Where Terriers Create!

Each project will be graded according to the following rubric. Projects will be worth either 50 points or 100 points.

Please NOTE:

The Project Rubric remains the same for EVERY project. However, the **CRITERIA** changes according to the lesson objective.

Project Rubric:

Criteria (40%)

Project demonstrates style and/or skill being taught.
Project follows and completes instructions.

Care (30%)

Projects are expected to be presented with CARE. Care and neatness are all about presentation. CARE demonstrates that student did not rush to finish the assignment and student is INTENTIONAL about the work. Project should be free of smudges, holes, tears, and stray marks.

Creativity (20%)

Work is original, detailed, and takes "chances."

Complete (10%)

Projects will only receive full credit if completed and uploaded to Google classroom ON TIME with the student's FULL name and class period LEGIBLY written in the bottom right corner (basically you can't get an "A" if your project is not finished on time).
