Office Hours

1st block 7:45-8:10 M-TH

Course Overview

Course Number: BF21

Prerequisite: BF10 Principles of Business & Finance

This course is designed to cover key strategies for wealth building as students learn to evaluate businesses for investment opportunities while incorporating current headlines and trends, financial resources, and stock market simulation. Also, students will develop techniques to enhance personal wealth building for a secure financial future. Current technology will be used to acquire information and to complete activities. Throughout the course, students are presented ethical dilemmas and problem-solving situations for which they must apply academic, team-building, and critical-thinking skills.

Course Materials

These items will be helpful for the student to be prepared and organized for the class.

- 1” 3-ring notebook/binder to keep notes/work from assignments
- Pen and/or Pencil
