4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

This year was our opportunity to see what we need to change with a more regular year in place. We still don't have many activities outside of sports that an ASB card is perceived as being needed. We will be working on better communication through Remind/emails, website, school newsletter and new student packets to improve communication regarding ASB cards for the upcoming year for our NSLP students. We will also look into conducting a student/family survey.
