The District recognizes that convenient access to relevant pupil information through improved opportunities for teachers to work at home on activities related to grading and home contacts contributes positively to teacher effectiveness and quality of the work environment. Therefore, the District shall allow for teachers to be granted access to the Aeries Browser Interface (ABI) system on their home computer provided that they assure the following:

- I acknowledge that student confidentiality is of the utmost importance and that allowing for any conditions in my home which may result in a breach of said confidentiality shall not occur.
- At any time, should I leave my computer unattended for any amount of time, I will log off of the ABI system and log on again upon my return.
- Under no circumstances will I reveal my system password to any other person for any purpose.
- I understand that failure to maintain system security at all times constitutes a violation of the Family Education Rights and Privacy Act and will result in termination of my right to access the ABI system from my home and may result in further disciplinary action.
