State Test Reports

Individual Student Reports are released by local districts and charter schools.

In this system, Individual Student Reports are available for two years. Only the reports from the most recent two school years are available. On July 15, 2023, any Individual Student Reports for the 2020-21 school year will be deleted. Parents or guardians are encouraged to download Individual Student Reports to a personal device for historical purposes. If a copy of an Individual Student Report is needed after it has been removed, please contact the school.

Current reports available:
