

ELEMENTARY LEARNING GRADES K-5 (STUDENT & PARENT)

Studies Weekly: A Resource for Social Studies and Science.

- All CCPS students K-5 will be utilizing the digital platform for *Studies Weekly* for Social Studies and *Science Weekly* to supplement Science.
 - Please review the following documents for program basics:
 - [Parent Information Letter](#)
 - [Studies Weekly Online Student Reference Guide](#)
- Parents are encouraged to set up a Parent Account using the directions in the document below:
 - [Creating a Parent Account](#)
- Students can access *Studies Weekly* through the *Studies Weekly* icon in their Classlink Launchpad.

- As *Studies Weekly* is automated, students have already been placed in their teacher's class.
- Teachers will communicate with students as to which *Studies Weekly* unit they want students to engage with, to include which articles, videos, and games, prior to assigning a Test.
- *Studies Weekly* provides online testing for each weekly unit. Not only are teachers able to activate these tests when they are ready for students to take them, but they can modify the premade assessments in order meet their needs.
- Teachers will communicate with parents and provide them with the help they need while their children are working from home.
