Prep It!

Square Foot Gardening: Filling beds & Grid System

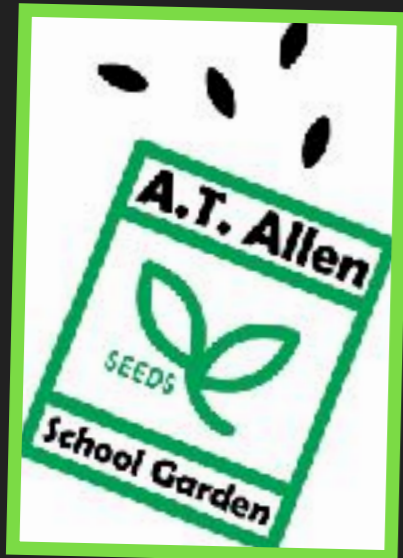

- Eliminate weeds
- Fill with mineral-dense, nutrient-rich, loose soil OR amend existing soil to as needed
- Mark off square feet and create a grid system

Plant Lab 101

P2

Plant It!

- Choose your seeds
- Gather your tools
- Determine spacing & depth based on root development and plant growth span

Plant Lab 101

M2

Mark It!

- Add a plant marker to label what is growing in each square
- Labels help identify plants and distinguish them from weeds
- Plant labels are a fun way to add creativity to the garden
