September 8, 2015

Unaudited Actuals and September Budget Overview

During the months of May and June each year, the District finalizes its new budget for the coming year. By September 15 of each fiscal year, the District closes its financial books on the previous fiscal year and updates the budget for the new year based on the latest information from Sacramento. A big part of making adjustments in the September Budget is based on the final State Budget. Additionally, a series of assumptions about the conditions of the District must be determined. These assumptions are then inserted into State and District formulas in order to determine what to modify in the District's Budget. The impact of the State Budget on the District's financials were presented as required within 45 days after the adoption of the State Budget. During the year, the District will present two additional reports (Interim Reports) to the Board of Trustees which are essentially updates to the Budget. The First Interim Report is presented in December and the Second Interim Report is submitted in March of each fiscal year.

This report includes three major pieces:

1. A narrative regarding current fiscal considerations, budget assumptions and budget projections for the upcoming fiscal year.
2. The state-required Standardized Account Code Structure (SACS) budget report forms, which include a variety of financial facts and figures
3. Final Unaudited Actuals for other District Funds.

State Information

In January 2015, the Governor's proposed 2015-16 Budget made a generous increase to ongoing education funding closing the Local Control Funding Formula (LCFF) gap by 32.19%. In the May Revise Budget, the Governor proposed an increase to the LCFF funding to 53.08%. The ultimate percentage increase to the LCFF was not released until the Governor signed the State Budget. The final LCFF percentage for 2015-16 came in at 51.52%. Based on this figure, the projected increase in State funding for the Central Union High School District increased by approximately \$2,000,000 dollars over the January Budget. The ultimately the Governor provided a total of \$6.0 Billion in additional LCFF funds. This amount of LCFF gap funding should diminish over the next few years as districts get closer to their LCFF Target Funding.

Additionally, the Governor's 2015-16 State Budget provided an additional \$3.2 billion state-wide for education funding based on unanticipated 2014-15 revenue. This funding is treated as one-time discretionary dollars and the funding will be distributed based on Average Daily Attendance (ADA). An issue not addressed in the State Budget is the continued concern of increased retirement costs for CalSTRS/CalPERS. Also, under the SB 858 "Rainy Day Fund", the Governor did not address the growing concern over the Local Reserve Cap and the limited amounts that school district's may be required to retain as reserves.

Local Control Funding Formula (LCFF) & Local Control Accountability Plan (LCAP)

One of the main principals of the new funding model is to target funding towards meeting the needs of disadvantaged students that are identified under the following three categories: English Language Learners, Low Income Students (pupils eligible for free and reduced price meals), and Foster Youth. The targeted students are referred to as unduplicated pupils under the LCFF.

The targeted funding for these students are called Supplemental and Concentration Grant Funds and is based on the percentage of unduplicated students identified in the three categories stated above. Districts are to

target these particular funds based on the Local Control and Accountability Plan.

The Local Control and Accountability Plan and Annual Update or what is commonly known as LCAP is the accountability mechanism of the LCFF and is a planning tool that delineates how the district will meet identified needs, specified goals, and lists the services and actions necessary towards achieving those goals

The main principle of the LCAP is to show **how** the district will provide increased or improved services to English Learners, Low-Income and Foster Youth students under the supplemental/concentration grant. The proposed 51.52% included in the Governor's State Budget also modified the Minimum Proportionality Percentage (MPP) which is the percentage by which services for unduplicated pupils must be increase/improved as compared to all pupils being served. The CUHSD's percentage of unduplicated students enrolled in our District averaged over a two year period is 75.59%. The targeted funding estimated for Supplemental and Concentration Grant Funding in 2015-16 is \$6.0 million.

A summary of the Central Union High School District's estimated LCFF & LCAP MPP % is shown below:

	2014-15	2015-16
Estimated Base Grant*	\$31,261,152	\$33,540,313
Estimated Supplemental/Concentration Grants	\$3,185,558	\$5,996,173
Estimated Total LCFF Funding	\$34,446,710	\$39,536,486
Minimum Proportionality Percentage (MPP)	10.26%	18.04%

*Calculated Based Grant excludes Targeted Instructional Improvement Block Grant & Home to School Transportation Funding as per the MPP calculation.

Enrollment/Attendance - History and Projections for 2015-16

The most significant characteristic for determining a district's State revenue is the calculation of the average number of students that are in attendance on a daily basis through-out the year. The State does not pay the District for enrollment, just actual student attendance. State revenue especially under the Local Control Funding Formula will be lost unless the student attends every school day. The annual enrollment count is taken in October for that school year and is used for estimating staffing and facility needs. This enrollment count is called the October California Basic Educational Data System (CBEDS) count. The projected enrollment for the Central Union High School District for 2015-2016 is currently 4,061. This is a projected decline of 45 students from the 2014-2015 enrollment figure of 4,106. As of the beginning of the new school year, the District is experiencing enrollment around 4,129. This amount is slightly higher than projected when developing the July 1, Budget and hence the October CBED count may be up.

ADA (average daily attendance) is the most important part of the District's income as this funding accounts for **94.8%** of the total funding for the Unrestricted General Fund. Even small fluctuations in the District's ADA can mean tens of thousands of dollars as a gain or loss in revenues. The District's attendance records are monitored monthly and ADA is updated throughout the year to ensure maximum State funding and that projected revenue come within budget. A 1% fluctuation in district attendance equates to a gain or loss of **\$383,047**. Currently, the District's ADA percentage to enrollment is **94.52%**. The 2013-14 State-wide ADA percentage for High School Districts was **95.61%**.

One thing to note is that the Average Daily Attendance data is not reported in the same way that it was in previous years which is now based on changes under the Local Control Funding Formula (LCFF). Continuation, Opportunity, Home or Hospital, and Special Day Class ADA are all reported with regular ADA under LCFF. Also, Mandatory Expelled is now reported by the county office of education and no longer attributable to the district of residence.

The P-2 ADA for 2014-15 was 3,880.41 which is up by 29 over 2013-14 levels. For 2015-16, the projected ADA is based on using a four year average attendance percentage times the projected 2015-16 enrollment figure of 4,061. This calculates the projected P-2 ADA for 2015-16 to be 3,846.21. The graph in Table 1 below provides an illustration of the ADA-to-Enrollment history for the Central Union High School District.

Table 1

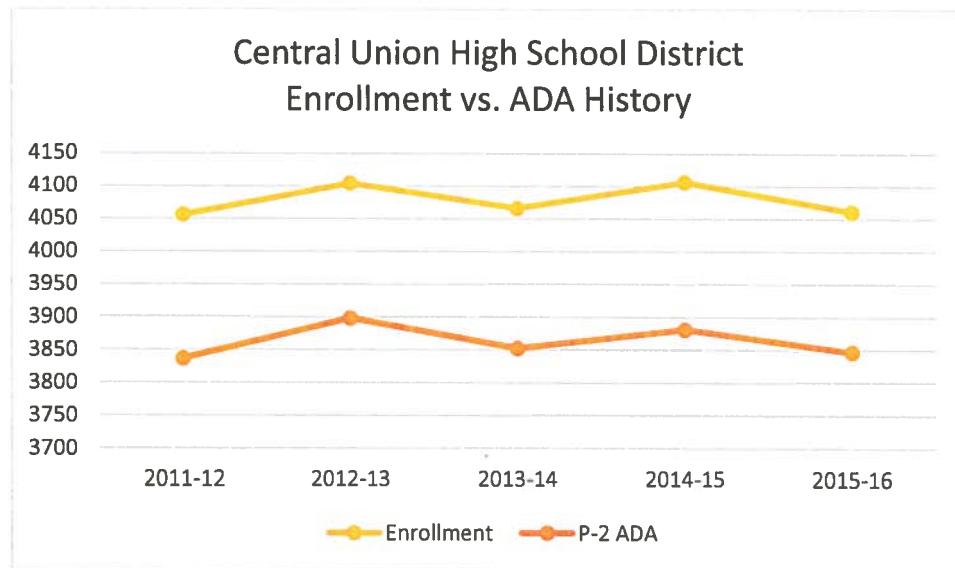

Table 2 below is the same ADA-to-Enrollment history that provides the attendance and enrollment figures by year for the District. For 2015-16 funding, the District will use the 2014-15 P-2 ADA due to the fact that it is larger than the projected current year ADA.

Revenue and Expenditures

For 2014-15, total revenues for the combined Unrestricted & Restricted General Fund Budget are projected to exceed expenditures by \$1,642,147. In other words, there is an increase in the General Fund Balance for 2014-15 by \$1,642,147. This is basically due to actual expenditures coming in lower than expected and the additional funding provided by the State as one-time discretionary funds. In 2015-16, the LCFF revenue amount is projected to increase by approximately \$5.0 million over 2014-15. Of that amount \$2.8 million is designated to be spent on the students that generate the Supplemental and Concentration Grants. Given the large increase in LCFF funding due to the large increase in the gap %, the District is foreseeing an increase in the General Fund Unrestricted Ending Balance by \$892,413.

Under the category of Other State Revenues, we were anticipating receiving approximately \$180/ADA in one-time discretionary funds as part of the 2015-16 Budget. This was originally budgeted based on the Governor's January Proposed 2015-16 Budget. Given that we now have a final State Budget, the estimated amount for this funding rose to \$528/ADA. This increased our projected unrestricted revenue by an additional \$1.2 million for the District's 2015-16 Budget. Also, The District will not participate in the Mandated Block Grant Program and will be receiving \$56/ADA or \$217,303 in 2015-16 to cover mandated claim expenses.

For 2015-16, Expenditures and Other Outgo are projected to increase by \$5.9 million in the Unrestricted General Fund while the budgeted Restricted expenditures remains relatively the same as compared to 2014-15. The large part of the expenditure increase is due to negotiated settlements with the El Centro Secondary Teachers Association and the Classified School Employees Association. The 2015-16 Budget also includes projected on-going usual expenditure increases like step and column, utilities and services. Additionally, the District entered revenues and offsetting expenditures for the new GASB 68 pension reporting as required by the State. The accounting adjustment of \$919,788 is included in the Employee Benefits Category as a "State's On-Behalf STRS Contribution." This is done in order to recognize the State's portion of CalSTRS on our financial statements.

There was a decrease in the budgeted Restricted expenditures in the Books and Supplies category due to several one-time expenditures that occurred in 2014-15 like Common Core State Standards expenditures, Program Improvement dollars, Microsoft voucher purchases, and Partnership Academy expenditure. The projected expenditures for Services and Other Operating Expenditures did increase for 2015-16. Included are two new budget items. Those include the Prop. 39 Energy/Light Project for the District (\$983K) and half of the proposed new Athletic Special Project Grants for each school site (Half of \$225K or \$112.5K). The other half of the project grant expenditure is included in the Books and Supplies category.

As for the Capital Outlay Category, the budget includes the \$217,160 in support of the estimated cost of providing facilities for the Phoenix Rising Program. This amount is above what has been budgeted within the LCAP budget for the program. Additionally, the budget includes \$600,000 as a budgeted figure for the new location and construction of the IT Department facility.

Included in the Other Outgo portion of the budget is the increased LCFF funding that the District will be transferring to the Imperial County Office of Education for services provided for our Special Education and Alternative Education students (+\$133K). These particular students are counted as "district of resident" under

our District's student data for LCFF. Some considered these funds as pass-through funds for the Imperial County Office of Education's services.

The District's major contributions to programs continue to include Special Education and Routine Restricted Maintenance but will now include a one-time outlay to cover the Proposition 39 Energy Efficiency Project that is anticipating to be completed at the end of December 2015. The District has received Prop. 39 funds and is anticipating additional funds in 2015-16 for a total in hand balance of approximately \$525,000. The projected project cost is \$949,000 and an Energy Manager Service agreement for two years at a cost not to exceed \$17,337/yr. The District is proposing to pay the difference from funds available in 2015-16 until the State apportions the full \$843,990 approved for the project.

The budgeted Interfund Transfers Out category includes the amounts listed in the District's Facility Improvement and Capital Renewal Plan for 2015-16. This plan or schedule is based on the previous Deferred Maintenance Program and includes repair, replacement and capital improvements such as painting, plumbing, heating/ventilation/air conditioning equipment, paving/cement work, electrical, roofing and door locks & rekeying. The planned cost for the scheduled improvement projects for 2015-16 is approximately \$1.2 million.

In addition to the facility improvements, the District budgeted \$500,000 to transfer to Fund 20 in order to continue its efforts in terms of addressing the Other Post Employment Benefits (OPEB) unfunded liability. In the District's OPEB Actuarial Report for June 30, 2013, the stated unfunded liability at the time was estimated to be \$7.57 million.

As indicated in the July 1 Budget, expenditures increased over the 2014-15 fiscal year due to new initiatives included in the Local Control Accountability Plan (LCAP). The LCAP expenditures for Supplemental/Concentration in 2014-15 was \$2.9 million. This budget amount increases to \$6.0 million in 2015-16. This is due to the additional estimated Supplemental and Concentration Grant fund dollars the District is anticipating receiving based on the revised gap funding rate of 51.52%.

CalSTRS/PERS Funding Plan

In 2014-15, the Governor estimated that there will be \$450 million more contributed to CalSTRS through a combination of increasing employee contribution rates, increasing employer contribution rates, and \$73.2 million from the State. This was an attempt to close CalSTRS's \$73.7 billion unfunded liability in the retirement system. The current CalSTRS's employer rate schedule anticipates increases by 1.85% annually until it reaches 19.10% in 2020-21. Table 7 illustrates the rate increases over time for both employer and employees.

Table 7 – CalSTRS Rate Schedule

Year	Employer	Pre-PEPRA Employees	Post-PEPRA Employees
2015-16	10.73%	9.20%	8.56%
2016-17	12.58%	10.25%	9.205%
2017-18	14.43%	10.25%	9.205%
2018-19	16.28%	10.25%	9.205%
2019-20	18.13%	10.25%	9.205%
2020-21	19.10%	10.25%	9.205%

The current CalPERS employer rate of 11.771% is projected to increase by 0.76% in 2015-2016 and then increase by an additional 1.20% in 2016-2017 and by 4.83% in 2017-2018. In the budget and multi-year projections, we have included the proposed increases to STRS/PERS employer contributions at an annual estimated cost of between \$400 and \$500 hundred thousand. The impact of these increases is astounding since each rate compounds annually until 2020-21.

Table 8 – CalPERS Rate Schedule

Bargaining Units

The District has settled with both the El Centro Secondary Teachers Association and the Classified School Employees' Association for the 2014-15 fiscal year. On June 1, 2015, the District and ECSTA finalized a Tentative Agreement (TA) that comprised of an on-going 7.55% salary scale increase for all members employed in the 2015-16 fiscal year. The agreement also included a 2.45% on-going cost to increase the current Health & Welfare cap to the new H&W Plan B premium. The total compensation costs encompassed within the approved agreement is included in the 2015-16 Budget.

Additionally, the District settled 2015-16 with the Classified School Employees" Association for a total salary increase of 9.0%. Also, the Board of Trustees approved a salary and benefit increase for Certificated Management (5.5% plus increase H&W cap) and a 9.0% salary increase for Classified Management. The total cost of salary and benefit increases for 2015-16 is \$2.6 million.

Reserves

The District is projecting increases in the Unrestricted General Fund reserves by \$892,416 in 2015-2016. The District is anticipating a deficit in the Restricted Ending Fund Balance by (320,687). Total General Fund Ending Fund Balance for 2015-16 is projected to be \$14,653,094 for which \$1,260,540 is designated as Restricted. This is a 4% increase in fund balance over the 2014-15 fiscal year.

Cash Flow

The District's cash flow continues to improve as a result of the elimination of State Deferrals and increases in State Funding. The district is projecting to maintain a positive cash balance with adequate reserves in 2015-2016.

Other District Funds

Adult Education Fund

In 2013-14, the State categorical funding portion of the Adult Education Program was folded in as part of the LCFF. The Adult Education Program that is funded by the State is being spent within the District's General Fund. The Adult Education Fund receives direct funding for the federal General Education Diploma (GED) Program and the Adult Basic Ed & English as a Second Language Program. The Fund is currently receiving approximately \$126 thousand for each of the above stated programs annually in support of the Adult Education Program. The projected Adult Ed. Fund Balance for 2015-16 is a healthy \$488,017.

Cafeteria Fund

In 2014-15, the Cafeteria Fund Ending Fund Balance decreased by \$63,998. This is due to lower than anticipated Federal and Local Revenues. The District is also projecting a deficit for 2015-16 in the amount of (\$79,546). This deficit is due to adding an additional Level III Food Service tech, adding an OPEB payroll rate for retiree costs and conservatively budgeting revenue claims for the program.

Deferred Maintenance Fund

Beginning In 2013-14, the LCFF funding included the State's portion of the Deferred Maintenance Program. In 2014-15, the District transferred \$500,000 for repair and replacement of facilities and equipment. The District is implementing the Facility Improvement & Capital Renewal Plan that outlines improvements over the next five (5) years. The District is proposing to transfer approximately \$1.2 million from the Unrestricted General Fund in 2015-16 to begin the scheduled improvement projects.

Capital Facilities Fund

This fund is used primarily to account separately for monies received from fees levied on developers as a condition for approving a development and for the receipt and disbursement of redevelopment monies from redevelopment agencies. Revenues from developer fees are to be used for the construction/reconstruction of school facilities. The projected expenditures for 2015-16 is \$245,948.

Special Reserve Fund for Capital Outlay Projects

The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of moneys for capital outlay purposes. Projected revenues are derived from interest earnings on the existing cash balance in the fund. This Fund was used to accumulate funds for the purchase of land for a new high school. The final payment for the property was made in December, 2014 in the amount of \$1.9 million. The projected balance of funds available for expenditure in the 2015-16 Budget is \$21,860.

Special Reserve Fund for Postemployment Benefits

This fund was established in order to set aside funds towards the District's obligation of supporting retiree benefits. The District's latest Actuarial study (as of June 30, 2013) reported that the District's unfunded liability had reached \$7.5 million. The District is prudently setting aside fund to meet this outstanding liability. Projected Ending Fund Balance for 2015-16 is \$1.6 million.

Conclusion

Given all of the current information and conservative projections, the 2014-15 Unaudited Actuals and 2015-16 September Budget is presented in good order for a Positive Certification.

 Local expenditures only

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to local only MOE standard, combined state and local MOE standard, or both.

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

List exempt reductions, if any, to be used in the calculation below:

Total exempt reductions	0.00	0.00

SELPA: (???)**SECTION 2 Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205(d))**

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

SECTION 3

	Column A	Column B	Column C
	Actual Expenditures FY 2014-15 (LE-CY Worksheet)	Actual Expenditures FY 2013-14 (LE-PY Worksheet)	Difference (A - B)
A. COMBINED STATE AND LOCAL EXPENDITURES METHOD			
1. Total special education expenditures	2,839,672.82		
2. Less: Expenditures paid from federal sources	765,712.14		
3. Expenditures paid from state and local sources	2,073,960.68	1,678,981.34	
Less: Exempt reduction(s) from SECTION 1		0.00	
Less: 50% reduction from SECTION 2		0.00	
Net expenditures paid from state and local sources	2,073,960.68	1,678,981.34	394,979.34
4. Special education unduplicated pupil count	358	362	
5. Per capita state and local expenditures (A3/A4)	5,793.19	4,638.07	1,155.12

If one or both of the differences in lines A3 and A5, Column C, are positive (current year state and local expenditures, in total or per capita, are greater than prior year's net state and local expenditures), the MOE requirement is met; Part B can still be reviewed.

If both lines A3 and A5, Column C, are negative, the MOE is not met based on combined state and local expenditures, and Part B must be reviewed.

SELPA: (??)**B. LOCAL EXPENDITURES ONLY METHOD**

	FY 2014-15	FY 2013-14	Difference
1. Last year's local expenditures met MOE requirement:			
a. Expenditures paid from local sources	1,011,647.98	609,407.12	
Less: Exempt reduction(s) from SECTION 1		0.00	
Less: 50% reduction from SECTION 2		0.00	
Net expenditures paid from local sources	<u>1,011,647.98</u>	<u>609,407.12</u>	<u>402,240.86</u>
b. Per capita local expenditures (B1a/A4)	<u>2,825.83</u>	<u>1,683.45</u>	<u>1,142.38</u>

If one or both of the differences in Column C are positive (current year local expenditures, in total or per capita, are greater than prior year's net local expenditures), the MOE requirement is met.

If both of the differences in Column C are negative, the MOE is not met based on local expenditures only.

After reviewing all sections of this form, please select which of the above methods your LEA chooses to use to meet the 2014-15 MOE requirement and make the selection on Page 1.

SELPA: (??)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2015-16 Budget by LEA (LB-B) and the 2014-15 Expenditures by LEA (LE-B) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

After reviewing all sections of this form, please select which of the following methods your LEA chooses to use to meet the 2015-16 MOE requirement.

Combined state and local expenditures

Local expenditures only

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to local only MOE standard, combined state and local MOE standard, or both.

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

List exempt reductions, if any, to be used in the calculation below:

SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205(d))

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

A. COMBINED STATE AND LOCAL EXPENDITURES METHOD			
1. Total special education expenditures	<u>2,810,699.69</u>		
2. Less: Expenditures paid from federal sources	<u>765,711.14</u>		
3. Expenditures paid from state and local sources	<u>2,044,988.55</u>	<u>2,073,960.68</u>

5. Per capita state and local expenditures (A3/A4)	<u>5,712.26</u>	<u>5,793.19</u>	<u>(80.93)</u>

If one or both of the differences in lines A3 and A5, Column C, are positive (current year budgeted state and local expenditures, in total or per capita, are greater than prior year's net state and local expenditures), the MOE requirement is met; Part B can still be reviewed.

If both lines A3 and A5, Column C, are negative, the MOE is not met based on combined state and local expenditures, and Part B must be reviewed.

SELPA: (??)**B. LOCAL EXPENDITURES ONLY METHOD**

	Budget FY 2015-16	Actual FY 2014-15	Difference
1. Last year's local expenditures met MOE requirement:			
a. Expenditures paid from local sources	1,019,554.67	1,011,647.98	
Less: Exempt reduction(s) from SECTION 1		0.00	
Less: 50% reduction from SECTION 2		0.00

If one or both of the differences in Column C are positive (current year local expenditures, in total or per capita, are greater than prior year's net local expenditures), the MOE requirement is met.

If both of the differences in Column C are negative, the MOE is not met based on local expenditures only.

After reviewing all sections of this form, please select which of the above methods your LEA chooses to use to meet the 2015-16 MOE requirement and make the selection on Page 1.
