Prodcue RFP Questions

Question 1:

For the pricing is it a fixed price for in season and fixed price for out of season for the life of the contract? or is it coast plus pricing?

Answer:

Below is the wording from the RFP found on page 4 section III labeled Scope of Services. The pricing would be fixed pricing for both in and out of season for the term of the contract which would be on an annual basis.

If you have any further questions please let me know.

This RFP requests firm fixed pricing for the Term. For purposes of award review, the price quoted must be your 2022-2023 pricing. The District reserves the right to request verification of pricing, including but not limited to, invoices from different school districts or customers with delivery to multiple locations. The selected vendor shall submit a new price list prior to each renewal, if any, that will be the fixed pricing for the year indicated.
