

CENTRAL SQUARE SCHOOL DISTRICT LEAD IN THE DRINKING WATER REMEDIATION PLAN

Locations with results over the action level of 15ppb will have one or several of these actions taken:

- Be removed from service permanently
- Have one or all of these parts replaced:
 - *Aerator*
 - *Sink fixture*
 - *Supply lines*
 - *Shut off valves*
 - *Exposed copper fittings that have been soldered*
- Have a sign posted stating :
NONPOTABLE WATER, DO NOT DRINK, ONLY USED FOR HAND WASHING
- Retested after remediation efforts have been completed.
