LETTER OF TRANSMITTAL

December 1, 2013

Members of the Caldwell County Board of Education and Citizens of Caldwell County, North Carolina

In compliance with the Public School Laws of North Carolina, the Comprehensive Annual Financial Report of the Caldwell County Board of Education operating as "Caldwell County Schools", for the fiscal year ended June 30, 2013, is herewith submitted. Responsibility for accuracy, completeness, and clarity of the report rests with the Superintendent and Finance Officer.

This report has been prepared by the Caldwell County Schools Financial Services Department in accordance with GAAP (Generally Accepted Accounting Principles). We believe the data presented is accurate in all material respects and is presented in a manner designed to reflect the financial position and results of operations of the Board. To enable the reader to gain maximum understanding of the Board's financial activity, we have included all necessary disclosures.

The Board is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996, the U.S. Office of Management and Budgets Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the North Carolina Single Audit Implementation Act. Information relating to this single audit, including a schedule of expenditures of federal and state awards, the report on compliance and on internal controls, reports on compliance with requirements applicable to each major federal and state program, and a schedule of findings and questioned costs are included in the compliance subsection of the financial section of the comprehensive annual financial report.

The Caldwell County Board of Education, whose members are elected by the citizens of Caldwell County, has the authority to designate management, make binding decisions, and influence operations. The Board has final approval over the budget and primary accountability for fiscal matters, including deficits. Accordingly, Caldwell County Schools are not included in any other reporting entity as a component unit and has no component units. GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A).

This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Caldwell County Board of Education's MD&A can be found immediately following the report of the independent auditors.

Reporting Entity

The Caldwell County Public School System is a comprehensive school district serving the entire county including the municipalities of Lenoir, Granite Falls, Hudson, Gamewell, Cedar Rock, Cajah's Mountain, Sawmills and parts of the town of Blowing Rock, Hickory and Rhodhiss. The system was created through a merger of the Caldwell County and the City of Lenoir public school systems in July 1974.

The school system is led by the Caldwell County Board of Education and the Superintendent. The Board consists of seven members who are responsible for setting policy. The Board is elected on a non-partisan basis. The Superintendent is appointed by the Board and serves as the chief executive officer. The Superintendent and his administrative team are charged with managing the operation of the school system.

Caldwell County Schools is the thirty-second largest system in North Carolina out of one hundred fifteen. The system includes eleven elementary, four K-8, four middle, three high schools, two alternative schools, an early college high school and a middle college, both of which are located on the campus of the community college. The system employees over one thousand five hundred full-time employees and has a student population of twelve thousand two hundred ninety-one. There are eight hundred nineteen certified teachers, of which one hundred and eighty-six are certified by the National Board of Professional Teaching Standards.

Caldwell County is located in scenic northwestern North Carolina, approximately 70 miles northwest of Charlotte, 85 miles west of Winston-Salem and 90 miles east of Asheville. The altitude of the County ranges from 900 to 5,964 feet above sea level with topography ranging from rolling foothills to high-forested mountains. It has a land area of 471 square miles and an estimated population of 78,645. There are ten incorporated municipalities in Caldwell County. The City of Lenoir is the largest municipality and serves as the county seat.

Established in 1841, Caldwell County was carved from the counties of Burke and Wilkes. A bill to establish the county was rejected in 1839 because a faction within the state legislature wished to form two Democratic counties instead of one Whig county. Representative Elisha P. Miller reintroduced the bill on November 19, 1840 to establish a county from Burke and Wilkes to be named Boone. It was first read and rejected on December 5, 1840. It was read a second time and passed by the casting vote of the Speaker, Robert B. Gilliam on December 14, 1840. There was some confusion over the selection of the name; however, when Charles Manley, Clerk of the House, suggested to Representative Miller that the county be named for Dr. Joseph Caldwell, first President of the University of North Carolina and an advocate of the public school system and a railroad system stretching from Morehead City through the questioned county to Tennessee, the bill was ratified and signed on January 11, 1841.

Economic Conditions and Outlook

For one hundred years, the primary employers in Caldwell County were furniture and textile manufacturers. Since December 2007, when the national recession was recognized, North Carolina has lost more than 240,000 jobs, with the majority being from the manufacturing industry. According to the U.S. Bureau of Labor, furniture manufacturing jobs in North Carolina decreased form 66,000 in 2002 to 33,000 in 2012. Over 40 percent of the state's furniture manufacturing jobs are in Caldwell, Catawba, Burke, and Alexander counties. Our four-county region, known as the Greater Hickory Metro Region or the Unifour, has experienced a depressed economy for the past ten years.

Caldwell County has suffered the most of the four counties with unemployment being in the double digits since November 2008. At 10.3%, our county's rate is higher than the state average of 8.8%. Caldwell County has consistently remained in the state's ten counties with the highest unemployment rates.

Caldwell County's Economic Development Commission continues to aggressively recruit industry to Caldwell County. According to Boyd Group Site Consultants, an independent national site selection consultant, "Lenoir has been selected as one of the top small market cities in the country for high-technology manufacturing. Lenoir had the lowest projected annual operating costs when compared to 44 other cities across the country. Lenoir is one of the top-three markets for high-tech manufacturing." Caldwell County is proud of the fact that Google located a data center here.

Major Initiatives and Accomplishments

Caldwell County Schools receives support from a school-business partnership program, as well as a strong volunteer program. In 2012-13, Caldwell County Schools had 60 school/business partnerships which enhance the opportunity for schools and businesses to work together. Volunteers logged over 65,000 hours during the 2012-13 school year, offering invaluable support to our students and staff.

Through a private grant, Caldwell County Schools offers a free pre-kindergarten summer program called Rising Stars which provides assistance for students entering kindergarten. Children at fifteen elementary school sites enjoy experiences in writing, counting, numbers, math and problem solving in preparation for starting kindergarten in the fall.

The WrapAround program is a before and after school child care program for elementary school students which provides childcare from 6:00 in the morning until the school day starts and again in the afternoons until 6:00 pm. The program is also open full days during the year when school is not in session and during the summer. WrapAround is fully licensed by the North Carolina Division of Child Development.

In the spring of 2012, Caldwell County Board of Education unveiled a plan for a unique partnership that allows students to develop skills and interest in the fields of Science, Technology, Engineering, Arts and Math (STEAM) with the establishment of the Patterson

Science Center, a stand-alone Science Center operated by Caldwell County Schools on the campus of Patterson School. Patterson School was once a private coed boarding school which was founded in 1909 and closed in 2009. Patterson Science Center opened its' doors to students in the fall of 2012. During the first year, 7,727 students in grades K-8 experienced age-appropriate hands-on activities and studies in all STEAM areas, but primarily in science. Patterson Science Center offers a low ropes course, walking trails, summer camps for students, staff development for teachers, and takes instructional programs to the schools.

All middle and K-8 schools have received Project Lead the Way Gateway to Technology School of Excellence recognition for successful implementation of Gateway to Technology, a preengineering curriculum that gives students rigorous, reality-based knowledge to become better prepared for college and high-technology fields. Project Lead the Way (PLTW) offers students a hands-on, project driven experience in Science, Technology, Engineering and Math (STEM). In a new initiative, the district offered four summer camps for middle school students. The camps focused on robotics design, aeronautics, and biology.

Caldwell County Schools is proud of two innovative high schools that are located on the campus of Caldwell Community College. Caldwell Early College High School offers students the opportunity to complete a five year program and exit with both a high school diploma and an Associate's degree. The vision of CECHS is to graduate students ready for college, ready for a career and ready for life. CECHS is recognized as one of four innovative model schools in North Carolina through the Learning Laboratory Initiative. Caldwell Career Center Middle College offers a strong academic foundation with emphasis on advanced college and technical coursework. The vision of CCCMC is to become a national model for blended technical and academic education. CCCMC's engineering team won the state championship at Skills USA competition and several other CCCMC students were recognized for their achievements at state and national Skills USA competitions.

The Education Foundation of Caldwell County is a non-profit organization established to support high academic achievement and innovation in our school system. The foundation promotes cooperation between the schools and the private sector and encourages creativity and excellence in teaching by securing resources to enhance education. Each spring, the Education Foundation sponsors a huge arts "festival" called Kaleidoscope, which showcases our students' talents. The Education Foundation is the only nonprofit organization in Caldwell County which exclusively supports public education.

North Carolina's standard course of study has been completely overhauled with the Common Core and the NC Essential Standards. Implementation began in the fall of 2012-13. Testing in 2012-13 was based on the new Common Core curriculum and common exams. These exams were developed as a tool to measure the value that the teachers bring to students' learning and performance. Students' performance on exams will be used in educator evaluations. Student performance and school performance results were not released during 2012-13; however, results were expected to decline due to the new performance standards.

North Carolina holds almost 19% of the nation's teachers certified by the National Board of Professional Teaching Standards. This is more than any other state in the nation. Twenty-one percent of North Carolina's teachers are NBPTS certified. Currently, nearly 23% of Caldwell County Schools' teaching staff is NBPTS certified. The number of teachers certified by NBPTS, while employed with Caldwell County Schools, reached 264 in 2012-13.

Long Term Financial Planning

Caldwell County Schools Board of Education has two committees which guide our school system in long range financial planning. The Board Finance Committee is comprised of three board of education members, the superintendent and the finance director. This committee meets monthly (more often during budget preparation). Financial planning and direction is given to the superintendent and finance director in these meetings. Planning to meet long term goals is a topic at each meeting; as well as, current financial status updates and reviews.

The second committee is the Facilities Committee and is comprised of three board of education members, the superintendent and the associate superintendent in charge of auxiliary services. The committee meets bi-monthly. Long range plans for maintenance of buildings and grounds, critical needs, expansion projects, and future building projects are prepared by the facilities committee. Status reports for all construction projects are given at the meetings.

The Board of Education also collaborates with officials from our County's management team. The Liaison Committee meets bi-monthly and is comprised of three board of education members, three county commissioners, county manager, county finance officer, superintendent and school finance director. Long range planning for our school system is the topic for each of these meetings. Because our school system is dependent upon our county for our current expense and capital outlay funding, we must work collaboratively to ensure that the citizens of Caldwell County support our education efforts and future needs.

Financial Information

Public school education in North Carolina is primarily funded by the State. Local funds supplement the basic educational programs and are appropriated by the local Board of County Commissioners. Local boards of education have no tax levying or borrowing authority and are required to maintain accounting records in a uniform format. Long-term planning for facilities is a joint relationship between the school system and the County leaders. In North Carolina, only counties can incur long-term debt for facilities.

"The purpose of a system of internal control is to assure that assets which belong to the enterprise are received when tendered, are protected while in the custody of the business, and are used only for business and are used only for business purposes." (Intermediate Accounting 3rd edition Meigs, Mosich, Johnson and Keller). Internal controls consist of all technologies, processes and practices designed to safeguard assets. A control system can only provide reasonable assurance the objectives of the control system are met. No internal control system can provide absolute assurance. Internal control systems must be evaluated periodically to ensure that the control system remains appropriate in the changing organizational climate.

The cost of control should not exceed the benefits to be derived from the internal control as the objective is to provide reasonable, rather than absolute assurance, that the financial statements are free of any material misstatements (GAAFR, pages 592 and 735).

The management of the school system is responsible for establishing and maintaining an internal control structure designed to ensure that all the assets of the school system are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of the annual financial statements in conformity with accounting principles generally accepted in the United States of America. In addition to the annual financial report, the Board receives a monthly financial report reflecting budget activity and balance sheet activity. The Board's Finance Committee, consisting of three board members, the superintendent, and the finance officer, meets regularly.

North Carolina General Statutes require all governmental units in the State to adopt a balanced budget by July 1 of each year. Budgets are adopted for all governmental funds and the proprietary funds. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget and in funds provided by the federal, state, and local governments. The budget amount reflected in the accompanying financial statements represents the original and the final budget as amended for the fiscal year.

Financial Highlights

Due to the depressed state of Caldwell County's economy, the board of education is committed to preserving employees' jobs. Caldwell County Schools is the largest employer in Caldwell County and is proud of the fact that, through the current economic downturn, no employees have been laid off. As a cost saving measure, "non-essential" positions are not being filled as vacancies occur.

Independent Audit

The North Carolina State Statutes require an annual audit by independent certified public accountants. The financial statements were audited by the accounting firm of Boggs, Crump and Brown, PA, whose opinion is expressed in the Financial Section. The audit was conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. The audit also met the guidelines of the federal Single Audit Act Amendments of 1996, as required by the U.S. Office of Management and Budget's Circular A-133 and the North Carolina Single Audit Implementation Act.

Awards

The Association of School Business Officials (ASBO) has awarded the Certificate of Excellence in Financial Reporting and the Government Finance Officers Association of the United States and Canada (GFOA) has awarded the Certificate of Achievement for Excellence in Financial Reporting to Caldwell County Board of Education for its comprehensive annual financial report

for the fiscal year ended June 30, 2012. This was the tenth consecutive year that the school system achieved these prestigious awards. In order to be awarded both of these certificates; a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet both certificate programs requirements and we are submitting it to the ASBO and the GFOA to determine its eligibility for another certificate from both agencies.

Acknowledgements

The preparation of this report would not have been possible without the dedication and support of the entire staff of the Finance Department. We would like to thank all members of the department for their assistance in the preparation of this report, and to the Board's independent accounting firm, Boggs, Crump, and Brown, PA, for their assistance.

We would like to express our appreciation and thanks to the Board of Education and it's Finance Committee for their continuing support and guidance in conducting the financial affairs of the school system.

Respectfully Submitted,

Independent Auditor's Report

To the Board of Education Caldwell County, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Caldwell County Board of Education, North Carolina, as of and for the year then ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Caldwell County Board of Education's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Caldwell County Board of Education, North Carolina as of June 30, 2013, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund, State Public School Fund and Federal Grant Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages four through twelve be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Caldwell County Board of Education's basic financial statements. The combining and individual fund financial statements and schedules, budgetary schedules and other schedules, as well as the accompanying schedule of expenditures of federal and state awards as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the accompanying schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, budgetary schedules, other schedules, and the accompanying schedule of expenditures of federal and state awards are fairly stated in all material respects, in relation to the financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we express no opinion on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 28, 2013 on our consideration of Caldwell County's Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Caldwell County Board of Education's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Caldwell County Board of Education's (the Board) financial report represents our discussion and analysis of the financial performance of the Board for the year ended June 30, 2013. This information should be read in conjunction with the audited financial statements included in this report.

Financial Highlights

- The school system experienced a decreased enrollment of 144 students (slightly less than 1%) from the previous year.
- Unassigned General Fund balance totaled \$7,721,104 at June 30, 2013. Total General Fund balance increased by \$188,878 during fiscal year 2013. The slight increase to the General Fund was due to utilization of the balance of the Federal Education Stabilization funds received though the American Recover and Reinvestment Act along with a hiring freeze of nonessential positions.
- The 2012-2013 year continued to be very challenging as the result of state economic conditions including a discretionary reversion of \$3,006,751 in 2012-2013.
- Caldwell County Schools is pleased to announce the successful opening of Patterson Science Center, a center for students to focus on the STEAM initiative (science, technology, engineering, agriculture arts and mathematics). Many elementary students enjoyed a fun day of learning during a visit to Patterson Science Center during 2012-13. During 2013-14, the curriculum will be expanded to include a broader span of grade levels.

Overview of the Financial Statements

The audited financial statements of the Caldwell County Board of Education consist of four components. They are as follows:

- Independent Auditor's Report
- Management's Discussion and Analysis
- Basic Financial Statements
- Required supplemental section that presents budgetary statements for governmental funds and for enterprise funds.

The Basic Financial Statements include two types of statements that present different views of the Board's finances. The first is the government-wide statements. The government-wide statements are presented on the full accrual basis of accounting and include the statement of net position and the statement of activities. The statement of net position includes all of the Board's assets and liabilities. Assets and liabilities are classified in the order of relative liquidity for assets and due date for liabilities. This statement provides a summary of the Board's investment in assets and obligations to creditors. Liquidity and financial flexibility can be evaluated using the information contained in this statement. The Statement of Activities summarizes the Board's revenues and expenses for the current year. A net (expense) revenue format is used to indicate to what extent each function is self-sufficient.

The second set of statements included in the basic financial statements is the Fund Financial Statements, which are presented for the Board's governmental funds and proprietary funds. These statements present the governmental funds on the modified accrual basis of accounting measuring the near term inflows and outflows of financial resources and what is available at year-end to spend in the next fiscal year. The proprietary funds are presented on the full accrual basis of accounting. The fund financial statements focus on the Board's most significant funds. Because a different basis of accounting is used in the government wide statements, reconciliation from the governmental fund financial statements to the government-wide statements is required. The government-wide statements provide information about the Board as an economic unit while the fund financial statements provide information on the financial resources of each of the Board's major funds.

Government-wide Statements

The government-wide statements report information about the unit as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the board's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Government-wide statements report the Board's net position and how it has changed. Net position - the difference between the board's assets and the total of liabilities - is one way to measure the unit's financial health or position.

- Over time, increases or decreases in the Board's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the Board's overall health, you need to consider additional non-financial factors such as changes in the County's property tax base and the condition of its school buildings and other physical assets.

The unit's activities are divided into two categories in the government-wide statements:

- Governmental activities: Most of the board's basic services are included here, such as regular and special education, transportation, and administration. County funding and state and federal aid finance most of these activities.
- Business-type activities: The Board charges fees to help it cover the costs of certain services it provides. School food service and childcare services are included here.

The government-wide statements are shown as Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide more detailed information about the Board's funds, focusing on its most significant or "major" funds - not the unit as a whole. Funds are accounting devices the Board uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by State law, such as the State Public School Fund
- The Board has established other funds to control and manage money for particular purpose or to show that it is properly using certain revenues, such as in the Federal Grants fund.

Caldwell County Board of Education has two types of funds:

Governmental funds: Most of the Board's basic services are included in the governmental funds, which generally focus on two things - how cash and other assets can readily be converted to cash flow in and out, and the balances left at year-end that are available for spending. As a result of this focus, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Board's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information at the bottom of the governmental funds statements, in the form of a reconciliation, explains the relationship (or differences) between the government-wide and the fund financial statements. The Board has several governmental funds: the General fund, the State Public School Fund, the Individual Schools Funds, the Capital Outlay Fund, and the Federal Grants Fund.

The governmental fund statements are shown as Exhibits 3, 4 and 5 of this report.

Proprietary funds: Services for which the Board charges a fee are generally reported in the proprietary funds. The proprietary fund statements are reported on the same full accrual basis of accounting as the government-wide statements. Caldwell County Board of Education has two proprietary funds - both enterprise funds - the School Food Service Fund and the Child Care Fund.

The proprietary fund statements are shown as Exhibits 6, 7 and 8 of this report.

Financial Analysis of the District as a Whole

Net position is an indicator of the fiscal health of the Board. Assets exceeded liabilities by \$73,799,053 as of June 30, 2013. The largest component of net position is net investment in capital assets of \$58,242,490. It comprises 78.92% of the total net position.

Following is a summary of the Statement of Net Position:

Table 1
Condensed Statement of Net Position as of June 30, 2013

			Busine	ss-type		
	Governmenta	l Activities	Activ	rities	Total Primar	y Government
	June 30,	June 30,	June 30,	June 30,	June 30,	June 30,

Capital assets	57,761,935	57,712,693	756,862	828,345	58,518,797	58,541,038
Total assets	79,406,533	78,776,105	4,462,201	4,629,227	83,868,734	83,405,332
Current liabilities	4,523,016	4,172,199	166,027	513,885	4,689,043	4,686,084
Long-term liabilities	5,232,257	4,547,787	148,381	163,300	5,380,638	4,711,087
Total liabilities	9,755,273	8,719,986	314,408	677,185	10,069,681	9,397,171
Net Investment in						
capital assets	57,485,628	57,537,448	756 , 862	828,345	58,242,490	58,365,793
Restricted:						
Individual schools Stabilization by State	1,334,133	1,427,055			1,334,133	1,427,055
statute	31,358	103,065			31,358	103,065
School Capital Outlay	3,485,947	3,382,490			3,485,947	3,382,490
Unrestricted net position	7,314,194	7,606,061	3,390,931	3,123,697	10,705,125	10,729,758
Total net position	\$69,651,260	\$70,056,119	\$4,147,793	\$ 3,952,042	\$73,799,053	\$74,008,161

Note that net position decreased during the year, indicating a decline in the financial condition of the unit. The decrease in net position (.28%) was mainly due to an increase in long term liabilities in the governmental activities. Unrestricted net position increased in the business-type activities primarily because of an increase in net position of the Child Care Fund. Also note that the Board carries capital assets for which Caldwell County carries the offsetting debt.

The following table shows the revenues and expenses for the Board for the current fiscal year.

Total governmental activities generated revenues of \$101,117,292 while expenses in this category totaled \$101,471,690 for the year ended June 30, 2013. Comparatively, revenues were \$103,487,740 and expenses totaled \$100,061,450 for the year ended June 30, 2012. The decrease in net position stands at \$404,859 at June 30, 2013 compared to an increase in net position of \$3,379,810 for fiscal year end June 30,2012. Instructional services expenses comprised 83.1% of total governmental-type expenses while system-wide support services made up 14.8% of those expenses for fiscal year ending June 30, 2013. Instructional services expenses comprised 82.3% of total governmental-type expenses while system-wide support services made up 15.1% of those expenses for fiscal year June 30, 2012. County funding comprised 16.3% of total government revenue for fiscal year end

June 30, 2013 as compared to 17.3% in fiscal year end June 30, 2012 while unrestricted state funding comprised 6.2% and 5.5% for fiscal years ending June 30, 2013 and June 30, 2012 respectively. Much of the remaining 77.5% of total governmental revenue consists mainly of restricted State and Federal money for the year ending June 30, 2013. This revenue represented 77.2% of total revenue in 2012. Business-type activities generated revenue of \$8,614,055 and had expenses of \$8,468,765 as compared to revenues of \$8,388,693 and expenses of \$8,384,192 for the period ending June 30, 2012. Net position increased in the business-type activities by \$195,751 as compared to an increase of \$50,981 for the period ending June 30, 2012.

Financial Analysis of the District's Funds

Governmental Funds: The focus of Caldwell County Board of Education's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Board's financing requirements.

The General Fund and Capital Outlay Fund reported an increase in fund balance of \$178,343 and \$103,457 respectively as compared to an increase of \$2,957,201 and \$118,133 respectively during fiscal year end June 30, 2012. The Individual School Fund reported a decrease in fund balance of \$92,922. During fiscal year end June 30, 2012 the Board used \$2.6 million of federal stimulus funds (Education Jobs) which had to be used for employee wages. Once these funds were expended then employees had to be funded with local funds (General Fund), and as a result expenditures increased in the General Fund by \$2,670,941 or 19% from the previous year.

The Board's business-type funds reported a combined increase in net position of \$195,751 as compared to an increase of \$50,981 for the period ended June 30, 2012. The School Food Service Fund reported an increase in net position of \$68,692 while the Child Care Fund reported an increase in net position of \$127,059 as compared to a decrease of net position of (\$19,079) and an increase of \$70,060 respectively for fiscal year ended June 30, 2012. The increase in performance in the School Food Service Fund was due an increase in federal reimbursements and an overall decrease in expenses. The increase in Child Care Funds performance was mainly due to fees being up by \$54,923.

When analyzing the school districts financial reports, it is important to understand what type of costs are reported in each functional category. A brief description of each function category reported on the government-wide statement of activities and the fund statements follows:

Regular instructional services - The entire cost of regular classrooms are reported in this category, including teacher and teacher assistant salaries and benefits, instructional supplies, material, books and equipment.

Special population services - The cost of additional instructional services for students certified as exceptional children are reported in this category, including teacher and teacher assistant salaries and benefits, contracts with outside providers, instructional supplies, materials, books and equipment.

Alternative programs and services - The cost of activities designed to identify students likely to be unsuccessful in traditional classrooms and/or to drop out and to provide special alternative and/or additional learning opportunities for these at-risk students are recorded in this category. This includes costs of those individuals responsible for providing school curriculum development and coordination as well as lead teachers for alternative programs and services. Programs include summer school instruction, remediation, alcohol and drug prevention, extended day, services to help keep students in school, as well as alternative educational settings, instructional delivery models, and supporting services for identified students.

School leadership services - The cost of principals, assistant principals, school treasurers, school clerical support, supplies, materials and equipment are reported in this category.

Co-curricular services - The cost of extra-curricular programs, such as athletics, marching band, and after-school clubs, are reported in this category, including extra-duty pay and benefits to/for coaches/sponsors, contracts to lease facilities and equipment and for security and officials, instructional supplies, materials, books and equipment.

School based support services - The cost of other direct services to students, such as guidance services, educational media services, student accounting, health, safety and security support services, instructional technology services, and unallocated staff development are reported in this category.

Support and development services - Cost of activities to provide program leadership, support, and development services for regular curricular programs of instruction, JROTC, cultural arts, physical education, foreign language and technology curricular support and development services.

Special population support and development services - Costs of activities to provide program leadership, support, and development services primarily for identifying and serving students having special physical, emotional, or mental impediments to learning are recorded in this category. Also, included are support and development services for those students needing specialized services such as limited English proficiency and gifted education.

Alternative programs and services support and development - Costs of activities to provide program leadership, support, and development services for programs designed to identify students likely to be unsuccessful in traditional classrooms and/or to drop out and to provide special alternative and/or additional learning opportunities for these

at risk students are recorded in this category. Programs include summer school instruction, remediation, alcohol and drug prevention, extended day, services to help keep students in school, as well as alternative educational settings, instructional delivery models, and supporting services for identified students.

Technology support services - Costs of central activities associated with implementing, supporting and maintaining the computer hardware, software, peripherals, technical infrastructure which provide technology system services to the school system as a whole. Also, included is the development and implementation of technological systems; and technology user support services for the school system.

Operational support services - Costs of activities for the operational support of the school system such as printing and copying services, communication services, utility services, transportation of students, facilities, planning and construction, custodial and housekeeping services, maintenance services, and warehouse and delivery services.

Financial and human resource services - costs of activities concerned with acquisition, management, reporting and protection of financial resources; and with recruitment, retention, placement, and development of human resources.

Accountability services - costs of activities concerned with the development, administration, reporting and analysis of student progress. This area includes the testing and reporting for student accountability and also the planning, research development and program evaluation costs of the school system.

System-wide pupil support services - Costs of activities that provide program leadership, support, and development services for system-wide pupil support activities for students in grades K-12. These areas include educational media support, student accounting support, guidance support, health support, safety and security support, and instructional technology support system-wide services.

Policy, leadership and public relations services - Costs of activities concerned with the overall general administration of and executive responsibility for the entire school system. These costs include costs of activities of the elected body (Board of Education), legal services, audit services, costs of activities performed by the superintendent, associate superintendents and other system-wide leadership positions generally directing and managing all affairs of the school system.

General Fund Budgetary Highlights

Over the course of the year, the Board revised the budget several times to account for changes in revenue expectations and other developments. Revisions totaled an increase of \$307,806. The Board was also able to remain under budget when comparing the budget to actual expenditures. Actual expenditures were \$3,506,194 under budget. This was due in large part to regular instructional services and school based support services expenditures being under budget by \$1,813,868 and \$470,344 respectively.

Capital Assets

Capital assets decreased by \$22,241 (or .04%) from the previous year. Depreciation for the total primary government totaled \$2,370,680 while additions from capital expenditures totaled \$2,348,439. The following is a summary of the capital assets, net of depreciation at year-end.

Table 3 Summary of Capital Assets as of June 30, 2013

Business-type

	Governmenta	l Activities	Activ	rities	Total Primary Government	
	June 30,	June 30,	June 30,	June 30,	June 30,	June 30,
	2013	2012	2013	2012	2013	2012

Total	\$57,761,935	\$57,712,693	\$756,862	\$828,345	\$58,518,797	\$58,541,038

More detailed information concerning capital assets is available in the notes to the financial statements (Note III.A.4).

Debt Outstanding

During the year the Board's outstanding debt increased by \$101,065 due to the purchase of school buses using installment financing. The Board is limited by North Carolina statutes with regards to the types of debt it can issue and for what purpose that debt can be used. The County holds virtually all debt issued for school capital construction.

More detailed information concerning long-term debt activity is available in the notes to the financial statements (Note III.B.7).

Economic Factors

County funding is a major source of income for the Board; therefore the County's economic outlook directly affects that of the school district. The following factors have an affect on the economic outlook of Caldwell County.

- Caldwell County's economy has historically been based on the furniture industry, which has seen massive layoffs in recent years due to international competition.
- The County's unemployment rate of 10.3% is higher than the state average of 8.8%.
- Caldwell County Schools is the leading employer in Caldwell County.

Requests for Information

This report is intended to provide a summary of the financial condition of Caldwell County Board of Education. Questions or requests for additional information should be addressed to:

CALDWELL COUNTY BOARD OF EDUCATION, NORTH CAROLINA STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE GOVERNMENTAL FUNDS FOR THE YEAR ENDED JUNE 30, 2013

Amounts reported for governmental activities in the statement of activities are different because:

tivities are different because:	
Net changes in fund balances - total governmental funds	\$ 319,019
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period	49,242
•	13,242
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
Adjustment for change in inventory methods	(130,141)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amount are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(101,065)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Compensated absences liability change	(541,914)
Total changes in net position of governmental activities	\$ (404,859)

CALDWELL COUNTY BOARD OF EDUCATION, NORTH CAROLINA STATEMENT OF CASH FLOWS PROPRIETARY FUNDS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Noncash investing, capital and financing activities:

The State Public School Fund paid salaries and benefits of \$50,461 to administrative personnel of the School Food Service Fund during the fiscal year. The payment is reflected by a transfer in and an operating expense on Exhibit 7.

Indirect costs of \$381,777 that would be due to the General Fund were not paid. These unpaid costs are reflected as a nonoperating revenue and an operating expense on Exhibit 7.

The School Food Service Fund received donated commodities with a value of \$435,315 during the fiscal year. The receipt of the commodities is recognized as a nonoperating revenue. The Fund recorded the consumption of \$435,315 worth of donated commodities during the fiscal year as an operating expense. These transactions are reported on Exhibit 7.

CALDWELL COUNTY BOARD OF EDUCATION, NORTH CAROLINA NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

I. Summary of Significant Accounting Policies

The accounting policies of Caldwell County Board of Education conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Caldwell County Board of Education (Board) is a Local Education Agency empowered by State law [Chapter 115C of the North Carolina General Statutes] with the responsibility to oversee and control all activities related to public school education in Caldwell County, North Carolina. The Board receives State, local, and federal government funding and must adhere to the legal requirements of each funding entity.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the Board. These statements include the financial activities of the overall government. Eliminations have been made to minimize the effect of internal activities upon revenues and expenses. Interfund fund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the governmental and business-type activities of the Board. Governmental activities generally are financed through intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Board and for each function of the Board's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Board's funds. Separate statements for each fund category - governmental and proprietary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

B. Basis of Presentation - (Cont'd)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues and expenses are nonoperating.

The Board reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the Board. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. This fund is the "Local Current Expense Fund," which is mandated by State law [G.S. 115C-426]. The General Fund consists of the Local Current Expense Fund (Fund 2) and Fund 8 (Other Special Revenue Fund) which is maintained separate from Fund 2 by the Board of Education pursuant to N.C. G.S. 115C-426.

State Public School Fund. The State Public School Fund includes appropriations from the Department of Public Instruction for the current operating expenditures of the public school system.

Federal Grants Fund. The Federal Grants Fund includes appropriations from the federal government, generally the U.S. Department of Education, which are passed-thru the North Carolina Department of Public Instruction for the current operating expenditures of the public school system.

Individual Schools Fund. The Individual Schools Fund includes revenues and expenditures of the activity funds of the individual schools. The primary revenue sources include funds held on the behalf of various clubs and organizations, receipts from athletic events, and proceeds from various fund raising activities. The primary expenditures are for athletic teams, club programs, activity buses, and instructional needs.

Capital Outlay Fund. The Capital Outlay Fund accounts for financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by proprietary funds and trust funds). It is mandated by State law [G.S. 115C-426]. Capital projects are funded by Caldwell County appropriations, restricted sales tax moneys, proceeds of Caldwell County bonds issued for public school construction, lottery proceeds, as well as certain State assistance.

The Board reports the following major enterprise funds:

School Food Service Fund. The School Food Service Fund is used to account for the food service program within the school system.

Child Care Fund. The Child Care Fund is used to account for the preschool and after school child care program within the school system.

C. Measurement Focus and Basis of Accounting

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Government Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Board considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after yearend. These could include federal, State, and county grants, and some charges for services. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the Board funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the Board's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

D. Budgetary Data

The Board's budgets are adopted as required by the North Carolina General Statutes. Annual budgets are adopted for all funds, except for the individual schools special revenue funds, as required by the North Carolina General Statutes. No budget is required by State law for individual school funds. All appropriations lapse at the fiscal year-end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the purpose level for all annually budgeted funds. The Board has authorized the Superintendent to move moneys between functions within the purpose level. Amendments are required for any revisions that alter total expenditures of any fund or that change purpose level appropriations. All amendments must be approved by the governing board. Several budget amendments were made during the year including various allotment revisions from the state and federal government. Also in the General Fund there were amendments made for \$370,278 for the Elementary and Secondary School Counseling Grant, \$276,660 for the NC Pre-K funding and \$125,000 for the

D. Budgetary Data - (Cont'd)

Patterson Science Center Grant. During the year there were several other immaterial budget amendments made. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

F. Assets, Liabilities, and Fund Equity

1. Deposits and Investments

All deposits of the Board are made in board-designated official depositories and are secured as required by State law [G.S. 115C-444]. The Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit. The Board also has money credited in its name with the State Treasurer and may issue State warrants against these funds.

State law [G.S. 115C-443] authorizes the Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; the North Carolina Capital Management Trust (NCCMT), an SEC-registered (2a-7) money market mutual fund; and the North Carolina State Treasurer's Short Term Investment Fund (STIF). The STIF consists of an internal portion and an external portion in which the board participates. Investments are restricted to those enumerated in G.S. 147-69.1.

The Board's investments are reported at fair value as determined by quoted market prices. The NCCMT Cash Portfolio's securities are valued at fair value, which is the NCCMT's share price. The STIF securities are reported at cost and maintain a constant \$1 per share value. Under the authority of G.S. 147-69.3, no unrealized gains or losses of the STIF are distributed to external participants of the fund.

F. Assets, Liabilities, and Fund Equity - (Cont'd)

2. Cash and Cash Equivalents

The Board pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

3. Inventories

The inventories of the Board are valued at cost and the Board uses the first-in, first-out (FIFO) flow assumption in determining cost. The inventories of the Board's General Fund consist of expendable materials and supplies, which are recorded as expenditures when purchased. The General Fund inventories do not reflect current appropriable resources and, thus, an equivalent portion of fund balance is reserved.

Proprietary Fund inventories consist of food and supplies and are recorded as expenses when consumed.

4. Capital Assets

The Board's capital assets are recorded at original cost. Donated assets are listed at their estimated fair value at the date of donation or forfeiture. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. Certain items acquired before July 1, 1982 are recorded at an estimated original historical cost. The total of these estimates is not considered large enough that any errors would be material when capital assets are considered as a whole.

It is the policy of the Board to capitalize all capital assets costing more than \$5,000 with an estimated useful life of two or more years. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Caldwell County holds title to certain properties, which are reflected as capital assets in the financial statements of the Board. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board gives the schools full use of the facilities, full responsibility for maintenance of the facilities, and provides that the County will convey title of the property back to the Board, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met.

F. Assets, Liabilities, and Fund Equity - (Cont'd)

4. Capital Assets - (Cont'd)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	Years
Buildings	
	50
Building Improvements	20
Equipment and furniture	10
Vehicles	8
Computer equipment	3

Land and construction in progress are not depreciated.

Depreciation for building and equipment that serve multiple purposes cannot be allocated ratably and is therefore reported as "unallocated depreciation" on the statement of activities.

5. Long-term obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

6. Compensated Absences

The Board follows the State's policy for vacation and sick leave. Employees may accumulate up to thirty (30) days earned vacation leave with such leave being fully vested when earned. In addition to the maximum 30 days, noncertified support personnel were awarded an additional 10 days in fiscal years ended June 30, 2003 and June 30, 2004 and an additional 5 days in fiscal year ended June 30, 2006 for a possible accumulation of 55 days as of June 30, 2011. For the Board, the current portion of the accumulated vacation pay is not considered to be material. The Board's liability for accumulated earned vacation and the salary-related payments as of June 30, 2011

is recorded in the government-wide and proprietary fund financial statements on a LIFO basis. An estimate has been made based on prior years' records, of the current portion of compensated absences.

The sick leave policy of the Board provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the board has no obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

F. Assets, Liabilities, and Fund Equity - (Cont'd)

7. Net Position/Fund Balance

Net Position

Net position in the government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments, or imposed by law through state statute.

Fund Balance

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is $\underline{\text{not}}$ an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance - This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute - portion of fund balance that is restricted by State Statute [G.S. 115C-425(a)].

Restricted for School Capital Outlay - portion of fund balance that can only be used for School Capital Outlay. [G.S. 159-18 through 22]

Restricted for Individual Schools - revenue sources restricted for expenditures for the various clubs and organizations, athletic events, and various fund raising activities for which they were collected.

F. Assets, Liabilities, and Fund Equity - (Cont'd)

7. Net Position/Fund Balance - (Cont'd)

Fund Balance - (Cont'd)

Committed Fund Balance - portion of fund balance that can only be used for specific purpose imposed by majority vote by quorum of Board of Education's governing body (highest level of decision-making authority) and in certain instances approval by the County's governing body is required. Any changes or removal of specific purpose requires majority action by the governing bodies that approved the original action.

Assigned fund balance - portion of fund balance that Caldwell County Board of Education intends to use for specific purposes.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation; however the budget ordinance authorizes the superintendent to modify appropriations between functions, sub-functions and objects of expenditure within a purpose within a fund.

Unassigned fund balance - the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

Caldwell County Board of Education has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources firstly from revenues restricted as to use and secondly from general unrestricted revenues. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Board of Education.

F. Assets, Liabilities, and Fund Equity - (Cont'd)

8. Reconciliation of Government-wide and Fund Financial Statements

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and net position - governmental activities as reported in the government-wide statement of net position. The net adjustment of \$51,989,999 consists of several elements as follows:

Description	Amount
Capital assets used in governmental activities are not financial resources and are therefore not	
reported in the funds (total capital assets on	
<pre>government-wide statement in governmental activities column)</pre>	\$107,330,439
Less Accumulated Depreciation	(49,568,504)
Net capital assets	57,761,935
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not recorded in the fund statements:	
Bonds, leases, and installment financing Compensated absences	(276,310) (5,495,626)
Total adjustment	\$ 51,989,999

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of (\$723,878) as follows:

F. Assets, Liabilities, and Fund Equity - (Cont'd)

8. Reconciliation of Government-wide and Fund Financial Statements - (Cont'd)

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$ 2,277,299
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements.	(2,228,057)
New debt issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities - its affects only the government-wide statement of net position.	(552,612)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government wide statements Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements.	
Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources	(541,914)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements.	
Adjustment due to the use of the consumption method of recording inventory in the government-wide statements	(130,141)
Total adjustment	\$ (723,878)

II. Detail Notes on All Funds

A. Assets

1. Deposits

All of the Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the Board's agents in

the unit's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Board, these deposits are considered to be held by the agent in the entity's name. The amount of the pledged collateral is based on an approved averaging method for noninterest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Board or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the Board under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Board has no policy regarding custodial credit risk for deposits.

At June 30, 2013 the Board had deposits with banks and savings and loans with a carrying amount of \$12,505,047 and with the State Treasurer of \$0. The bank balances with the financial institutions and the State Treasurer were \$12,419,376 and \$197,298 respectively. Of these balances, \$500,000 was covered by federal depository insurance and \$12,116,674 was covered by collateral held by authorized escrow agents in the name of the State Treasurer.

2. Investments

At June 30, 2013, the Board of Education had \$8,250,000 invested with the North Carolina Capital Management Trust's Cash Portfolio which carried a credit rating of AAAm by Standards and Poor's. The Board has no policy for managing interest rate risk or credit risk.

A. Assets - (Cont'd)

3. <u>Accounts Receivable</u>

Receivables at the government-wide level at June 30, 2013, were as follows:

	Due from other governments	Other
Governmental activities: General Fund Other governmental activities	\$ 30,568 3,461,221	\$ 790 981
Total	\$ 3,491,789	\$ 1,771

B. Liabilities

1. Pension Plan and Other Postemployment Obligations

a. Teachers' and State Employees' Retirement System

Plan Description. Caldwell County Board of Education contributes to the statewide Teachers' and State Employees' Retirement System (TSERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. TSERS provides retirement benefits to plan members and beneficiaries. Article 1 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Teachers' and State Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for TSERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

B. Liabilities - (Cont'd)

1. Pension Plan and Other Postemployment Obligations - (Cont'd)

a. Teachers' and State Employees' Retirement System - (Cont'd)

Funding Policy. Plan members are required to contribute six percent of their annual covered salary and the Board is required to contribute at an actuarially determined rate. The current rate is 8.33% of annual covered payroll. The contribution requirements of plan members and Caldwell County Board of Education are established and may be amended by the North Carolina General Assembly. The Board's contributions to TSERS for the years ended June 30, 2013, 2012, and 2011 were \$5,196,836, \$4,672,996, and \$3,193,721, respectively, equal to the required contributions for each year.

b. Other Post-employment Benefits

1. Healthcare Benefits

Plan Description. The postemployment healthcare benefits are provided through a cost-sharing multiple-employer defined benefit plan administered by the Executive Administrator and the Board of Trustees of the Comprehensive Major Medical Plan (the Plan). The Executive Administrator and the Board of Trustees of the Plan establishes premium rates except as may be established by the General Assembly in an appropriation act. The Plan's benefit and contribution provisions are established by Chapter 135-7, Article 1, and Chapter 135, Article 3 of the General Statutes and may be amended only by the North Carolina General Assembly. By General Statute, the Plan accumulates contributions from employers and any earnings on those contributions in the Retiree Health Benefit Fund. assets shall be used to provide health benefits to retired and disabled employees and their applicable beneficiaries. These contributions are irrevocable. Also by law, these assets are not subject to the claims of creditors of the employers making contributions to the Plan.

The State of North Carolina issues a publicly available financial report that includes financial statements and required supplementary information for the State's Comprehensive Major Medical Plan (also, referred to as the State Health Plan). An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page http://www.ncosc.net/ and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

- B. Liabilities (Cont'd)
 - 1. Pension Plan and Other Postemployment Obligations (Cont-d)
 - b. Other Post-employment Benefits (Cont'd)
 - 1. Healthcare Benefits (Cont'd)

Funding Policy. The Comprehensive Major Medical Plan is administered by the Executive Administrator and Board of Trustees of the Plan, which establish premium rates except as may be established by the General Assembly in an appropriation act. The healthcare benefits for retired and disabled employees are the same as for active employees, except that the coverage becomes secondary when former employees become eligible for Medicare. For employees first hired on and after October 1, 2006, future coverage as retired employees is subject to the requirement that the future retiree have 20 or more years of retirement service credit in order to receive coverage on a noncontributory basis. Employees first hired on and after October 1, 2006 with 10 but less than 20 years of retirement service credit are eligible for coverage on a partially contributory basis. For such future retirees, the State will pay 50% of the State Health Plan's total noncontributory premium. For employees hired before October 1, 2006, healthcare benefits are provided to retirees (at no charge to the retirees) who have at least five years of contributing retirement membership prior to disability or retirement. In addition, persons who became surviving spouses of retirees prior to October 1, 1986, receive the same coverage as retirees at the State's expense.

Contributions are determined as a percentage of covered monthly payroll. Annually, the monthly contribution rates to the Plan, which are intended to finance benefits and administrative expenses on a pay-as-you-go basis, are determined by the General Assembly in the Appropriations Bill. For the fiscal years ended June 30, 2013, 2012, and 2011, the School Board paid all annual required contributions to the Plan for postemployment healthcare benefits of \$3,306,510, \$3,140,454, and \$3,174,286, respectively. These contributions represented 5.3%, 5.0%, and 4.90% of covered payroll, respectively.

- B. Liabilities (Cont'd)
 - 1. Pension Plan and Other Postemployment Obligations (Cont-d)
 - b. Other Post-employment Benefits (Cont'd)
 - 2. Long-term Disability Benefits

Plan Description. Short-term and long-term disability benefits are provided through the Disability Income Plan of North Carolina (DIPNC), a cost-sharing, multiple-employer defined benefit plan. The DIPNC is administered by the Board of Trustees of the Teachers' and State Employees' Retirement System. Long-term disability benefits are payable as an other postemployment benefit from DIPNC after the conclusion of the short-term disability period or after salary continuation payments cease, whichever is later, for as long as an employee is disabled. Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes and may be amended only by the North Carolina General Assembly. The Plan accumulates contributions from employers and any earnings on those contributions in the Disability Income Plan Trust Fund. The plan does not provide for automatic postretirement benefit increases.

The State of North Carolina issues a publicly available financial report that includes financial statements and required supplementary information for the DIPNC. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page http://www.ncosc.net/ and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

Funding Policy. An employee is eligible to receive long-term disability benefits provided the following requirements are met: (1) the employee has five or more years of contributing membership service in the Teachers' and State Employees' Retirement System of North Carolina, earned within 96 months prior to the end of the short-term disability period or cessation of salary continuation payments, whichever is later; (2) the employee must make application to receive long-term benefits within 180 days

- B. Liabilities (Cont'd)
 - 1. Pension Plan and Other Postemployment Obligations (Cont-d)
 - b. Other Post-employment Benefits (Cont'd)
 - 2. Long-term Disability Benefits (Cont'd)

after the conclusion of the short-term disability period or after salary continuation payments cease or after monthly payments for Workers' Compensation cease (excluding monthly payments for permanent partial benefits), whichever is later; (3) the employee must be certified by the Medical Board to be mentally or physically disabled for the further performance of his/her usual occupation; (4) the disability must have been continuous, likely to be permanent, and incurred at the time of active employment; (5) the employee must not be eligible to receive an unreduced retirement benefit from the Retirement System; and (6) the employee must terminate employment as a permanent, full-time employee. An employee is eligible to receive an unreduced retirement benefit from the Retirement System after (1) reaching the age of 65 and completing five years of creditable service, or (2) reaching the age of 60 and completing 25 years of creditable service, or (3) completing 30 years of creditable service, at any age.

For members with five or more years of membership service as of July 31, 2007, the monthly long-term disability benefit is equal to 65% of one-twelfth of an employee's annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period, plus the like percentage of one twelfth of the annual longevity payment to which the participant or beneficiary would be eligible. The monthly benefits are subject to a maximum of \$3,900 per month reduced by any primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. The monthly benefit shall be further reduced by the amount of any monthly payments from the Department of Veterans Affairs, any other federal agency or any payments made under the provisions of G.S.127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided in any event, the benefits payable shall be no less than \$10 a month. When an employee qualifies for an unreduced service retirement allowance from the Retirement System, the benefits payable from DIPNC will cease, and the employee will commence retirement under the TSERS. For members who obtain five years of membership service on or after August 1, 2007, the monthly long-term disability benefit is reduced by the primary Social Security retirement benefit to which you might be entitled should you become age 62 during the first 36 months. After 36 months of long-term disability, there will be no further payments from the DIPNC unless the member is approved for and are in receipt of primary Social Security disability

benefits. It is payable so long as the member remains disabled and is in receipt of a primary Social Security disability benefit until eligible for an unreduced service retirement benefit. When an employee qualifies for an unreduced service retirement allowance from the Retirement System, the benefits payable from DIPNC will cease, and the employee will commence retirement under the TSERS.

The Board's contributions are established in the Appropriations Bill by the General Assembly. Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes and may be amended only by the North Carolina General Assembly. The contributions cannot be separated between the amounts that relate to other postemployment benefits and employment benefits for active employees. Those individuals who are receiving extended short-term disability benefit payments cannot be separated from the number of members currently eligible to receive disability benefits as an other postemployment benefit. For the fiscal years ended June 30, 2013, 2012, and 2011, the Board paid all annual required contributions to the DIPNC for disability benefits of \$274,503, \$326,607, and \$336,863, respectively. These contributions represented .44%, .52%, and .52% of covered payroll, respectively.

2. Accounts Payable

Accounts payable as of June 30, 2013, are as follows:

	Vendors	Salaries and Benefits	Total
Governmental Activities:	Velidors	Dellette	IOLAI
General Other Governmental Total governmental	\$ 177,074 424,344	\$ 238,251 3,143,668	\$ 415,325 3,568,012

Business-type Activities:			
School Food Service	\$ 28,024	\$ 36,718	\$ 64,742
Other Business-type	3,581	19,295	22,876
Total business-type			
activities	\$ 31,605	\$ 56,013	<u>\$ 87,618</u>

B. Liabilities - (Cont'd)

3. Unearned Revenues

The balance in unearned revenues at year-end is composed of the following elements:

			Unearned Revenue
* *	(Child Care Fund) (School Food Service Fund)	· ·	7,012 32,869
Total		\$	39,881

4. Risk Management

The Board is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board maintains general liability and errors and omissions coverage of \$1 million per claim. The Board has an annual aggregate limit for general liability of \$2,000,000 and an annual aggregate limit of \$2,000,000 for errors and omissions claims. Statutory workers' compensation coverage is purchased through private insurers. Coverage is provided to the extent employees are paid from Federal or local funds. Workers' Compensation coverage is provided by the State of North Carolina through a self-insured fund, to the extent employees are paid from State funds. The Board also participates in the Public School Insurance Fund (the Fund), a voluntary, selfinsured risk control and risk financing fund administered by the North Carolina Department of Public Instruction. The fund insures the tangible property assets of the Board. Coverage is provided on an "all risk" perils contract. Buildings and contents are insured on a replacement cost basis. The Fund purchases excess reinsurance to protect the assets of the Fund in the event of a catastrophic event. The Fund maintains a self-insured retention of \$10 million. Excess reinsurance is purchased through commercial insurers. A limit of \$5 million per occurrence is provided on Flood, Earthquake, Business Interruption and Extra Expense. \$10 million per occurrence is provided on Increased Cost of Construction. The Board also has a flood insurance policy for Collettsville Elementary School which is considered a flood risk. Coverage limits are \$500,000 for the building and \$255,300 for contents with a \$5,000 deductible for each. Flood insurance is not carried at other school locations because these locations are not considered to be a flood risk.

B. <u>Liabilities - (Cont'd)</u>

4. Risk Management - (Cont'd)

The Board also participates in the Teachers' and State Employees' Comprehensive Major Medical Plan, a self-funded risk financing pool of the State administered by Blue Cross and Blue Shield of North Carolina. Through the Plan, permanent full-time employees of the Board are eligible to receive health care benefits up to a \$5 million lifetime limit. The Board pays the full cost of coverage for employees enrolled in the Comprehensive Major Medical Plan.

In accordance with G. S. 115C-442, the Board's employees who have custody of the Board's monies at any given time of the Board's funds are performance bonded through a commercial surety bond. The finance officer is bonded for \$50,000. The remaining employees that have access to funds are bonded under a blanket bond for \$100,000.

The Board carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and claims have not exceeded coverage in any of the past three fiscal years.

5. Operating Lease

The Board has entered into a lease for a facility with a lease term beginning April 1, 2012 and ending March 31, 2020. The Board may terminate this lease by providing at least 180 days advance written notice to lessor.

Total operating lease expense for this facility totaled \$39,480 for fiscal year ended June 30, 2013.

Future minimum rental payments for this facility as of June 30, 2013 are as follows:

June	30,	2014	\$39,480
June	30,	2015	39,480
June	30,	2016	39,480
June	30,	2017	39,480
June	30,	2018	39,480
June	30,	2019	39,480
June	30,	2020	29,610

6. Contingent Liabilities

At June 30, 2013, the Board was a defendant to various lawsuits. In the opinion of the Board's management and the Board's attorney, the ultimate effect of these legal matters will not have a material adverse effect on the Board's financial position.

B. Liabilities - (Cont'd)

7. Long-Term Obligations

a. <u>Installment Purchase</u>

The Board is authorized to finance the purchase of school buses under G.S. 115C-528(a). Session law 2003-284, section 7.25 authorized the State Board of Education to allot monies for the payments on financing contracts entered into pursuant to G.S. 115C-528. The State has accepted the bid to purchase Thomas Built Buses through a special third party financing arrangement by Mercedes Benz Financial Services USA LLC at total payments less than the purchase price. In 2013, the Board entered into an installment purchase contract to finance the purchase of seven school buses. This financing contract requires principal only payments of \$138,157 due at the beginning of the contract year.

The future minimum payments of the installment purchases as of June 30, 2013 including -0 of interest, are as follows:

	Governmental Activities			
Year Ending June 30	Principal Interest			
2014 2015	\$ 138,153 \$ 138,157 0			
Principal payments Total interest payments	\$ 276,310			
rotar interest payments	\$ 0			

b. Long-Term Obligation Activity

The following is a summary of changes in the Board's long-term obligations for the fiscal year ended June 30, 2013:

Governmental activities:	Balance July 1, 2012	Increases	Decreases	Balance June 30, 2013	Current Portion
Installment purchases Compensated absences	·	\$ 552,612 2,985,241		\$ 276,310 5,495,626	
Total	\$5,128,957	<u>\$3,537,853</u>	\$ 2,894,874	\$5,771,936	\$ 539 , 679
Business-type activities: Compensated absences	\$ 179,635	\$ 213,470	\$ 206,196	\$ 186,909	\$ 38,528

Compensated absences are typically liquidated by the general and other governmental funds.

C. Interfund Balances and Activity

Transfers to/from other funds

Transfers to/from other funds at June 30, 2013, consist of the following:

	Amount
From the General Fund to the Capital Outlay Fund for Capital Outlay	\$ 75,124
From the State Public School Fund to the School Food Service Fund for	
administrative costs	\$ 50,461

D. Fund Balance

The Board of Education has a revenue spending policy that provides policy programs with multiple revenue sources. The Finance Officer will use resources firstly from revenues restricted as to use and secondly from general unrestricted revenues. For purposes of fund balance classification expenditures are to spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Board of Education.

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation.

Total fund balance - General Fund	\$12,841,181
Less: Inventories	
	603,008
Stabilization by State Statute Appropriated Fund Balance in 2014 budget	31,358
	4,485,711
Remaining Fund Balance	\$ 7,721,104

IV. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Board has received proceeds from several Federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

IV. Summary Disclosure of Significant Contingencies - (Cont'd)

Unauthorized Disbursements

During the year ended June 30, 2013, the Board became aware of possible unauthorized, illegitimate and inappropriate disbursements of individual school fund cash. These improprieties are believed to have occurred between November 2010 and March 2013. The total amount of unauthorized disbursements over this period is believed to be approximately \$27,000, not including unauthorized credit card accounts which were believed to be obtained fraudulently in the schools name, in excess of \$20,000 and were ultimately written off by the credit card vendors. The amount of the unauthorized disbursements for the audit year ended June 30, 2013 is believed to be approximately \$7,700. The activities have been referred to law enforcement officials for investigation, which is currently on-going. The Board anticipates the lost funds may be recovered through either insurance or restitution.

V. Subsequent Events

Management has evaluated subsequent events through October 28, 2013, the date on which the financial statements were available to be issued. During the period from the end of the year and through this date, no circumstances occurred that require recognition or disclosure in these financial statements.

VI. Change in Accounting Principles

The Board implemented Governmental Accounting Standards Board (GASB) Statement 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and Statement 65, Items Previously reported as Assets and Liabilities, in the fiscal year ending June 30, 2013. In accordance with GASB Statement 63, the Statement of Net Assets has been replaced with the Statement of Net Position. Items on the Statement of Net Position are now classified in Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, or Net Position.

Caldwell County Board of Education Statistical Section June 30, 2013

The statistical section of Caldwell County Board of Education's (the system) Comprehensive Annual Financial Report (CAFR) presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the system's overall financial outlook.

The sub-sections are as follows:

Financial Trends

These tables contain trend information to help the reader understand how the system's financial performance and operations have changed over time. Government-wide data are presented for the past nine fiscal years. Governmental Fund revenue sources and expenditures by function are presented over a ten-year period.

Revenue and Debt Capacity

Since the system has no tax-levying or debt-issuing authority, the County of Caldwell provides significant funding to the schools. Selected fiscal data from the County of Caldwell have been included to help the reader better understand the school system and its financial operations.

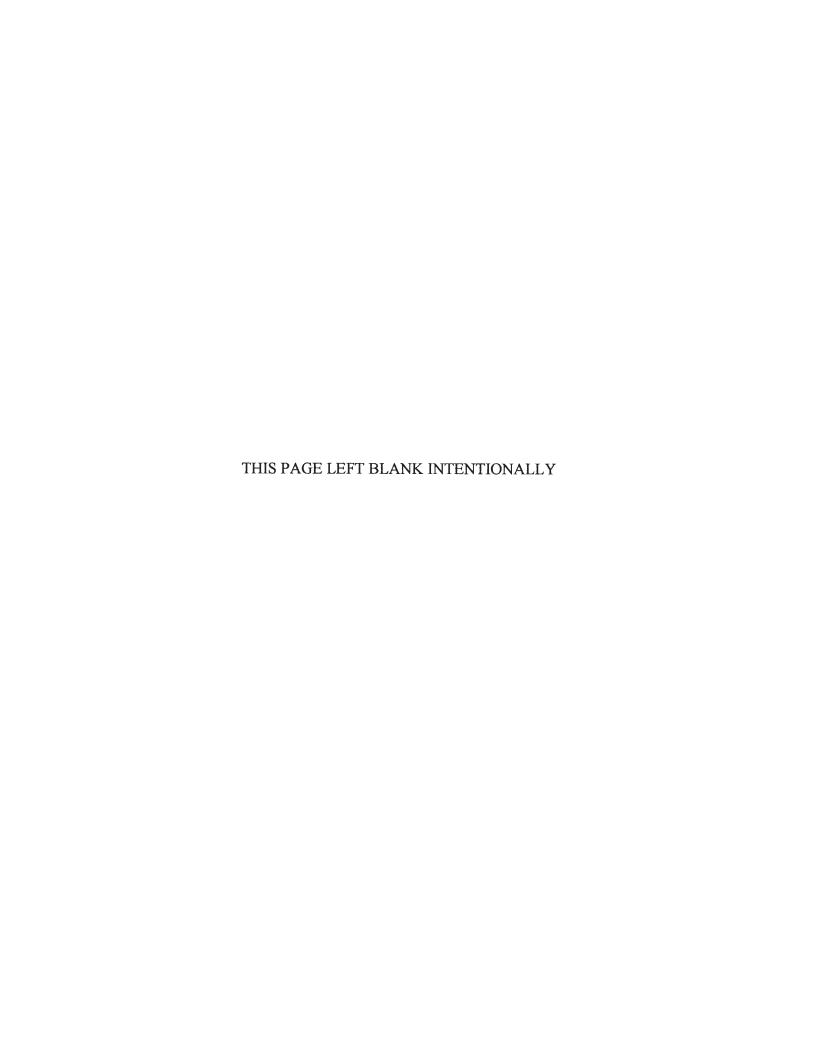

Demographic and Economic Information

These tables offer demographic and economic indicators to help the reader understand the environment within which the system's financial activities take place. County information is included.

Operating Information

These tables contain service data to help the reader understand how the information in the system's financial report relates to the services the system provides and the activities it performs.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Board of Education Caldwell County Board of Education Lenoir, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Caldwell County Board of Education, North Carolina, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprises the Caldwell County Board of Education's basic financial statements, and have issued our report thereon dated October 28, 2013.

Internal Control Over Financial Reporting

Management of the Caldwell County Board of Education is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Caldwell County Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Caldwell County Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or

Caldwell County Board of Education Lenoir, North Carolina

significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a deficiency in internal control, described in the accompany schedule of findings and questioned costs that we consider to be a significant deficiency (2013-1).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Caldwell County Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain immaterial instances of noncompliance that we have reported to management of the Caldwell County Board of Education, in a separate letter dated October 28, 2013.

Caldwell County Board of Education's Response to Findings

The Board's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the Board's response and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended for the information and use of management, others within the entity, members of the Board of Education, and Federal and State awarding agencies and pass-through entities and is not intended and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
AND THE STATE SINGLE AUDIT IMPLEMENTATION ACT

Independent Auditor's Report

To the Board of Education Caldwell County Board of Education Lenoir, North Carolina

Report on Compliance for Each Major Federal Program

We have audited the Caldwell County Board of Education, North Carolina, compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of the Caldwell County Board of Education's major federal programs for the year ended June 30, 2013. Caldwell County Board of Education's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Caldwell County Board of Education's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Caldwell County Board of Education's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Caldwell County Board of Education's compliance.

Caldwell County Board of Education Lenoir, North Carolina

Opinion on Each Major Federal Program

In our opinion, the Caldwell County Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of the Caldwell County Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Caldwell County Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Caldwell County Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR STATE PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH APPLICABLE SECTIONS OF OMB CIRCULAR A-133 AND THE STATE SINGLE AUDIT IMPLEMENTATION ACT

Independent Auditor's Report

To the Board of Education Caldwell County Board of Education Lenoir, North Carolina

Report on Compliance for Each Major State Program

We have audited Caldwell County Board of Education, North Carolina, compliance with the types of compliance requirements described in the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of Caldwell County Board of Education's major State programs for the year ended June 30, 2013. The Caldwell County Board of Education's major State programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of The Caldwell County Board of Education's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and applicable sections of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, as described in the Audit Manual for Governmental Auditors in North Carolina, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about the Caldwell County Board of Education's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Caldwell County Board of Education's compliance.

Caldwell County Board of Education Lenoir, North Carolina

Opinion on Each Major State Program

In our opinion, the Caldwell County Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with applicable sections of section OMB Circular A-133 as described in the Audit Manual for Governmental Auditors in North Carolina and which is described in the accompanying schedule of findings and questioned costs as item (2013-2). Our opinion on each major state program is not modified with respect to these matters.

The Caldwell County Board of Education's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs and corrective action plan. The Caldwell County Board of Education's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the Caldwell County Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Caldwell County Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Caldwell County Board of Education Lenoir, North Carolina

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item(2013-2).

The Board's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. The Board's response was not subjected to the auditing procedures applied in the audit of compliance and accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Financial Statement Findings: 2013-1 Criteria: (Internal Control) Good internal control requires that all disbursements be legitimate payables of the governmental unit and properly approved. Condition: The monitoring functions of the internal control system failed to prevent the disbursements of unauthorized payments at an individual school. Individual school funds appear to have been compromised by falsifying source documents including checks, bank statements and invoices. Over a period of approximately 2 ½ years the Effect:

using the school's name.

individual school experienced unauthorized payments to third party accounts and unauthorized purchases

CALDWELL COUNTY BOARD OF EDUCATION SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Section II. Financial Statement Findings:

Management Response:

Cause: It appears that an individual school employee, who

was knowledgeable and familiar with the school system's internal accounting and oversight safeguards and protections and because of this knowledge, was able to perform these alleged actions, minimizing the risk of detection.

Recommendation: We recommend more training for those approving and

monitoring bank reconciliations at individual schools. The internal control system design is appropriate if operationally the approval and monitoring activities include comparing check register and cancelled checks for payee and amount.

register and cancerred checks for payee and amount.

The Board management agrees with the finding and recommendation. In addition, the Board management presently has an internal audit function for

individual schools and audits a minimum of 12

schools annually.

Section III. Federal Awards Findings and Questioned Costs:

None

Section IV. State Awards Findings and Questioned Costs:

2013-2 Criteria: Management should have a system in place to (Internal Control & ensure that state program reports are submitted

Immaterial timely and in accordance with program

Noncompliance) requirements.

Condition: The Public School Building Capital Fund program

requires that project reports be submitted to the grantor within 60 days of the completion date. The Board failed to submit final reports for three projects within 60 days of the project completion

dates.

Effect: Financial information was submitted to the

grantor in an untimely manner.

Cause: Procedures are in place for approval of reporting

but the reports were not filed timely.
