

# SECRET CODE SPELLING

Make a secret code by drawing the pictures for each letter next to your spelling word.

a	b	c	d	e	f	g	h	i	j	k	l	m
												
n	o	p	q	r	s	t	u	v	w	x	y	z
												

Example: 1. they =          2. did =   

This week's  
Spelling Words

- |        |        |
|--------|--------|
| 1. and | 5. go  |
| 2. big | 6. not |
| 3. can | 7. one |
| 4. for | 8. red |

Use with any spelling list for an instant activity. Can be used whole group or as an independent word work/center activity. To use whole group, I put the Secret Code Spelling sheet under the document camera and either write the words on the board or have students use the weekly spelling list from their notebook/textbook.

Another activity would be to mix the spelling words up and write them in code. Students will have to decode the words and write the spelling word. **Can also be used with sight words!**
