

CCS VEX Robotics 2023 Summer Camps

Get set Campers for a 4-day, fun-filled week of Robotics and Coding!!

Robotics is an engaging way to integrate all facets of STEM Education into the classroom and competition is a natural way to capture student attention. During the excitement that comes with building and competing with a robot, CCS VEX campers will be having too much fun to realize they are learning important STEM concepts and life skills!!

Campers will first experience the thrill of building their VEX robots and then take on the challenge of competing in a variety of tournament-style games. Campers will also learn to code their robots and operate them in skills-based challenges. If your child is curious about robotics or coding – this is the place to be! No prior robotics or coding experience necessary.

Monday – Thursday 8:30 – 4:30
All camps cost \$250.

VEX IQ is the perfect camp for rising 4th to 8th grade boys and girls.

VEX Summer Camp!

Our IQ camps foster student development of the teamwork, critical thinking, project management, and communication skills required to prepare them to become the next generation of innovators and problem solvers, all while having fun!

VEX VRC is perfect for campers who want to take previous robotics experience to the next level.

From plastic to steel and aluminum and the latest V5 digital technology, the VEX VRC camps stretch the campers innovative process to new levels.

Keep your build and coding skills sharp over the summer in preparation for the 23-24 season.

June Camps		July Camps	
19 – 22	Jay M. Robinson HS (IQ & VRC)	10 – 13	Concord MS (IQ)
19 – 22	C.C. Griffin MS (IQ)	10 – 13	H.E. Winkler MS (IQ)
19 – 22	Northwest Cabarrus MS (IQ)	10 – 13	Patriots ES (IQ)
19 – 22	WM Irvin Elem. (IQ)	10 – 13	Pitts School Rd ES (IQ)
