Building a Legacy of Leadership and Service

Volume 15, Issue 8

News from the Flight Deck:

It has been another great week of learning here at Cal Aero. As we walk through classrooms we consistently observe our fabulous Aviators highly engaged in the lessons their teachers are presenting. On Wednesday, we collectively held a moment of silence to honor the victims of 9/11 and our 8th graders engaged in a deeper discussion of the events in their history class.

This Saturday we have a special dine out fundraiser hosted by the PTO, please see page 3 of this flyer for more information funds from this event will go directly to programs for our students on campus.

One of our missions here at Cal Aero is to teach and model the ideas of leadership and service. Coming September 27th our Aviators have a chance to serve our community by participating in an event coordinated with the "The Let it Be" foundation to help spread awareness of childhood cancers. Please see the following page to learn more about this event.
