SIGN UP USING THE APP OR TEXT TO RECEIVE ALL CLASS NOTIFICATIONS.

## class materials

- Charged Chromebook
- 1 composition book
- Pencils
- Thin Dry Erase Markers
- Tape in Plastic Dispenser
- Earbuds for Chromebook

## course description

Math I is designed to build mathematic and academic confidence for our incoming freshmen and prepare for our first EOC. We will build upon concepts from Middle School, work on organization & responsibility for the students, and introduce many difficult mathematical concepts students have yet to experience. Hard work pays off!

## grades

60% - Major Assignments

40% - Minor Assignments

**TESTS & PROJECTS**

**LABS & UNIT QUIZZES**

**DAILY WORK CLASS/HOME**

**CHECK FOR ACCURACY**

## preparation

- 1 Come prepared to class with your notebook, writing utensils, notes, work and all other supplies. (Even Online!)
- 2 Get into the classroom on time, so our daily lessons and warmups can start in a timely manner.
- 3 Work should be turned in on its Due Date. Organization is key for success in high school.
- 4 Take responsibility for your own learning. Being a student is a full-time job.

**TROJANS**

are  
**Safe, Respectful & Responsible**

# responsibility

All work will be updated weekly via POWERSCHOOL. **The PowerSchool Grade is your Class Grade.** Canvas and other online platforms only provide feedback for those individual assignments. Please check grades regularly and feel free to ask me any questions that you might have about a grade. This can be done via e-mail or in person.

All students are expected to be familiar with and understand the academic honesty policy in the NCHS code of conduct as it applies to acts of plagiarism and cheating. All submitted work must reflect your own thoughts and writing style. Violations will automatically result in the denial of credit for this work and a disciplinary referral.

# make-up math

This semester our department is offering math makeup sessions run by each teacher. You may stay after school the designated day per week as communicated by your teacher to complete makeup work or assessments. Do not sign up or ask...just show up if you need to correct something. Students must leave the building at 3 pm each of these days. If you need a reference for a private tutor, please reach out to your teacher.

# assignments

If students do not complete work during class in the time allotted, it will be assigned as homework so students can adhere to the determined deadlines. Please make sure you use our weekly agenda to keep up with your assignments.

# electronic devices

Electronic devices other than the computer should be kept away from student during learning times & stored in bookbag. Devices should not be out during class, unless otherwise instructed by the teacher or with permission. Please keep food and drink away from school issued electronic devices, so you do not incur a repair fee. If an issue arises that needs assistance with your device, please use the link to file a [Technology Help Ticket](#)

# missed work

If you are absent for any reason, you are still responsible for completing your make-up work. All make-up work will be linked in the appropriate assignment in our current Canvas Module or provided on paper in our class.

If you know you are going to be absent beforehand, you should let me know before the absence via email.

# email protocol

As adults in a technology driven world, you will need to be comfortable communicating via email. You will follow this same idea for our class. If you need to contact me about an assignment, YOU (not your parent) need to send an email from your [Microsoft 365](#) account addressing the needs you might have. You are more than welcome to copy your parent on said email.

Subject Line : your **name & class period**.

Body of Email : include the **date & name** of the **assignment** where you need assistance along with your clarifying questions.

I will respond within the 24 hour expectation, but many times much faster.

# restroom policy

This semester teachers will close the door when the tardy bell rings and sweeps will be performed for tardy students, thus no bathroom visits will be allowed in the first or last 10 mins of class or during instruction. Please make sure to plan your day and ask at the appropriate time. We will use E-Hall Pass to track your visits outside of class including the nurse, guidance, & the restroom.

# units of study

- ONE VARIABLE EQUATIONS & INEQUALITIES
- LINEAR EQUATIONS & INEQUALITIES
  - GEOMETRIC REPRESENTATIONS
- SYSTEMS OF LINEAR EQUATIONS
- DATA ANALYSIS & STATISTICS
  - EXPONENTIAL FUNCTIONS
- POLYNOMIALS & QUADRATICS
