Introduction

I have made these uppercase handwriting practice sheets to address the Pre-K and Kindergarten(Prep) level of learning and writing. The lines and letters are at an ideal size for these young learners!

How to use this book

This book contains basic handwriting sheets for children who need the extra practice to perfect their letters. Each handwriting sheet displays a letter with correct letter formation, then 5 writing lines for them to trace the letter.

The handwriting sheets in this book can be used while working with the entire class or in small groups. They would make a great homework sheet, and would also be ideal for morning work or early finisher work or however you see fit!

I have included 2 versions of each handwriting sheet for your convenience: one with dotted lines and one with a continued tracing line.

Happy Teaching :)
