## the building blocks of lifelong learning

School spaces are as diverse as the students who use them. A cutting-edge makerspace gives young learners room to reach for the stars, and a tranquil calming room helps them land on solid ground. From inviting common areas to exciting outdoor classrooms to the offices that keep it all running, Demco has everything you need for everywhere they learn.

*Transform your cluttered space into a dynamic learning zone*

**NEW**

**Demco® Show & Stow System**

The Demco Show & Stow System is a modern take on an age-old problem: more storage means less space. This all-in-one solution changes that, turning static storage into dynamic new workspaces so you can make the most of every square foot.

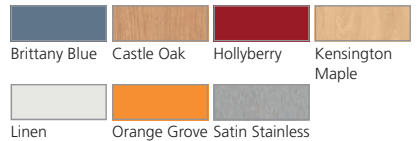

Its small footprint and magnetic, dry-erase doors conceal ample room for tools, tech, and projects big and small. Best of all, clean lines blend seamlessly with surrounding design, eliminating distractions and allowing your space to shine.

Bundle the Demco Show & Stow Closet with one of 11 different interiors to create a complete system.

- Porcelain-enameled doors provide a magnetic, dry-erase, and easy-to-clean surface
- Sliding doors provide full access without swinging into the room
- Track-free floor space means carts roll in and out with ease
- Heavy-duty carts feature four 5" dia. locking swivel casters designed to move quietly
- Runner glides and stopper clips ensure trays slide out smoothly, but not completely
- Adjustable shelves support up to 50 lbs. each
- Open back provides access to power for items in storage
- Unit measures 7'6"H x 8'W x 2'3"D overall and requires 18 sq. ft. of floor space

# We've got your ears covered

From listening to your favorite music, podcasts, and audiobooks to supporting testing and distance learning, you'll find a wide selection of options within the following pages. Use the following key chart to explore the benefits of each style.

| Style | Description  |
|-------|--|
|       | These options are practical, lightweight, economical, and great for individual use. Plus, they feature durable, adjustable headbands for the perfect fit on your ears.   |
|       | Our children's headphones are slightly smaller to fit better on kids' heads. And their rugged construction makes them durable to withstand heavy use in the classroom.   |
|       | These high-quality options are perfect when you need full-size headphones that can withstand heavy use. Plus, noise-reducing ear cups ensure you won't have to crank the volume to block outside distractions. |
|       | In addition to excellent sound quality, our headsets include a microphone too. This versatility and functionality make them perfect for learning environments.   |

Young children thrive in nurturing environments that encourage imagination and discovery. Vibrant colors and natural elements stimulate their minds, while floor-level learning opportunities and tactile play engage their bodies. Casual zones with right-sized furniture and browsers help them connect with each other and explore independently.

Take learning beyond school walls! A connection to the natural world adds new dimensions to education, boosting kids' development and well-being. Create a permanent outdoor oasis with furniture designed to withstand the elements or choose portable work surfaces and seating that can move inside or out with ease. When your outdoor spaces are dull or weather is an issue, use a carpet in organic shapes, colors, and textures to provide the same benefits as natural green space.

Let's hear it for student choice!  
Common areas see a lot of different activities throughout the day. With small-group breakouts, one-on-one tutoring, and after-school hangouts all happening in one place, you need a variety of versatile furniture. Use a mix of seating options and work surfaces to let learners choose what they need when they need it.

Crafting impactful library experiences for students starts with creating spaces that reflect their bright and curious minds. Think outside the box, using vibrant colors and organic shapes to bring each corner to life. Promote independent exploration with reading nooks and accessible browsers, and encourage collaboration with room for storytime and interactive activity stations.

The cafeteria is your school's hidden gem. Its oversized space can transform into many things that a standard classroom can't: a casual commons, a hub for after-school activities, an inviting place for community groups, and more. Maximize the possibilities with mobile and flexible furniture that adapts to suit groups of any size and stows out of the way when open floor space is needed.

*“I could not have asked for a better designer, a more pleasing installation process, or higher quality furniture.”*

— Morris Lyon, Superintendent,  
Hawkins Independent School District, TX

## STEP 1

### Needs assessment

To start, we'll pool our knowledge and expertise to uncover and understand your needs, and we'll identify your goals and project timing. Our experts have years of experience using technology to connect with clients across the country.

## STEP 2

### Design development and product consultation

We'll help you find the perfect pieces, colors, and finishes from our selection of over 30,000 furnishings. Our passionate interior designers use innovative 2D, 3D, and virtual reality design tools to bring each personalized plan to life.

## STEP 3

### Project management and installation

Along with your project partners, we'll handle all the details of your project, including coordinating with architects, vendors, general contractors, and local installers to ensure that you're ready to open on schedule.

## STEP 4

### Ongoing support

We'll stay connected and provide ongoing support to make sure your new space meets all your goals and is a place your community can thrive for years to come.

Staff offices are the behind-the-scenes engine of your school and provide a home base for the people who set the tone. Give them what they need to succeed!
