

FACILITIES MANAGEMENT SOFTWARE FOR SCHOOLS

Optimize your district's operations

If your system doesn't help you ensure operational excellence throughout your district—it's time for a change.

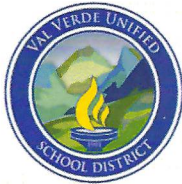

Why FMX?

- **FMX is an all-in-one system.** Comprehensive reporting data helps you support capital investments, maximize energy usage, and shift into proactive work, all from a singular interface.
- **Our software was designed specifically for schools.** Whatever your school or district's pain points, we've been there before and we know how to help.
- **We can help you reduce costs and increase effectiveness.** Extensive tracking and reporting capabilities give you the upper hand. Use capital planning insights to make informed decisions about staffing, equipment purchases, and facility improvements.

When they trust us, you know you can too.
