k12paymentcenter.com/>

End of 1st Quarter;
Early Dismissal

11/7 & 11/8
Teacher Workdays

11/10
Culture Night

11/11
Veterans Day- No
School

READING:

Students worked incredibly hard this week on their iReady Reading diagnostics. We will wrap those up this week! Once all students finish, you can expect students to pass 2 lessons per week- these can be completed for homework or during early finisher class time. This week readers will learn the 5 types of context clues and how to determine the meaning of unknown words. We will also begin an important reading strategy called signposts!

SOCIAL STUDIES:

We are continuing our focus on North Carolina! We will wrap up our study on the geographical regions of NC and begin our study of Colonial NC. We will study the colonization and effect Europeans had on indigenous groups already living in the different regions.

MATH:

This week we will be reviewing data! Students will be collecting data, making a representation of data and interpreting data in frequency tables, scaling bar graphs, and/or line plots. Students will also be determining whether a survey question will yield categorical or numerical data. Students have finished their iReady Math diagnostics and will be starting their iReady lessons for homework next week. They are required to pass two lessons each.

SCIENCE:

Our science unit is all about the Earth! Students will be able to explain the cause of day and night based on the rotation of Earth on its axis.

HOMEWORK THIS WEEK:

Reading:

- NO reading HW this week.
- Mrs. Bridges will update you when reading HW begins.

Math:

- Math Homework; 2 iReady Math lessons

PARENT CORNER:

We appreciate you taking the time to read through the newsletter this week.

CLASS DONATIONS:

Mrs. Bridges
would like:

-we do not need anything
right now, thank you for
your donations! 😊

Mrs. Silvers
would like:

-Toothpicks
-paper plates
