

# Overview of Employee New Experience

## Employee Experience: Home Page

### When is it coming?

Later this year!

### Why does it help you?

- It provides a streamlined and intuitive user interface
- It makes it easier for employees to create an absence
- The mobile app enables creating and reviewing absences on the go!

1 You can **easily find your upcoming and past absences**, and their status, right on your home page!

The screenshot shows the 'Absences' page in the SmartFind Express system. The page has a dark blue header with the 'Unified Talent SmartFind Express' logo and user profile 'JS'. A left sidebar contains navigation icons for 'Absences', 'My Calendar', 'Reason Balances', and 'Preferred Substitutes'. The main content area is titled 'Absences' and features a 'Create Absence' button (callout 2). Below is a table of absences with columns for Status, Reason, Location, Start, End, Substitute, Instructions, and Duration. The table lists five absences: Professional Development (12/01-12/12), Professional Development (11/22-12/12), Personal Leave (9/12-12/12), Approved Time Off (9/02-12/12), and Funeral Leave (9/01-12/12). A pagination bar at the bottom shows 'Results 1-10 of 45' and a page number '10' (callout 4). A top right corner contains a notification bell with '5' (callout 5), a help icon, and a user profile icon.

2 You will also have a **new and improved absence creation** flow that will be more streamlined and easier to use!

3 You can also enjoy a **more interactive and user-friendly calendar** to track and schedule your absences.

4 If you **need to edit or cancel an absence**, you can select the absence and perform those actions while never leaving the home page!

5 Finally, **all of the settings, notifications, and features** you enjoyed in the old interface will be on the new one!
